A McMinnville paper says Dr. G. S. Wright has within the past few days been letting himself out to see what he could do, and succeeded in smashing two records. He made a run of one-half mile in 1 minute, 5 1/2 seconds. The best time made before that distance was 1:30. Two miles he made in 4:57. The best time made heretofore was 5:10 2/5. So he lowered the half mile 3/2 second and the two mile 13 seconds—almost 1-4 of a minute. Both runs were made unpaired.

WANTED IN MICHIGAN.—Governor Lord today issued a warrant to Deputy Geo. Nungesser, of Portland, for the arrest of one Fred Green, who is wanted at Manistee, Mich., on charge of seduction.

LIBERAL.—There is nothing stingy about us. We give a pound of choice French mixed candy with every package of Epicure tea. Try it at once.—Gilbert and Patterson.

TOO BUSY.—We are too busy opening new goods to change our window this week. We have bought in the Eastern markets the largest and best selected stock of goods for the needs of our home people that we ever had. We purchased these goods early and secured every advantage of choice styles and low prices. We are receiving these goods now. They are opening up in fine shape. When they are all in and even now, we invite everybody who has supplies for the winter in the shape of dry goods, dress goods, cloaks, clothing, hats, men's women's and children's shoes to buy, to call and see us. We challenge any or all competition in the quality of our goods and in the lowness of our prices.

Blanket sale continued this week. Children's kid gloves still given away to purchasers till they are all gone.

RAILROAD ASSESSMENT.

A Communication From the Josephine County Judge.
County Judge W. C. Hubbard today received a communication from J. M. Chiles, county judge of Josephine county. The letter is dated Aug. 19: The letter contains statistics with regard to railroad assessment. By referring to Encyclopedia Britannica, Judge Chiles finds that up to 1889 the cost to build and equip a railroad to be \$62,000 per mile. Judge Chiles also wrote the Examiner to learn the aggregate assessment per mile in California. He received a reply to his inquiry a few days since, stating that the assessment per mile in that state for railroads is \$12,836.44. Continuing, Judge Chiles says:

"As far as I can hear, this year, the prevailing idea seems to be for us on this line of the road to assess at \$5000, which, according to California, is less than half. I would like to hear from you before the equalization board meets and give me your idea of a uniform rate. I feel that the railroad company will be the quicker satisfied when we arrive at that point."

ON THE RIVER.—The Steamer Gray Eagle, which left Salem for Independence at 8 a. m. Sunday, has not succeeded in yet reaching her destination. She is still stuck hard and fast on a bar about two miles above Eola, where she lodged about 11 o'clock Sunday morning. The MODOC, due in Salem last evening, on her trip up from Portland, had not reached the Capital city at 3 o'clock this afternoon, and is supposed to be wrestling with some of the bars on the lower river. At present the Willamette registers 8 feet above low water mark.

A PIANO MOVER.—The Salem Truck & Dray Co. has just received a Martin's patent piano truck for moving and hauling pianos, which will prove a boon to owners of instruments. With this ingenious invention one or two men can move any style of a piano with ease and prevent marring. With it an instrument can be taken up stairs or handled in the smallest quarters with ease and perfect safety. If you want a piano moved and not injured call on the Salem Truck & Dray Co. d22-1w

CONVICTS PARDONED.—Governor Lord yesterday pardoned Anton Nicholas, a Greek, received at the penitentiary in February, 1894, sentenced to five years for sodomy. His pardon was recommended by the district attorney and Judge McBride, who sentenced him. The other man is Robert Van Felt, who was sentenced to the penitentiary in September 1894, for one year. His sentence had expired and his pardon restored him to full citizenship.

WEST SALEM HALL.—This Wednesday evening there will be a big time at West Salem. There will be plenty of ice cream, and a Salem man will address the assembly in a fifteen minutes' humorous speech. The speech itself will not be worth much, but regular price for the ice cream. Bring your best girl and come along.

A BROKEN ARM.—The 12-year old son of J. J. Richardson, living on Asylum avenue, near Twenty-fourth street, fell from a tree yesterday afternoon, a distance of about 20 feet, striking on his head and shoulders, sustaining a broken arm. Dr. J. D. Shaw was called and reduced the fracture.

HEAVY TEAMING.—Owing to the boats being a little off, John Hughes is having some heavy freight drayed to Independence, overland, in order to fill some wholesale bills. The Salem Truck & Dray Co is doing the work.

NEWSPAPERS.—Sometimes boast of having no competitors, but boasting of and having none are two different propositions. Branson & Co. actually have no competitors in the grocery business, for their prices cannot be equalled.

GOING TO THE SEA COAST.—And to the mountains is a very good thing for invalids, but should you use our toilet soap, you would feel much better and would even be warding off sickness or so doing. Give it a trial.—Salem Soap and Chemical works.

WHEN THE TIME COMES.—To purchase a new suite, people wish to receive their money's worth. Anyone one in search of clothing and overcoat G. W. Johnson and Son makes a grand mistake. Our prices cannot be surpassed.

COFFEE COMPANY.—The Brazilian Coffee company, of Portland, today filed articles of incorporation with a capital stock of \$500,000. This is a Portland project, the purpose being to engage in coffee culture in Central and South America.

FOR A DIVORCE.—A divorce complaint was filed in the county clerk's office yesterday by Louise Kampman vs. William Kampman.

SHUT DOWN.—The state printing office shut down work today, in order to give the employes a month's time for a summer vacation.

Freshest vegetables and table delicacies always to be had at Sonnemann's, 124 State street.

LETTER FROM THE MAYOR.

The following communication from Mayor Gatch was referred to Mr. Murphy:

To the Honorable Council of the City of Salem: In compliance with your request of April 16 I have investigated the charges that the Fourth National bank of New York City make for their little service in buying our coupons, and recommend that we discontinue paying for such service.

The coupons in the issue of bonds sold to Rollins & Sons were very cutely made payable at this New York bank, probably at the suggestion of Rollins & Co. or their agent. The payment of the coupons in New York being solely for the convenience of the holder of the coupons, they (the holders) should pay for such accommodations, and not the city. While the charges have not been high, yet they are one of the small baracles that so easily fasten upon our treasury, and whose speculations amount to more than would be supposed. If the council prefers to pay at some New York bank we can arrange to do so without expense to our city, one bank writing to me in a courteous letter as follows:

"We will pay coupons and dividends without charge and you can depend upon a prompt attention to your interests."

Surely when we place the amounts due on our coupons in New York we should not be charged for depositing it in the Fourth National bank.

There are 17775 miles of railroad in the United States.

There are 66,835,880 rails used to cover this ground.

There are 533,265,000 ties used to bind these rails together, but no such amount, however, is required to bind the hearts of the traveling public to the fact that the Wisconsin Central lines furnish superior facilities on all their trains between St. Paul and Chicago, which form close connections with all lines to the east and south.

The Holmes-Auslund Affair.

Hon. W. H. Holmes, the Salem attorney, who is a brother of Dr. Holmes of Portland, returned from there last night and says the Doctor is recovering from his wounds very nicely. He declined to discuss the legal features of the case. Of course, in a civilized community two men cannot assault each other without a judicial investigation, and one or both the doctors will be arrested for assault with intent to kill. There is considerable evidence in the hands of the Portland police as who was the real aggressor in the case.

This investigation will bring out a great deal of incriminating disclosures about the Portland hospital, and will be beneficial to the community in purging that institution by a degree of publicity not otherwise possible. To date of writing there have been no legal steps taken.

Big Creamery Meeting.

There was an important meeting of dairymen at Hotel Willamette Tuesday to hear the propositions of Mr. Flynn, an expert at establishing co-operative creamery plants. This meeting will be held at the court house in Salem on Saturday, August 24th, at 1 o'clock p. m., and at this time the presence of all farmers, business men, cow owners, citizens and dairymen interested in Salem's welfare and the project of establishing a creamery will be present.
