Farmer Blackburn Killed by An S. P. Train.

REMAINS SCATTERED FOR A BLOCK

Terrible Accident in Oregon City in Daylight.

OREGON CITY, July 18.—Mark Blackburn, a Springwater farmer, was killed at the Southern Pacific crossing in this city at 11 o'clock this morning and his son Elmer was severely injured. A special train emerged from the cut at Tenth street, frightening Blackburn's team, which ran directly upon the pilot of the locomotive. Blackburn and both horses were ground under the train, and the remains scattered half a block.

Secret Societies.

GALESBURG, Ill., July 18.—A sensation prevails here in Pythian circles over the order asking the Catholic Knights of Pythias to renounce the organization. College City lodge, the strongest one here, has many Catholic members, and a number of them are averse to leaving their order. A prominent knight who conferred with Monsignor Satoll in Washington, says a movement is on foot to secure a rehearing by the pope and a revocation of the decree.

Young Gladstone Wins.

LONDON, July 18.—The contest at Leeds between Herbert Gladstone and North, the so-called nitrate king, was the most interesting of the day's series. Intense anxiety was felt among the liberals as to the result, and an immense concourse of politicians remained at the National Liberal Club until nearly 2 o'clock this morning to hear the figures. Young Gladstone's success was some consolation for the unbroken series of 14 unionists wins during the day.

Silver Agitators.

CHICAGO, July 18.—The executive committee appointed by the recent silver convention of Memphis met in conference with members of the bimetallic league, ex-Congressman Sibley being chairman. The issue discussed was the advisability of separate political action next year. No definite action was taken. It is expected that another meeting will be held tomorrow.

Entombed Miners.

IRON MOUNTAIN, Mich., July 18.—No positive information as to the safety of the entombed miners at the Ferris mine can be given. Slow progress is being made through the mass of ore, broken timbers and rocks. Edward Webb, J. Bowden, Peter Calson, and John Johnson are among the entombed. The names of the other five are unknown.

Harrison Denies.

A FATAL FIRE.

Two Firemen Killed—Loss Will Amount to \$200,000.

CINCINNATI, July 18.—Wednesday afternoon an alarm of fire was turned in for a big fire in the five story gray and feed warehouse of J. H. Hormeson & Co. at Walnut and Water streets. It spread so rapidly as soon to threaten the entire block bounded by Walnut, Water, Vine and Front streets, and another alarm soon called out the whole department. The flames at times came very near reaching the buildings across the streets. Besides the loss of property two firemen are dead and eighteen injured.

It is believed the fire originated from a match or cigar stump thrown carelessly in the hay. The warehouses went up like an explosion. Then they spread to the Nelson, Morris & Co. stables, but their large warehouse stood fireproof. George O. Brown had 8000 bags of peanuts in his large warehouse. They burned like shavings, and with the building went the large warehouse of Seaman & Co., which was full of leaf tobacco. Then the walls fell, and the fire spread in all directions, damaging the Western Dressed Pork company and Henry Heil & Sons. The total loss amounts to \$200,000.

At 2:30, the front street wall fell, killing two and wounding six firemen. Simpson, the bookkeeper, was injured internally. Simpson jumped from a second story window.

The dead are: Captain W. Michael, fire company No. 25; Thomas W. Wisbey, pipeman, company 8. Lieut. F. B. Nowan, of company No. 2, was dangerously injured.

BUNCOE MEN SENTENCED.

Will Serve Time in San Quentin Penitentiary.

JOURNAL readers will remember of having read in its columns last winter an account of an industrious Linn county farmer being swindled out of \$2000 by three bunco men from California. Officers were at once put on track of the men and after some excellent detective work, succeeded in arresting the sharpers at Portland a few days later. Sheriff Cunningham, probably the oldest sheriff living, who now occupies that position in Sacramento county, came at once to Salem, secured the necessary papers from the governor and proceeded to Portland, where he secured his men. They were taken to Stockton immediately where they were wanted to answer for the charge of robbing \$2000 from a farmer in that vicinity.

J. B. Green, better known as "crooked mouth" Green, on account of a deformity in that organ, and J. T. Gray were tried and convicted of the crime and the time for passing sentence fixed for August 10. An Examiner dispatch from Stockton dated Monday, July 15, has the following: "When the case of the people against Clinton H. Smith, the third of the bunco trio that robbed Jacob Brack out of \$2,000 on the old-time lottery game, was called in the superior court this morning, the defendant announced his intention to change the plea of "not guilty" which had been interposed and enter one of "guilty." In doing so he was actuated by a desire to save the county the expense of the trial and also thereby, if possible, lessen the severity of the sentence imposed upon him."

Each of the bunco men entered a plea asking for leniency and that they might be confined in the San Quentin penitentiary. Judge Hadd then read their terms of imprisonment as follows: J. B. Green, five years; J. T. Gray, five years; and Clinton H. Smith, four years.

SUN DANCE TERRORS

Wyoming Indians Wild and Unmanageable.

THE SETTLERS ARE ORGANIZING.

Cattle "Rustlers" in Nebraska Being Rounded Up.

LANDER, Wyo., July 18.—There is much uneasiness in this city over the condition of affairs at Jackson's Hole. The Indians, it is reported, have sent across the range to the head of Green river for reinforcements. A considerable body is holding a sun dance at that point. Judge Jay L. Torrey, speaker of the house of representatives, has sent the governor messages as follows: "Please authorize me to organize a force to go immediately to the relief of our fellow citizens at Jackson's Hole. I can be there with a force in forty-eight hours."

WASHINGTON, July 18.—The commissioner of Indian affairs has sent the following dispatch to agents of the Shoshone and Bannock reservations in Wyoming and Idaho: Mr. Teter, Indian agent, Pocahontas, Wyo.—Gov. Richards, of Wyoming, telegraphs that nine Bannock Indians belonging to Fort Hall agency, are arrested, and one killed, on or about the 15th inst., at Maryvale, Uintah, Co., Wyo., for wantonly killing game. Also that many other Indians are threatening lives and property, and that settlers are moving away. Proceed at once to the scene of trouble. Do all in your power to prevent an open conflict. Advise me immediately. If you have any information now telegraph same to me before starting.

The following reply was received from Agent Teter at Fort Hall reservation: "In answer to your telegram of the 15th, I will state that on the 13th inst., I received information that Indians were killing game unlawfully in Wyoming. I immediately sent my police force in Wyoming to bring back the Indians belonging to this reservation. The captain of the Indian police sent back the policemen who arrived today, and stated that one Indian had been killed by the settlers, and from other sources I hear that several Indians have been killed. I leave for the scene of trouble at once."

Hunting the Rustlers. SPRINGVIEW, Neb., July 18.—Four rustlers have been captured by vigilantes and have been jailed here. The people are up in arms now. Vigilance committees are being organized and cattle rustlers from this on will be tagged.

OREGON'S SUMMER RESORT.

Personals and Peculiarities at the Seaside.

Dr. R. H. Hovey, of Salem, a brother-in-law of Dr. Conrith, has an office with Dr. Bayley and is enjoying a growing practice. Newport is fortunate in having such a man.

James Walker, of Turner, has a camp on Nye creek. Mrs. Cannon and Mr. Perrin and Mrs. Morris and daughter, also Turner people, are camped here.

C. B. Miller, of Elk City, has a tent gallery at Newport and takes a very good picture.

Mrs. A. I. Wagner and daughters are nicely settled in the Stout cottage just on top of the hill above the Abbey house. Mrs. Dr. Jessup is expected as a guest for a few weeks soon.

Capt. Coulson, assistant superintendent of life saving service, of San Francisco; C. M. Cornell, of Oakland, assistant superintendent; A. D. Shorns, contractor of Portland, are here to erect the life saving station authorized to be erected by the last congress. It is to be located on South Beach and will cost about \$5,000 and eight men will be stationed there. It is to be finished by November 1st.

Mr. and Mrs. Abe McCully and baby are in Miss Brandt's cottage in Olmerville.

Mrs. Crane and daughter, Ethel, are in a cottage at Olmerville.

Postmaster and Mrs. Healy have used a bicycle for over a year on the beaches and say the ocean air and spray does not hurt a bicycle in the least. Their wheels are Atlas and Vespar and are as good as new.

Mr. Malone, of Portland, cashier of the First National bank, rode to Otter Rock and back Saturday on the beach and got no sand in his wheel. If riders will dismount in crossing creeks they will have no trouble in using a wheel on the beaches. There are wheels at Newport that have been used several years and no injury has resulted to them. This is contrary to the usually accepted theory.

Jos. Fontaine, with the State Insurance company, and Sam Foster, with Waters & Co., of Salem, are at Newport for an outing.

The Columbine, Capt. Richardson, U. S. light house service, has been here since Saturday, and his beautiful little steam craft has been visited by a great many of the summer guests and treated very nicely aboard.

Chas. Rice, of Salem, is at Newport for a short stay.

The Second Regiment band of Salem, came over with twelve men Tuesday and will remain for the season. They played to an immense crowd at the wharf. The Columbine was just starting out and the site was a beautiful one.

Horr vs. Harvey.

CHICAGO, July 18.—The third day of the Horr-Harvey silver debate opened at 11 a. m. today. The subject under discussion was what Harvey had characterized in his book as the "crime of '78," the demoralization of silver. After some miscellaneous sporting, Harvey charged corruption in the passage of the act demoralizing silver. Horr in reply repudiated the inference that the citizens in the United States were all corrupt, and claimed that the act was openly passed.

DEMOCRATS "SCARED."

Afraid to Permit Discussion of the Currency.

COMMITTEES REFUSE TO ACT.

Waiting to See Which Way the Cat Will Jump.

WASHINGTON, July 18.—Senator Faulkner, chairman of the Democratic national congressional committee, in reference to the report that Democratic orators are to be sent into the north-west under the auspices of the committee for the purpose of discussing the currency question, said today, "I have written Mr. Hazzard, who was said to have initiated the move for the tour, telling him the congressional committee could have nothing to do with the scheme. There is no campaign this year, and the committee does not feel called on to send orators through the country to discuss any question. If any one does go out as individuals and address the people that is another matter."
