SOME FOREIGN AFFAIRS.

An Arrangement Made Between Russia and China.

CONFIRMATION FROM TWO SOURCES

A Scheme for China to Reward Germany, France, Russia.

LONDON, Oct. 29.—In spite of the statement made by the Graphic today that an official high in authority says the alarming dispatch of the Times from Hong Kong, regarding important concessions made by China to Russia, "bears no resemblance to the actual facts" the news seems to be confirmed today from two sources.

G. E. Morrison, who recently traveled through China, writes that as far back as August last the Chinese newspapers outlined a scheme by which China proposed to reward Germany, France and Russia for their intervention against Japan. Germany, he says, was to have concessions of land at the treaty ports of Kankow and Tien-Tsin; France was to be granted certain privileges in Southeast China, and Russia was to be allowed to extend her railway system to Port Arthur.

At the Russian embassy here, however, the statement is made that there is absolutely no foundation for the report published by the Times. It is asserted by the Russian officials that no such treaty has been concluded between the governments of Russia and China, and it is further asserted by them that the Russian government is animated by no anti-English feeling in its policy in connection with the far East.

The Times will tomorrow publish a dispatch from Hong Kong saying:

"Speaking at a public banquet at Vladivostok September 27, which was given in his honor, on the occasion of his departure for Europe, General Doukhofsky, governor of Eastern Siberia, referred to the new Manchuria concession and strongly urged that the community be not alarmed by it.

A CABINET CRISIS IN FRANCE.

PARIS, Oct. 29.—In the chamber of deputies M. Rouanneau, who has been prominent in exposing those who were connected with the Panama canal and Southern railroad syndicate, questioned the government regarding the Southern France railroad scandal, it being alleged that a number of senators, deputies and others have made large profits out of the company by fair or unfair means. He declared that the good repute of parliament was involved and he asked for an explanation as to the partiality which had been shown toward those involved in the scandal, claiming that the authorities had been afraid to prosecute them because the deputies and senators involved with the late Baron Reinach of Pausania canal fame had disposed of \$8,500,000 francs in devious ways on behalf of the Southern railway. He demands that Minister of Justice Trarieu publish the documents in the case which were in his possession and would throw light on the subject.

M. Bindler, a member of the right, then charged the minister with culpable leniency and demanded that the guilty be punished.

When he was able to make himself heard, the minister of Justice said: "The chamber knows the truth and if the parliament considers its dignity and honor compromised the government will join the chamber in voting for repressive measures, and in the face of these explanations asks the chamber for a vote of confidence."

The order of the day, pure and simple, was then submitted to the chamber and rejected by a vote of 406 to 105.

M. Haberts then moved that the chamber agree to prohibit members of

parliament from joining in financial syndicates. The motion was accepted by the premier, M. Ribot, and was adopted unanimously. Later, Rouanneau submitted a motion demanding that full light be thrown upon the South of France railroad scandals and asked the government to prosecute those who have been found to be implicated in them, and submitted to the chamber the report of the expert who had inquired into the finances of the company. M. Rouanneau's motion asking for an explanation as to the partiality which had been shown toward those involved in the scandals, claiming that the authorities had been afraid to prosecute them and demanding that the minister of justice publish the documents in the case which were in his possession, was then adopted by a vote of 275 to 196.

After the adoption of this motion the minister left the chamber of the deputies in a body and went to Elysee palace, where they handed in their resignations to President Faure, who accepted them.

The chamber of deputies was adjourned for a week. The ministry, which has just resigned, was formed on January 26th by M. Ribot.

War With England.

CONCORD, N. H., Oct. 29.—An editorial appears today in the Evening Monitor, Senator Chandler's paper, written by the senator. It is headed "Our Coming War With England," and says in part:

"War between the United States and England is inevitable. It will arise on account of British disregard for our direct interest. It will also be forced by British encroachment upon other nations all over the world. It will be fought by us, having Russia as our European ally. As a war offensive on our part it may not happen for 20 years. As a defensive war, it may come sooner and should be welcomed. One sure result will be the capture and permanent acquisition of Canada by the United States."

Hippolyte Proclaims Martial Law and Retires.

NEW YORK, Oct. 29.—News has reached here of a revolution in Hayti. President Hippolyte, it is said, has retired to his palace at Port-au-Prince, where he is guarded by the army which he brought down from the north with him when he overthrew Legitime.

Commercial houses in New York which do business in Hayti have been expecting this outbreak for several weeks. When dispatches came saying that Hippolyte had proclaimed a state of siege in Port-au-Prince, they were not unprepared. Their private dispatches were to the effect that several leading men of Port-au-Prince had been arrested, as well as many of those who had come in from the country to help swell the army of the revolution.

Hippolyte proclaimed the state of siege on Wednesday, and immediately ordered out a certain number of his prisoners to be shot. They were taken to the plaza and executed by a company of soldiers.

Sunday Hippolyte attended mass at the cathedral, guarded by soldiers with fixed bayonets and no one was allowed to pass into the cathedral who was not known to be a friend of the president. So far 10 men have been shot and about twenty are in the military prison. Though the old friends of Legitime are concerned in the present movement, it is said that General Marrigat is not at the head of it. The army of Hippolyte has been concentrated about his palace and he intends to make his final fight in Port-au-Prince.

ARKANSAS' GOVERNOR

Completely Breaks Up the Prize Fight.

THE LORD VAN ALLEN ARRESTED

For Alienating a Wife's Affections—A Fiend's Work.

LITTLE ROCK, Oct. 29.—Last night the Hot Springs Athletic club, under whose auspices the fight will ostensibly be pulled off, sent a cipher telegram to every sporting club in the United States, notifying them of the arrangements for the fight to come off in spite of the court decisions.

But this was anticipated by Governor Clarke and the new program was completely broken up.

The flank movement made last evening by Governor Clarke and Attorney General Kinworthy appears to have effectually settled the question of the possibility of Corbett and Fitzsimmons ever meeting in this state and all hope of pulling off the fight at Hot Springs is abandoned. Attorney Kinworthy remained in this city today for the purpose of having the Australian arrested here in the event they should ship through Texarkana without being apprehended. It is his intention to have Fitzsimmons placed under heavy bonds to keep the peace, and thus prevent the fight.

Good for Clarke.

CHICAGO, Oct. 29.—The following dispatch addressed to the Associated Press, and signed by the governor of Arkansas, was received by the Associated Press at Chicago today: "Little Rock, Ark., Oct. 29.—I intend to stop the fight at all hazards regardless of place and time when attempted. In fact it is stopped now. (signed) James P. Clarke."

Fight Will Come Off

SAN ANTONIO, Oct. 29.—Fitzsimmons left Corpus Christi this morning via San Antonio for Hot Springs. Upon arrival there Fitzsimmons will probably be taken before a magistrate and if the facts justify will be placed under peace bonds. Then it is believed that he and Corbett can meet and shake hands in the ring. In response to a tip sent Saturday night to various sporting headquarters all over the country, each train is crowded with sports and others who want to see the fight. Corbett is in active training at Spring Lake, and is pronounced in the pink of condition. Nothing definite will be known until tomorrow.

HEADING OFF THE STATE

HOT SPRINGS, Oct. 29.—Manager Joseph Vendig and Secretary Wheelock, of the Florida athletic club, were arrested this afternoon on warrants charging them with conspiring to commit a breach of the peace. Both were promptly released on bonds. This is another shrewd move to head off the attorney general who was preparing to have them arrested upon a similar charge and carried to Little Rock for trial. If Fitzsimmons succeeds in getting here there will be a "Mill" unless the Governor should run in a squad of militia, which is not possible.

Van Allen Arrested.

NEWPORT, R. I., Oct. 29.—James G. Van Allen has been arrested in a writ, charging him with the alienation of a wife's affections, sworn out by Colonel S. Colt, and has given \$50,000 bail.

Doctor Cheney's Roll-Call is Now Offered

AS THE PIVOTAL POINT OF CASE

To Prove That Durrant Was at the College.

SAN FRANCISCO, Oct. 29.—General Dickinson resumed his argument today for the defense in the Durrant trial. The pivotal point in the whole case he said, was Dr. Cheney's roll call, which shows that Durrant was at the medical college on the afternoon of the murder. Attorney Duprey will close the case for the defense this afternoon. Tomorrow District Attorney Barnes will close the case for the prosecution. (Continued on second page.)
