### ELECTRIC LIGHTS.

The special committee for the investigation of the city lighting contract made the following report:

"We, your special committee, to whom was referred the matter of the price the city is paying for street lights, beg leave to report that we have had the matter under careful consideration and find that the city is not paying more than the other cities of Oregon and Washington are paying for similar service as called for in the city's contract. But we would ask your honorable body to authorize us

"1st.—To examine the pole system of the Salem Consolidated Street Railway company and ascertain if the company has complied with the terms of its contract in all particulars regarding setting, wiring and painting poles, lamp globes, etc.

2nd.—To examine into the candle power strength the company is furnishing the city in each arc light.

3rd.—To examine the locality of each arc light as to the public benefit derived therefrom and report the discontinuance of the two most unimportant lights."

W. T. RIDGON,  
H. SMITH,  
R. B. DUNCAN.

It will be remembered that Mr. Duncan protested that Salem was paying more for lights than other cities, and asked for a reduction, but the investigation of this committee proved that such is not the case. All night service in Oregon costs on an average \$11.51 per month. In Washington it is \$12.18.

The city engineer reported that he had notified S. L. Hayes and the Goodale Lumber company to move their buildings off the street at Twelfth near Mill, but that no action was taken by date of the parties.

Upon motion of Mr. Ridgon street commissioner was instructed to con-

struct a sidewalk from the south line of the Wallace cannery to the north line of Mill street on the west side of Twelfth street and to remove all obstructions he may find in the way of said work.

Application for a ten days' fruit peddling permit was read for S. Rogo-way. The matter was referred to committee on ordinances with power to act.

A remonstrance was read against the building of a sidewalk on the south side of Bellevue street from 14th to 19th street. Referred to committee on streets.

The recorder stated to the council that several property owners on State street are paying interest on greater amounts for street improvement than the improvement cost; also that others who have paid their assessments according to the estimates are entitled to a rebate, and that both classes of claimants are seeking relief. Referred to committee on ordinances.

Liquor licenses were granted Kilinger & Beck, Butte & Wenderoth, Wm. Haack and A. I. Wagner.

An ordinance establishing a grade on Fifteenth street was read a third time and passed.

On motion of Alderman Murphy the city engineer was requested to make a report for the whole year at the close of this quarter.

### Police Court.

Jas. Yates was today sentenced to 15 days in the city jail for drunkenness. This individual has been before Recorder Edes several times within the past few months charged with being drunk, and that officer has determined to put a stop to it, hence the unusual sentence.

Geo. Cook was a heavy headed individual this morning who paid a fine for being drunk.

### FOOTBALL GOACE.

C. R. Morse Has Arrived.—Other Foot Ball Notes.

Clinton R. Morse, of the university of California, who has been engaged by the Willamette university to coach for their football team the coming season, arrived in the city on the early train this morning. A number of the university boys were at the train to meet Mr. Morse, among whom was noticed Chester Murphy, Wm. Babcock, Mart Savage and Bert Savage and before the train had come to a standstill "old Willamette's" college yell was given with a vim, the sound ringing out clearly on the brisk morning breeze. Mr. Morse has for a number of years

### HE HAD HIS HEAD CLIPPED

After Enjoying the Baldness of Elijah For Years.

W. G. Westcott, the Salem restaurateur, of state-wide reputation, had his hair cut with clippers yesterday at the H. George Meyer's hairdressing parlors, 289 Commercial street. There would be nothing remarkable about this matter, but for the fact that this gentleman has not had any hair to clip on the larger part of his well rounded cranium, where he has been absolutely bald for a dozen years the clippers found a fine growth of the genuine thing, and as Chimie McFadden would say "dat man will have hair to burn."

### HOW IT WAS DONE.

A quizzing reporter went to boring for oil—not hair oil—but to learn in the interest of bald headed humanity how was it done. How was hair made to grow where none grew before. One of Mr. Meyer's talented friseurs was working on a rather gross cranium and of this process Mr. Meyer has the exclusive agency for Salem. The treatment consists of a tonic, a grower, a patent brush and a soap, all known as Dr. White's hair growing system. Of course Mr. Meyer's expert manipulators do their part in a skillful manner to attain these wonderful results. Inquiry shows that nineteen Salemites are taking the treatment. It is absolutely a new discovery. It strikes at the root of the hirsute evil—baldness—by striking at the roots of the hair, that lie buried deep under several layers of skin. If there are any roots left it is only a question of a few weeks' work to sprout them. This grower of hair manure will start hair that has lain dormant for twenty years. This seems miraculous but as the men who have tried it are alive and as the growth of hair is visible to the naked eye there is nothing miraculous about it. It is simply a solid discovery and Mr. Myres has demonstrated its success.

Altona and Gray Eagle for Portland, leave Salem daily except Sundays, at 6 a. m. Quick line, regular service and cheap rates. Agent, M. P. Baldwin, at Salem dock.

People Give Us Credit for Revolutionizing the Clothing Business.

They Will Tell You Our Clothing Is Good, Our Prices Very Low.

The tide of trade again this season has turned our way. We were sure it would. When neighbor talks to neighbor, friend to friend, tell the story about our clothing and prices there can only be one result. An overflow of business—the endorsement of hundreds of buyers led us to make large preparations.

The fine suits now selling for \$20 are the \$38 to \$30 quality. The fine suits now selling for \$16.50 are the former \$25 quality. The fine suits now selling for \$15 are the former \$20 quality. The fine suits now selling for \$10 are the former \$15 quality. The fine suits now selling for \$8.50 are the former \$12 quality. The fine suits now selling for \$6 are the \$8.50 and \$10 quality.

Without a question our stock this year exceeds anything we ever offered, both in quality and reasonable price. Everybody ought to have fall overcoats—when they are going at \$6, \$8 and \$10.

held the all-round championship in athletics of the Pacific coast and Willamette University is to be congratulated upon securing the services of such a player as Mr. Morse.

At present Mr. Morse is taking a post graduate course. He has been trained under Billas, Heflinger and Gill, three of the greatest football players in the country, and has studied the work of Butterworth, America's greatest full-back, who is now coaching for the university of California boys.

Mr. Morse will commence active work with the university boys at once on the campus just east of the university. The boys will be out this afternoon for practice and Mr. Morse will then have a good chance to select a good team from among the players.

The prospects for a good heavy team for Willamette are very flattering. The work of making up the team has not yet been completed, but with such men as Murphy, Babcock, Savage and VanWinkle, "old Willamette," will show the other boys how to play football.

Willamette's first match game for this season will take place in this city Saturday, Nov. 2, when they will engage in a game with the University of Oregon boys from Eugene.

### GUYAN GIBSON DEAD.

A Pioneer of 1850 Passes Away This Morning.

Guyan Gibson, an Oregon pioneer, who crossed the plains in 1850, is dead. He passed away without suffering at 4:30 a. m. today at his home on the road between Turner and Aumsville, at the age of 73 years and one month, lacking two days. His last illness was a stroke of paralysis one week ago today from which he never recovered. He rallied and knew his son, D. W. Gibson, who attended his bedside next day. He spoke a few words but that was all. He has gradually sank away since then and his death was painless and peaceful. He leaves a widow and three sons and two daughters. They are D. W. Gibson and George Gibson, of Salem; Henry Gibson, who lives at the old home; Mrs. Mary McHaley, of Heppner; Mrs. Frankie Putnam, Waldo Hills.

Deceased was a farmer all his life and leaves his original donation land
