

## OREGON STATE FAIR.

### Horse, Bicycle and Human Races on the Track.

### FAVORED WITH FAIR WEATHER.

### A Sunday Program of Unusual Interest.

**BIKE NOTES.**  
Eli Lee, the Rambler, is down from Portland for the races.—Winsett will be down today also.  
Charlie Bears from Albany is expected.

The point race yesterday was very tame. Better races are up for tomorrow.  
Shipp is not in as good shape as his many friends would like to see him.  
Murphy is in the very pink of condition and if pushed hard will do the best work of his life.  
The Portland boys all seem to be "working out" in good shape.  
**SUMMARIES OF FRIDAY'S RACES.**  
Trotting 2:27 class—3 in 5; purse \$400.

Almaz.....	4	1	3	5
Hugo.....	2	4	5	3
Pandora.....	3	6	wd	
Nettle Ham.....	1	2	1	1
Delin.....	6	5	2	2
Zephyr.....	5	3	4	4

Time—First heat 2:26, second 2:25, third 2:24, fourth 2:23.  
Almaz sold favorite. Mutuels paid \$2.  
Second race running—one mile dash—handicap. Purse \$350.

Sam Lucas.....	1
Wyandus.....	2
Ginger.....	3
Mowitza.....	4
Baby Ruth.....	5

Time 1:44.

In the first heat of the 2:27 trot, the horses scored three times before they finally got off. Hugo took the pole from Almaz the forward horse at the start and held it to where he went off his feet. Nettle Ham passed Almaz at the quarter and the race up the back stretch was between Hugo and Nettle Ham who pressed him hard in a pretty race to the finish. Nettle made a magnificent spurt passing Hugo easily and beat him under the wire by a length. Pandora made a hard fight for second but Hugo got it by a neck. Time 2:23. In the second heat Nettle Ham and Hugo had the advantage of the start but Stone the driver of the rear horse nodded for the word and Starter Looney let them go. Nettle Ham held the lead to the quarter. Hugo went off his feet at the half. Almaz took the lead from Kittle Ham up the back stretch. Around the half and down the home stretch the race became very exciting. The drivers urged their horses with voice and whip and the finish was one of the prettiest seen on the Salem track for many a day. Each horse seemed to be doing his best but the time was slow on account of the heavy wind down the back stretch.  
The third and fourth heats were both good. Delin pushing Nettle Ham hard for place. Almaz was the favorite in the betting up to the fourth heat. Mutuels paid \$3, \$17.40, \$8.40, selling at \$2.  
The mile dash in the opinion of all horsemen and the public who had the fortune to see it was a hummer. The horses scored for half an hour before starting, the jockeys trying the patience

of even Job-like Dave Looney. He was compelled to fine two riders \$20 apiece for not getting behind the line when ordered. Matt White, the good Methodistically inclined gentleman who handles the whip for the starter, also lost temper at the "comeliness" of the horses and "jocks," giving vent to his anger in several hearty cuss words which were loudly applauded by the grand stand. They finally bunched pretty well and Looney let them go. It was for blood. Mowitza got first place at the first jump and kept it to the back stretch when the five bunched and went to the finish in that position. Down the stretch they came, Lucas forging to the front and beat Wyandus under the wire by a good length. Mowitza 3d, Ginger 4th, Baby Ruth 5th. Time 1:44.

**TODAY'S RACES.**  
Pace, 2:30 class—Donshana won; Encounter second; Sophia R. third; Annetta fourth.  
Second heat won by Shonor, in 2:07; Sophia R. second, Encounter third, Altwood fourth, Annetta fifth.  
**FENCE JUMPER CAUGHT.**  
A young fellow of 17 years or thereabouts was severely handled by one of the marshals today. The boy got through the fence and being caught on the grounds without a ticket was put out by one of the detectives. A second time he worked in and seeing a marshal after him started to run. He reached the gate and was running down the walk when just in front of the W. C. T. U. tent the marshal overtook him and struck him a heavy blow over the head with a cane. It laid the boy over in a second with a big gash in his head. Those who saw the affair say that the marshal had no call to strike the boy such a blow as he could easily have caught him.

**SHODDY MILL BURNS.**  
PORTLAND, Sept. 28.—The shoddy mill of Freedman Brothers, located at Milwaukie, Oregon, burned with contents at noon today.

**MR. BRYAN SPEAKS AGAIN.**  
Yesterday evening quite a large crowd gathered in the pavilion expecting to hear Mr. Bryan speak. The management not wishing to disappoint them hunted up Mr. Bryan and he spoke very pleasantly for a short time on Oregon and Oregon products. He said that every state that he had ever been in always bragged of its pretty girls and that he wouldn't stay in a state that didn't. Having been asked to speak about our young ladies he declined because he was a married man and while the girls were all very pretty, they would suffer in comparison with Jeff Myers, whom Mr. Bryan says is thoroughly posted on the subject. His speech was very entertaining and was enjoyed by all present. The orchestra discoursed sweet music both before and after the address.

**BRYAN'S SECOND MEETING.**  
At Bryan's second meeting the same tactics were employed, whether knowingly or ignorantly, to diminish his crowd. The band was marched off immediately after the bicycle race to carry the crowd to the Wild West show. The band did not play for Bryan at all. Of course, these things could not all be avoided. Friday 200 insane were marched in just as he undertook to explain bimetallicism. Today the falcon was sent up.

The few people present, who felt free to applaud, did so enthusiastically, but all manifestations were impossible, because the people were not there.

**THE NEW RECEIVERS.**  
MILWAUKEE, Wis., Sept. 28.—Edward W. McHenry, of St. Paul, chief engineer of the Northern Pacific railway, and Frank G. Bigelow, a banker of this city, were appointed receivers of the Northern Pacific road this morning. Bigelow is to be known as the financial receiver, and will have charge of all work pertaining to finances and property. McHenry is to have charge of its operation. The new receivers are ordered to file bonds of \$500,000 each within ten days and report to the court in the same manner as their predecessors.

## SOUTH CAROLINA'S SENSE.

**Declines to Deprive Negroes of Holding Office.**

COLUMBIA, S. C., Sept. 28.—A sensational debate was had in the constitutional convention over a measure proposed by Colonel Robert Adrich, of Barnwell, that in all elections for members of the legislature only white citizens should be eligible. He made an ingenious argument to show that while the 14th and 15th amendments to the United States constitution conferred the right of citizenship and suffrage upon the negro, it did not confer upon him the right to hold office. Senator Tillman led the fight against the measure, and said it would be both foolish and idiotic to do such a thing. A motion was made to postpone the discussion until tomorrow, but Senator jumped to his feet and loudly exclaimed:

"No, don't let it go to the world that we even took time to consider such a thing. It would be a colossal blunder. It would ruin us. We are now trying to devise a law to retain white supremacy, and for God's sake, don't let us do anything so idiotic as to jeopardize what we may accomplish. The supreme court would never sanction such a thing, nor would the sentiment of the country countenance it."

Aldrich taunted Tillman with being afraid that the United States army would be sent to South Carolina, and said he had stood before it once and was never afraid. Tillman replied:

"I am not afraid, colonel, but I am no fool."

A vote was finally taken and resulted in the defeat of the Adrich measure by 102 to 25.

**Did You Ever Think**  
That you cannot be well unless you have pure, rich blood? If you are weak, tired, languid and all run down, it is because your blood is impoverished and lacks vitality. These troubles may be overcome by Hood's Sarsaparilla because Hood's Sarsaparilla makes pure, rich blood. It is, in truth, the great blood purifier.

## BEN HARRISON TALKS.

### Not a Candidate, but a Free Man.

### SENATOR DAVIS'S BIG BOOM.

### He Expects the Solid Vote of Oregon.

INDIANAPOLIS, Sept. 28.—Colonel John C. New in an authorized interview in the Indianapolis News, today said:

"General Harrison does not desire to run for president and is in no sense a candidate, and the stories that he has withdrawn in the interest of any one are without foundation. In fact were his advice solicited he would select neither McKinley nor Reed as a Republican candidate for the presidency."

### Senator Davis's Boom.

NEW YORK, Sept. 28.—Senator Richard Pettigrew, of South Dakota, in an interview said:

"Senator Cushman K. Davis, of Minnesota, is the choice of the North west for president. He will have the solid delegation from our state, Dakota, Montana, Oregon and Washington. Probably part of the Wisconsin delegation will also be for him."

If, at any time, the appointment of a third receiver is necessary, the appointment will be made. In making the appointment, Judge Jenkins disregarded the wishes of the trustees and bondholders. He said the history of receiverships demonstrated the inadvisability of appointing receivers connected with the contending factions.

### Murderous Attack.

SCIO, Or., Sept. 27.—Mrs. Lottie Hyatt was shot five times, and her mother, Mrs. Elizabeth Holman, a woman of 85 years of age, was beaten into insensibility with a revolver, at Jordan's store, nine miles east of here about 6:30 o'clock yesterday evening. Mrs. Hyatt will die, it is thought. The murderous deeds are supposed to have been done by a tramp and that the motive was robbery, as it is thought the woman had money on the premises.

### LATER.

The shooting of Mrs. Lottie Hyatt at Jordan proves to be the work of a woman named Hannah, who lives near the ranch. She was arrested last evening. Mrs. Hannah believed her husband was unduly intimate with the Hyatt woman, and disguised herself as a man, entered the home of Mrs. Hyatt the evening before and shot her twice, both shots taking effect in the head. It is thought she cannot live. Part of Mrs. Hannah's disguise—a false mustache and a pair of spectacles—were left in the room where the shooting occurred, which led to her arrest. She is being examined today before the justice in Scio. She is the mother of four children.

### Massacre Investigation.

HONG KONG, Sept. 28.—The obstruction of inquiry by foreign consuls into the Ku Cheng massacre of August is still kept up by the Chinese officials. Forty men suspected of complicity in the riots have been liberated by the local authorities without the consent of the consul. Mr. Mansfield, the British consul, at Ku Cheng, has been insulted by the Chinese soldiers. The consuls are considering the advisability of returning to Foo Chow and referring the matter to their respective governments.

### Flour Dust Explosion.

WEST SUPERIOR, Wis., Sept. 28.—The Daisy Mill elevator, the finest in the Northwest, owned by E. P. Allis & Co., of Milwaukee, burned this morning. It contained 8,000 bushels of wheat. Loss, \$100,000. The fire was caused by the explosion of flour dust.

### AN INTERESTING TALE.

He Talks of Headaches and Nervousness and Gives a Cure for Both.

[From the Evening News, Newark, N. J.]

It was the drug clerk's turn to tell a story one of his experiences, and the reporter, expecting something good, as usual, settled himself comfortably in a chair prepared to give his undivided attention to the speaker. The latter was Henry Maier, who resides with his parents, on Acqueduct street, and who hands out medicine over the counter of Dr. Andrew F. Burkhardt's drug store at 277 Orange street, this city. The clerk's high forehead denotes intelligence; his clear, blue eyes showed his good health, and his general manner was that of a person who thought life worth living. It was at the drug store that the reporter found him, and it was there Mr. Maier, or Henry, as he is better known, told his story:

"Perhaps I can do nothing better," he began, "than to tell you the secret of my good health. It is a story that I have told to many, recently, and as it resulted in good in each case, it may be worth your while to listen to it. To begin with, I was not always strong and robust; as I am now. Long hours of work and hard study left me in a wretched condition. Frightful, lingering headaches found me a ready victim, and at times I was so nervous that the dropping of a pin would cause me to give a violent start, and then I would be seized with a fit of trembling that was, to put it mildly, exceedingly bothersome. Well, I began to doctor myself. Now I flatter myself that I know something of medicine; but with all my knowledge, I could find nothing that would cure those terrible headaches or put an end to my extreme nervousness. When I would pick up a bottle my hand would shake as though I had the chills, and it was powder that I was handling. I stood a good chance of sprinkling it all over the place like black trousers. Things went from bad to worse, and I soon realized that a man of my physical condition had better not mix any medicine. I was almost in despair, as you can imagine, for it seemed as though I must give up my business on account of my nervousness and let all my hard study go to the dogs. Finally, I opened my heart to Dr. Burkhardt, telling him of my trouble and asking for his advice."

"Try a box of Dr. Williams' Pink Pills," he said, after a moment's thought; and as you know the doctor's advice is always worth following, I got the Pink Pills and began to take them. Aladdin's lamp never performed the wonders of these pills, would you believe it? Before I had taken the contents of one box, my headache began to give me a day off occasionally, and soon it left me entirely. How about my nervousness? Well, the pills put an end to that, with almost abruptness. You see I know enough about the business to appreciate the importance of following the prescribing physician's directions, and by paying strict attention to those given by Dr. Williams' with each box of his Pink Pills, I was soon another fellow. Look at me now! A picture of health, eh? Well, that is what Dr. Williams' Pink Pills will do for a man, or a woman either. See I can hold this glass of water out now without spilling a drop, but I couldn't do that two months ago and—"

"What is it, ma'am?" he asked as a neatly dressed woman came up to the counter. "A box of Dr. Williams' Pink Pills." "Yes, ma'am, fifty cents, please. Thank you." "These Pink Pills are great things," said Mr. Maier as he turned to the reporter again, and the latter after that he had heard, thought so too.

Dr. Williams' Pink Pills for Pale People have an enormous sale. An analysis of their properties show that they contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus dance, sciatica, neuralgia, rheumatism, nervous headache, the after effect of la grippe, palpitation of the heart, pale and sallow complexion, that tired feeling, resulting from nervous prostration; all diseases resulting from impoverished blood, such as scrofula, chronic erysipelas, etc. They are a specific for troubles peculiar to females, such as suppression, irregularities and all forms of weakness. They build up the blood, and restore the glow of health to pale and sallow cheeks. In many cases they effect a radical cure in all cases arising from mental worry, overwork or excess of whatever nature. There are no ill effects following the use of this wonderful medicine, and it can be given to children with perfect safety.
