**RAILROAD NOTICES.**

Berlin is to have an elevated railroad like New York, with the difference that electricity is to be used as the motive power.

The Lake Shore Electric Railway company has been incorporated, with a capital of \$10,000,000. The new line will run from Chicago to Milwaukee.

The Monterey and Mexican Gulf Railroad company has arranged with the Mexican government to extend the road from Trevino to Sierra Mojada, and thence to Mazatlan, on the Pacific coast.

All the employees of the Lehigh Traction company at Hazleton, Pa., are insured by the company. This is done in order to protect the men in case of any injury, or perhaps death, that they might sustain by an accident.

How Suffrage is Restricted in Canada.

The Canadian restrictions on suffrage are peculiar. In order to be entitled to vote, not only must one be a male British subject 21 years of age and have lived in the Dominion at least a year, but he must also have been the owner of real estate or the occupier of a tenement house or business property for the same time. If he owns real estate in a city, it must be worth \$500, if in a town \$200, and if elsewhere \$150. If he neither owns real estate nor occupies real estate as a tenant, he can vote if he earns \$300 a year, or if he be the son of a farmer or real estate owner, and live at his father's home. An income voter is not required, as all other voters are, to live a year in the district where he wants to vote, but can register at any time.—Albany Times-Union.

If iodine be taken continuously for a length of time, what is known as iodism results. Different individuals are affected differently by this drug. There are three forms of iodine intoxication—first, that in which the symptoms are those of gastric irritation; second, that characterized by nervous troubles, neuralgia, ringing in the ears, convulsive movements, disturbed intellect; third, that characterized by rapid emaciation, commencing mostly in the face, and severe nervous palpitations of the heart, with excessive appetite, which sometimes precedes and sometimes follows the loss of flesh. These symptoms are said to be most easily induced in goitrous persons.—Brooklyn Eagle.

**This Was Unnatural Gas.**

Mrs. C. Smith went into a dentist's office in Brooklyn the other day to have a tooth extracted. The dentist administered gas, which had rather a surprising effect on Mrs. Smith. She spun all over the dentist's office, slugged two dentists and their office boys, wrecked things in the rooms, threw herself from a window, rolled off a shed roof and fell to the ground, was taken to hospital and waked up with a broken arm—ask what it was all about.

A Curious Custom.

There is found in Cheshire, England, a curious survival of the ancient Saturnalia. During Christmas week the servants all flock to the towns, having received their year's wages, and for seven days they refuse to work. Engagements are made for the ensuing year at this season, but the engagement does not begin until New Year's day, the week being spent in jollity.

All Saints' day, Nov. 1, is said to have been begun by Pope Boniface IV about 607 and was established by Gregory IV about 830.

Demosthenes paid 2 chalchli—that is, less than 1 cent—for two waxon tablets to make a memorandum.

Too Smart.

Richard—By the way, how do you and Miss Smart get along?  
 William—Oh, that affair is all over!  
 Richard—You don't mean it?  
 William—You see, I'd made up my mind about a week ago to bring matters to a crisis. So I began by saying that I had a question I wanted to ask her.  
 Richard—Yes.  
 William—She tossed her head and said any fool could ask questions.  
 Richard—And you?  
 William—I merely told her perhaps it would be just as well, then, to let some fool ask my question.—Exchange.

She Was Too Devoted.

Figg—I don't see Grimsby with that Lutestring girl lately.  
 Fogg—No, when he spoke of marriage she frightened him off. She said in an impassioned manner, "Harry, I will be wholly yours—where thou goest I will go." And he says she meant it too. When he came to think of the times he might want to have a quiet little game, or something of that sort, he felt that such devotion as hers might pall on him and so he let the matter drop.—Boston Globe.

**Bound to Be Ladylike.**

Ethel—What did you do when Gus proposed to you?  
 Mabel—I was so surprised I puckered up my mouth to whistle, but then I remembered that would be unladylike, so I hurried and pressed my lips against his to keep myself from whistling.—Good News.

Which is the better, something or nothing? This depends. When it stimulates, it is of use; when it enervates, it is mischievous. The young man who prefers idleness above an unpleasant job, seeing that he has a dollar or two in his pocket, is in danger.

A Venomous Tongue.

There was a certain Oxford dog who had a reputation for a venomous tongue. He appeared in common room one day with his hand bound up.

"What has happened to X?" asked one of his colleagues.  
 "He has been trying to hold his tongue," was the ready response of a wit.—London Tit-Bits.

**CASTORIA**

for Infants and Children.

**MOTHERS, Do You Know** that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

**Do You Know** that opium and morphine are stupefying narcotic poisons?

**Do You Know** that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

**Do You Know** that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

**Do You Know** that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

**Do You Know** that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

**Do You Know** that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

**Do You Know** that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

**Do You Know** that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

**Do You Know** that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

**SMALL INVESTMENTS.**

Returning property will make men rich, but nowhere can they make so much within a job of time as by successful speculation in Grain, Provisions and Stock.

**\$10 FOR EACH DOLLAR INVESTED** can be made by our systematic plan of Speculation.

All successful speculators operate on a regular system. It is a well known fact that there are thousands of men in all parts of the United States who, by systematic trading through the Chicago brokers, made large amounts every year, ranging from a few thousand dollars to those who invest a hundred or two hundred dollars up to \$75,000 to \$100,000 or more by those who invest a few thousand. It is also a fact that those who make the largest profits from so comparatively small investments on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading.

Write for convincing proofs, also our manual on successful speculation and our Daily Market Report, full of money-making pointers. All Fitch's. Our manual explains margin trading fully. Highest references in regard to our standing and success.

**Capital Journal's Platform as a Newspaper.**

A Little Talk to Persons Who Are Not Subscribers and Who May Receive a Free Sample Copy—How to Help the Cause of Good Government.

The circulation of the Daily and Weekly Capital Journal is growing rapidly all over Western Oregon. It is the one paper the people look to for disinterested information about their public affairs. It is not owned by any boss or hanker. It is controlled by its editors and they are not boodlers. They believe in the restoration of American public affairs to the American people. They believe in and will promote political leadership that is free from self-aggrandizement and will not place our country and its government under the heels of unscrupulous ironclad bossism. They believe in government that is responsible to the people instead of the machine. Let us restore the sacredness of political convictions, the triumph of lofty patriotism and disinterested statesmanship.

**WHAT IS THE JOURNAL?**

1. It is a well established daily newspaper at \$2 a year by mail, weekly \$1 a year by mail. No papers sent but what are paid for. Send a two cent silver piece with your address written on this order sheet and you will receive the daily one month or the weekly two months.
2. The Journal is a republican newspaper for the people, for the simple reason that its editors are republicans and because they believe the people can best be served through the maintenance of the principles and policies of the republican party when freely expressed and honestly arrived at through the rank and file of that party.
3. The Journal does not believe in packing the cart before the horse and making loyalty to the rings and machine the test of republicanism or making all political activity revolve around office-getting. When party machinery is used to oppress the people and force upon them servants not above reproach, and deprive them of the services of men found faithful to a public trust, it is no longer worthy of support or encouragement.
4. If you want a newspaper conducted on the above principles—the cheapest newspaper in Oregon receiving the associated press dispatches. Fill out the order sheet below and you will receive just what you pay for. We make our living by selling newspapers devoted to the cause of good government and in no other way.
