Those who witnessed the performances of Prof. Gentry's trained horses an inch, but has been distributed and dogs Monday and Tuesday could but wonder how dumb brutes could be educated to such a stage of perfection as these are. It seems almost impossioccurred in Douglas county. Since ble that dumb brutes could be so train ed as to perform the difficult feats that were done by these animals. The performance was indeed wonderful and the promptness with which the animals respond to their names is remarkable The matinee Tuesday afternoon was well attended, and it is estimated that fully 1,500 people witnessed the performance last evening.

for Infants and Children.

OTHERS, Do You Know that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of oplum or morphise?

Do You Mnow that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries draggists are not permitted to sell narcotles ofthout labeling them poisons?

Do You Know that you should not permit any medicine to be given your child emless you or your physician know of what it is composed?

Do You Know that Castoria is a purely regetable preparation, and that a list of he ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Plicher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined ?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense? Do You Know that one of the reasons for granting this government protection

was because Castoria had been proven to be absolutely harmless? Do You Know that 35 average doses of Castoria are famished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts,
