### TUESDAY'S RACES.

Yesterday afternoon the grand stand held the biggest crowd of the year. One would not need to be told that it was Ladies' Day. The fair sex were there in evidence. At least 1/2 of the assemblage were ladies. The beauty and loveliness which inhabited the grand stand yesterday fired even the horses to greater effort. The races yesterday consisted of a pace and two runs the last ones over the "jumps." The 2:17 pace was called out first and the following horses lined up at the wire for a start: G. W. Bird's "Davis Boy," J. Doek's "Encounter," Clowe's "Alexis," Pickett and Somerville's "Sophia R.," Capt. Spencer's "Carrie S.," and T. H. Hubbard's "Rosemon." In the first heat the horses got off well together with Encounter in the lead. Davis Boy second and Sophia R third.

## THE N. P. RECEIVERS

### Could Not Resign But Are Discharged.

## WASHINGTON RECEIVER APPOINTED

### Probably Only a Tool of the Corporation Politicians.

SEATTLE, Oct. 2.—In the federal court this morning and in the presence of the largest aggregation of lawyers that ever assembled in this city, Federal Judge C. H. Hanford with State supreme Judge John P. Hoyt, by his side, refused to accept the resignations of Oaks, Rouse and Payne as receivers of the Northern Pacific Railroad Co., and removed them because of their failure to comply with an order made in a case a few weeks ago. The court named Andrew T. Burleigh, of this city, counsel for the Oregon Improvement Co., as receiver of the Northern Pacific property in this state. He directed Burleigh to give a bond in the sum of \$300,000 and to take charge of the company's affairs at once.

### ANOTHER SENSATION.

Brayton Ives filed a new and sensational affidavit, charging that Henry Villard one month before the Northern Pacific was placed in the hands of a receiver had authorized his personal counsel to take steps to place it in the hands of receivers, and had given it out that Henry S. Payne would be one of them.

### For Durrant.

SAN FRANCISCO, Oct. 2.—The defense in the Durrant case opened this morning with the calling of the students from the senior class at the Cooper medical college, to ascertain if any one of them answered for Durrant at Dr. Cheney's lecture on April 3d. Forty-two students were called during the forenoon and in reply to the stereotyped question of Attorney Deuprey as to whether they answered for Durrant, all replied in the negative.

### Quarantined.

SAN FRANCISCO, Oct. 4.—The steamer City of Pekin has arrived from China and Japan and went immediately into quarantine. The Pekin is twenty days out from Yokohama. When she left that Port cholera was raging there. It is feared the disease will linger until late in the winter. In Northern Japan there has been little change in the status of the disease. About the same number of deaths occur daily and there are no signs of abatement.

### The Debt Grows.

WASHINGTON, Oct. 2.—The monthly statement of the public debt, issued by the treasury department October 1st shows the debt September 30, less cash in the treasury, to have been \$941,099,946, an increase of the month of \$1,834,847.

## THE GIRL WAS KIDNAPED

### Abducted From St. Joseph by Father Wagner.

CHICAGO, Oct. 2.—May Steidel, the young girl whom father Wagner, of St. Joseph, Mo., is accused of abducting was found here in a Catholic school, where she has been placed by Albert Elaud, the priest's brother law. The police have found a quantity of furniture, which they say Father Wagner shipped here, indicating that he expected to set up an establishment in Chicago.

An anonymous letter received by the mother of May Steidel in St. Joseph last week gave the police the only clue to her whereabouts. The letter threatened the mother with severe punishment for the trouble she had caused Father Wagner, of St. Joseph, and said that if she had not made accusations the girl would have been at home before this time. The theory that the girl had been sent to Chicago was strengthened by the statement that Father Wagner had friends here. Father Wagner has become crazed by the stain on him.

Nothing further has been heard of Miss Dora Kennedy, who disappeared under similar circumstances shortly after May Steidel was missed, and the mystery surrounding her disappearance is as deep as ever.

The kidnaping of Miss Steidel created a furor in St. Joseph two weeks ago. The whereabouts of the girl was a mystery, and it was only last week that Father Wagner was suspected. Last Wednesday night a mob of friends of the girl's family gathered about the parish house and threatened to lynch the priest. He escaped by a back door, however.

Miss Steidel is a rather handsome young woman and bitterly repents her actions. She will be taken home today by her uncle, Julius Podrat.

ST. JOSEPH, Mo., Oct. 2.—Father Dominick Wagner, who was arrested charged with abducting May Steidel, waived preliminary examination today and was bonded over. His bond was fixed at \$1500, which it is thought he can raise.

### Corbett Starts.

It is not known whether John L. Sullivan will act as referee.

## THE FIGHTERS FIGHTING

### Texas Legislature Not Assembling Fast.

## THE STATE SPARRING FOR TIME

### Populists Are Helping Out the Sluggers.

AUSTIN, Texas, Oct. 2.—The Texas legislature met yesterday with a quorum present. The governor, in a message, reviewed the laws against prize-fighting in Texas, calling attention to errors therein, and closed by saying:

"All persons have been given notice that the Corbett-Fitzsimmons exhibition would not be permitted, and whatever has been done by its projectors was with a full knowledge of the consequences. Public interests require that this exhibition especially should be suppressed. Deacountenanced by Mexico and the territories, outlawed and driven from ever state, it is proposed to assemble here a band of ruffians and gamblers and offer in this state this commanding insult to public decency. The instincts and pride of the people revolt, and your prompt and resolute action will spare them this ignominy and shame."

He recommends a law making prize-fighting a felony.

There is a strong lobby here from Dallas, and the leaders of it claim to have votes enough in the house to defeat the emergency clause. There are only three senators opposed to the emergency clause.

Several anti-prizefight bills were introduced in both houses.

AUSTIN, Texas, Oct. 2.—The fight management is entirely satisfied with the situation this morning and say they will be on the aggressive from now on. It is evident that the administration forces are sparring for time, in order to get their forces here, as at present they have not the sufficient strength to cast a two-thirds vote. The fight management have enough strength in the house to defeat the measure today and will try their best to force a vote immediately. Twenty Populists in the house caucused early today and it is learned they will vote against an emergency clause in order to down the Democratic administration.

### THE PORTLAND COTOPUS.

How it Keeps the People in the Dark  
Congressman Bryan's sharp tactics forced the Portland Oregonian to print his written reply. It could not help itself. But it gave no report of his actual arguments. The Evening Telegram, which ought to have had at least a synopsis of the speech, as it is supposed to go to the working people, had only the following skeleton, which we reproduce to show the people how the monopoly press suppresses what it does not want to have go to the people:

BRYAN TALKS ON SILVER.  
Ex-congressman W. J. Bryan, of Nebraska, talked free silver to about 1200 people in the New Park theater last night. His audience was made up of representatives of all classes who are interested in money.

The interesting feature was the number of women who were scattered among the spectators. They seemed to be absorbed with Mr. Bryan's gifted eloquence equally with the men. The old, familiar arguments of free silver were presented in their most attractive light by Mr. Bryan who was certainly full of his subject.

Prominent Portlanders occupied the stage with the speaker, who was introduced by Judge Shattuck, president of the Bimetallist League. There were also present ex-Attorney General G. E. Chamberlain, Judge O'Day, Frank Carno, Thomas Guineau, S. B. Riggan, E. T. Howe, T. T. Struble, Captain Cleveland Rockwell, D. P. Thompson, Colonel Frank Drake and C. J. McDougall.

Mr. Bryan spoke at great length, covering the argument for free silver on every side, and very often his remarks were heartily applauded. His address lasted over two hours.

There are 177755 miles of railroad in the United States.

There are 66,835,880 rails used to cover this ground.

There are 535,355,000 ties used to bind these rails together, but no such amount, however, is required to bind the hearts of the traveling public to the fact that the Wisconsin Central lines furnish superior facilities on all their trains between St. Paul and Chicago which form close connections with all lines to the east and south.

Make a note of it.

### A SMALL SALEM FIRE.

#### A Farm House and Contents Completely Destroyed.

About 7:30 o'clock this morning a still alarm was turned into the fire department and in a few seconds thereafter the engine and hose cart were dashing up Court street. Turning north on Church street they proceeded to the scene of the fire which proved to be in the building at the north-west corner of Marion and Cottage streets, occupied by Jansior Kilne, of the court house. The fire started at a point where the stove-pipe enters the flue and had burned its way into the attic before the fire department arrived. A garden hose had been used which hindered the fire in its progress. When Chief Cross arrived upon the scene he immediately entered the building and with a Babcock extinguisher soon had the fire under control. The fire boys displayed remarkable promptness on this morning's fire, a number of the boys being at breakfast when the alarm was received but they reached the fire in very short order.

The building belonged to A. T. Yeaton, who occupied a part of the building in whose room the fire started. The damage will amount to only \$15. It is exactly two months since the fire department was last called out.

### FARM HOUSE BURNED.

The residence of George Given, who resides about twelve miles east of Salem on the Silver Creek Falls road, burned to the ground last evening. The entire family is camped at the fair grounds, and no one was staying in the house, hence the origin of the fire is a mystery. It is supposed by some that the building was set on fire. Soon after 9 o'clock last evening neighbors noticed flames shooting up from the building. They ran to the house and effected an entrance by breaking in the kitchen door. At this juncture the roof of the kitchen fell in and, fanned by the night air, the flames made rapid progress into other rooms which were soon laid in ashes. The neighbors were unable to save anything whatever.

The house and contents were insured in the Geo. M. Beeler agency for \$1000.
