ABOUT THE INDIANS.

An Indian is an Indian and a rattlesnake is a rattlesnake, and you might as well try to civilize one as the other.

Come off Snyder! History don't bear you out in the above statement respecting the Indian race.

The white man has broken a hundred pledges with the Indian, while the latter has broken one with the white man.

The facts are, the history of Uncle Sam's dealing with the Indian, is simply a page of broken pledges.

The Indian in his home is not naturally a saint by any means. On the other hand he is dirty, lazy and shiftless.

It is all wrong this old Jeffersonian idea of making silver money on its own hook.

Legal tender silver dollars would be just as good as gold and would not have to be redeemed in gold.

But that would ruin the business of the gold speculators. What they want is lots of paper and silver money redeemable in gold.

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance.

Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children.

Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quick nostrums which are destroying their loved ones.
