SOME FOREIGN AFFAIRS.

Great Britain Wants Our Help in Turkey.

A PANIC IN CONSTANTINOPLE.

A Crisis Expected Next Week in That City.

WASHINGTON, Nov. 2.—Sir Julian Pauncefote, British ambassador, had a half hour's conference with Secretary Olney today.

His purpose was to propose, in behalf of the British government, joint action to a limited extent in Turkey, to insure the safety of Great Britain and American residents in that country. It is believed Secretary Olney has not given an answer to the proposals.

TURKISH AFFAIRS.

NEW YORK, Nov. 2.—The Evening Post's London cablegram says, "The sultan of Turkey has ordered a four month's government extension of all debts private and public. A similar course was adopted, though on a less extended scale by the Argentine government two years ago. This is done mainly to allay a semi-panic on the Constantinople bourse. All banks today are understood to be still meeting obligations as usual. The tone of the markets here today was staid but there was no business settlement on the Paris Bourse. Next week is anxiously awaited.

PLOT AGAINST THE SULTAN.

VARNA, Bulgaria, Nov. 2.—According to advices received here from Constantinople, there seems to be no doubt that the report of the discovery of a plot against the palace Monday evening is correct. Three Mussulmans are said to have been arrested at Stamboul in connection with it. In addition, several houses have been searched and a quantity of arms seized. Considerable alarm is reported to exist at Tildiz Kiosk in consequence of the fact that the Albanian guards refuse to do duty there any longer.

It is supposed the guards are suborned by the Mussulmans and there seems little doubt that eight soldiers were executed and twenty-four others sent to different prisons.

In Anstolla the feeling of discontent against the rule of the sultan is becoming so marked that important events are expected to take place shortly. Fusion of the Mussulman and Armenian committees is believed to be imminent, and it is said upon good authority that a joint revolutionary manifesto will shortly be issued. The Turkish government is aware of the serious aspect of affairs, and it is evident that desperate efforts are being made in Constantinople to raise money to provide for the calling out of the army of the reserve.

GRAND VIZIER.

LONDON, Nov. 2.—Advices from Constantinople to the Times say that having put the Armenian question on the track of settlement, Kiamet Paasha has asked the sultan to relieve him from the grand viziership, which has exhausted him, and which demands the physical and material energies of a younger man. The sultan in a reply, peremptorily declares that he could not dispense with his services.

The dispatch adds that official news has been received in Constantinople of fresh disturbances in Erezeroum, Orfah and Zsitun. Fifty persons have been killed and wounded at Erezeroum.

RUSSIA AND CHINA.

NEW YORK, Nov. 2.—A special to the Herald from Shanghai says: The report that a treaty had been concluded between Russia and China, by which China would become practically tributary to Russia, appeared first in the China Gazette. It is believed here that the rumor is based on truth, but the Korean affair entirely upsets it.

CELEBRATED CAUSES

In the Courts of This Country's Large Cities.

PHILADELPHIA JUSTICE IS SWIFT.

The Prize Fighters Are Glad to Leave Arkansas.

LITTLE ROCK, Nov. 2.—The case of the state against Fitzsimmons and Julian was continued this morning till 2 p. m. at the request of Attorney-General Kinsworthy. He said an argument will be reached with the prisoners, and the chances were that the matter will be disposed of in the afternoon without troubling the court, on condition that the pugilists leave the state. Fitzsimmons and Julian expressed themselves today as anxious to accept either Brady's proposition of yesterday or the Florida athletic club's proposition to fight at El Paso. Julian preferred a Texas-ground, as the \$5,000 forfeit offered would help pay for the lost time, he said, in case the fight did not come off. He stated, however, that he would have \$10,000 ready to accept Brady's proposition today if possible.

PRIZE FIGHTERS DISMISSED.
The cases against Fitzsimmons, Julian Brady and Corbett were dismissed this afternoon on agreement to leave the state as soon as they can. All the fighters are included and the big fellows will be given a reasonable time to get out. This disposes of almost the last chance to pull off the fight. Brady will agree to nothing unless Julian's \$10,000 is put up. There are no signs of it being put up. Corbett and Brady will leave for New York soon.

HOLMES CASE.

PHILADELPHIA, Nov. 2.—District Attorney Graham began his argument in the Holmes case today.

ELEVATOR CASES.

CHICAGO, Nov. 2.—Attorney General Maloney filed in the circuit court today twelve informations in chancery against elevator companies, praying injunctions to restrain the companies from buying grain and depositing it in their warehouses; to restrain them from buying inferior grain and mixing it with better grain they have in store; and to restrain them from conspiring to control the market.

Foreman of Durrant Jury.

Warren Dutton, foreman of the Durrant jury, looked as if a great burden had been just lifted from him when seen at his home. He said: "The testimony of the prosecution did not appear to be contradicted. Durrant was traced step by step from Powell street to the church, and where so many people saw him I felt sure that all could not be mistakes. They impressed me as honest people, and their testimony carried him right to the church. That was the strong point that impressed me. "Then he told the story of repairing the lighting contrivances of the church. The testimony showed that his hair was disheveled, his eyes red and his face pale. Experts gave evidence that he had been overcome by gas his face would have been flushed. These things bore themselves in on me, as did his going up the back stairs instead of the front. I thought he did that because he knew King was in the lower room, and he could not explain it any other way. "I paid close attention to the roll-call at the college, and the testimony was such that I had to discredit it. One said he had been absent, yet marked present; another said he had been present and marked absent. If Durrant had been in the classroom some one would have remembered him; yet no one did remember that he was there; even the man who sat next to him did not recall that Durrant was there. I felt, therefore, that he was not there. No one had seen him. "For the defence there was practically no evidence, except that of the defendant himself. "The testimony of those ladies—I could not discredit that. They certainly saw him. Taking it altogether, that is how it stood and I could not give it any other verdict."

Great Northern Railway.

ST. PAUL, Minn., Nov. 2.—When asked today regarding the statement of a special committee, investigating grievances of the Great Northern employes, President Hill said: "You may say they are men not in the employ of the company. They represent nobody. They have been discharged for offenses against the government, for refusing to obey orders of their superiors, or stealing. We don't have anything to do with them." It is said that the officers of the Great Northern have no fears of a strike or serious trouble.

Instantly Killed.

CHICAGO, Nov. 2.—Laurin P. Hilliard, aged 83, one of the oldest residents in Chicago, whose estate is valued at millions, while crossing a railroad track in a buggy today, was run into by a passenger train and instantly killed.

WORK OF BURGLARS.

Six Hundred Dollars Stolen at Lafayette.

The Durrant Verdict.

It was the greatest criminal trial in the history of the Pacific coast, and was the most stubbornly contested.

LAFAYETTE, Or., Nov. 2.—The safe in the dry goods store of R. P. Bird & Sons was burglarized some time Friday morning by experts, and money to the amount of \$500 or \$600 taken therefrom. The safe-crackers secured what tools they needed at the blacksmith shop, chisel and sledge-hammer. The safe contained all of the city money, about \$300; the Masonic lodge's money, and that of a few who had deposits for safe keeping. Mr. Bird thinks the amount taken will reach \$600. The sheriff was down this morning after what little information he could find, out there is practically no clue.

The conclusion of the great Durrant murder trial will be found on the second page.

It was the greatest criminal trial in the history of the Pacific coast, and was the most stubbornly contested.

The police and criminal department of San Francisco deserve great credit for the manner in which they hunted down the testimony and fought the case. District Attorney Barnes, his assistants Chief of Police Crowley and Captain Lees showed themselves the equals of the greatest detectives in any country. The verdict of guilty meets with general favor and the course of the police in ferreting out the crime is highly commendable.

Another Accident.

Another woodsaw accident occurred at Sunnyside school house, about 7 miles south of Salem at nearly 8 o'clock this forenoon, by reason of which Ennis Savage sustained a very severe injury to his left arm, necessitating its amputation. He was brought to Salem where the operation was performed by Drs. Byrd, Smith and Brewer, the injured member being removed at a point a little below the elbow.

Ship Building Awards.

WASHINGTON, Nov. 2.—Secretary Herbert has rendered his decision as to award of contracts for six new gunboats authorized by the last congress. Two of the boats, twin-screw steamers, go to the Union Iron Works, San Francisco; two single-screw boats go to the Bath Iron Works, Maine; one boat to Lewis Nixon, of the Crescent Ship Building Company, Elizabeth, N. J.; and one to John Dialogue and Son of Camden, N. J.

INTERCOLLEGIATE FOOTBALL.

Beautiful Weather For the First Match Game.

The heavens smiled on the first match game of football at the state fair grounds today between the State university and Willamette university teams. At 2 p. m. the clubs paraded the streets and went out to the grounds. The city was full of college people waving the red and yellow of the home club, or the pale yellow of Eugene.

THE JOURNAL was rewarded with three cheers for the interest it has always shown in the game. A correct report of the game will be found in these columns Monday. The game is in progress as we go to press.

The game today will be reported by THE JOURNAL woman reporter, and all will be interested to read how a woman sizes up the sport.

A CLOSE GAME.

PRINCETON, N. J. Nov. 2.—In the Harvard-Princeton football game today neither side scored until the second half, when each side scored touchdowns. Captain Lee, of Princeton, sustained a fracture of the collar bone and was obliged to retire.
