Porcelain Baths—209 Com'l street.

LINCOLN COUNTY NEWS.

TOLEDO, Oct. 4, 1885.
Judge Burt is confined to his room with a bad cold.
Deputy County Clerk M. E. Peairs is very sick with a gripe.
The hop pickers are returning.
The family of C. B. Croso are visiting him at his Otis Rock mines.
A writ of attachment was sworn out of the county court against the steamer Richardson for \$319, attorney's fees alleged to be due from H. A. Moss to A. L. McFadden.
W. J. Wade, farmer at the Siletz Indian agency, has moved his family to that place for the winter.
United States Indian Agent Beal Gaither went out to hear the free silver champion speak upon the great issue now before the American people.
A gentleman from Marion county on Tuesday filed a notice of mining claim on a gold bearing quartz ledge near the Yachats in the south end of the county. He thinks it very rich.
The M. E. conference has returned the Rev. Potter to the charge at Toledo.
Public school opens Monday with Prof. Bethers, Miss Madge Dunn and Miss Alexander as teachers.
Miss Croso and Miss Alexander have just finished writing and comparing 10,000 instruments in the clerk's office, where they have been working for the Lincoln County Abstract company.
The harder the Oregonian fights an issue the stronger it becomes for the rank and file of the people who are onto Harvey Scott.

Children Cry for Pitcher's Castoria.

REV. EDWARD DAVIS

Lectures at the Christian Church on "The Science of Art."

Rev. Denton introduced Edward Davis of Oakland, California, who delivered his lecture on the above topic. Estheticism was his topic, the definition being that which taught us to appreciate the beautiful. Music could be learned through inspiration. The scale could be taught, but not music. Beauty could be found in everything if but the mind would perceive. The phases of nature did not produce it so much as the conceptions of the mind. The source of beauty was found in an increased development of the perception of immateriality. The esthetic must be seen in the material or the soul remained in the dark. We must not only be converted of our sins, but our eye must be taught to perceive the beauties of the natural world. The perception of beauty develops upon the cultivation of the mind of the individual. It cannot be the same to all but there can be no comparison between the enjoyments or sufferings of different persons. They are infinite in variety. The eternity of the mind is the immortality of man. Mortality speaks to man by the perception of the mind. The perception of beauty depended upon individual conception of man, his picturing of material things, resulted in all the arts.

THE VARIOUS ARTS.

Architecture was the ancient art, Music, the medieval art. Painting and sculpture were only accessories of the oldest art. Poetry was the modern art. Idealistic and realistic schools were both wrong. The lecturer analyzed the various arts in a skillful manner. The speaker easily soared into the realms of genuine eloquence, carrying his audience off their feet by his magnificent outbursts. His language is truly poetic and his expressions very ornate. Every sentence is a flower of expression. The slightest opportunity suffices as a peg to hang a whole wardrobe of oratory upon.

The speaker is magnetic, dramatic, and while not entertaining (owing to the obscure subject) he kept his hearers keyed up to a high tension of delight. He forgets at times that he is a lecturer, and brings in the "beloved" and other pulpit expressions. This is inevitable owing to his calling, which becomes a habit with any man. Mr. Davis is still a young man—23. It is not to be expected that he will not offend some in his effort to be dramatic. He is naturally dramatic and, coupled with his intensity, he at times sweeps the platform like a cyclone, and mingling metaphors from the scriptures, from the poets, from his own fiery imagination, he sweeps all before him in a grand diapason of eloquence.

A NEW SIDEWALK.—A force of men, under Street Commissioner Culver, have just completed the work of laying a eight-foot sidewalk on the South side of Mill street, between Twelfth and Fourteenth streets. This portion of Mill street has recently been opened for travel, and the sidewalk will be a great accommodation to the people of that part of the city, especially during the winter, when the ground in that vicinity is sometimes covered with water. Let the good work go on in other parts of the city.

RE-SHINGLED.—The Red Front livery stable, at the corner of Trade and Commercial streets, recently purchased by R. H. Westcott, is being re-shingled preparatory for the reception of the winter rains.

GOLDEN MEDICAL DISCOVERY

Many years ago Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., compounded this medicine of vegetable ingredients which had an especial effect upon the stomach and liver, rousing the organs to healthful activity as well as purifying and enriching the blood. By such means the stomach and the nerves are supplied with pure blood; they will not do duty without it any more than a locomotive can run without coal. You can not get a lasting cure of Dyspepsia, or indigestion, by taking artificially digested foods or peripain—the stomach must do its own work in its own way. Do not put your nerves to sleep with so-called celery mixtures, it is better to go to the seat of the difficulty and feed the nerve cells on the food they require. Dyspepsia, Indigestion, Biliousness and Nervous Affections, such as sleeplessness and weak, nervous feelings, are completely cured by "Golden Medical Discovery" which restores the system, brings refreshing sleep and invigorates the whole system.

Mrs. K. HENKE, of No. 56, North Halsted St., Chicago, Ill., writes: "I regard my improvement as simply wonderful. Since taking Dr. Pierce's Golden Medical Discovery in connection with his Pleasant Pellets I have gained in every respect, particularly in health and strength. My liver was dreadfully enlarged and I suffered greatly from dyspepsia. No physician could give relief. Now, after two months I am entirely relieved of my disease. My appetite is excellent; food well digested; bowels regular and sleep much improved."

CASTORIA

for Infants and Children.

THIRTY years' observation of Castoria with the patronage of millions of persons, permit us to speak of it without guessing. It is unquestionably the best remedy for Infants and Children the world has ever known. It is harmless. Children like it. It gives them health. It will save their lives. In it Mothers have something which is absolutely safe and practically perfect as a child's medicine.

BIG PROFITS - ON - SMALL INVESTMENTS.

Returning prosperity will make many rich, but nowhere can they make so much within a short time as by successful speculation in Grain, Provisions and stock. **\$10 FOR EACH DOLLAR INVESTED** can be made by our Systematic plan of Speculation. All successful speculators operate on a regular system. It is well known that there are thousands of men in all parts of the United States, who, by systematic trading through Chicago brokers, made large amounts every year, ranging from a few thousand dollars in the man who invests a hundred or two hundred dollars up to \$75,000 to \$100,000 or more by those who invest a few thousand. It is also a fact that those who make the largest profits from comparatively small investments on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading. Write for complete prospectus, also our manual on successful speculation and our Daily Market Report, full of money-making pointers. Ask F. H. E. Our manual explains margin trading fully. Highest references in regard to our standing and success. For further information address
