Enrollment. Missess Hattle Litchfield, Laura Kirk, Josephine Culver, Adda Irwin and Mr. Floyd Fleid were chapel visitors Wednesday morning.

Miss Ethel Hughes visited chapel Thursday morning.

Miss Emms Reader, Pacific coast ecretary of the Y. W. C. A., will be in the city on November 23d, when she will visit the college association and possibly conduct a number of meetings.

The attendance at the university this year is larger than it has been for several years past, there being 152 pupils now eurolied. It has been necessary for several of the classes to change recitation rooms on account of the enlarged condition of the classes.

F. E. Brown returned Wednesday from a lecture trip up the west side. Mr. Brandenburg, who has been

absent from school a few weeks entered his classes again Thursday morning. A joint meeting of the literary

societies was held at 3:30 o'clock Thursday afternoon when the following elections were made: Athletic editor, F, E. Brown, associate athletia editor, Miss Myrtle Marsh; philoderian editor, Guy Miller.

Misses Addie Davenport and Etnel Hughes visited the chapel Friday morning.

Young Women's and Young Meu's Christian associations will meet jointly at the university at 3 o'clock every Sunday afternoon. The services tomorrow will be conducted by Rev. W. C. Kantner, of the First Congregational church. Miss Davis and Mr. Kundret will sing, and the meeting promises to be quite interesting.

By the appearances about the chapel Friday morning, it was very evident that "Hallow E'en" had been solemn ized at the university the evening before. The bible had been removed from the pulpit and a large dictionary had been supplanted in its place. When President Hawley mounted the rostrum Friday morning he opened the dictionary as cool and collected as usual and repeated the First Psalm without a single mistake and proceeded with the remainder of the exercises. Before the conclusion of the services President Hawley spoke of the misdemeanors that had been committed the night before, a part of which-the destruction of some sidewalks about the building-was maliciously criminal and concluded by remarking, "If any of the students think I can't read a chapter of the bible from a dictionary, they are badly mistaken." It has not been ascertained who was the most bad y "sold" but it is thought the perpetrators of the joke feel rather mean.

A reception will be tendered the visiting football team at the university | injunction. the school are invited.

John Hookham Frere was a scholar and a man of much literary ability, but one of those whose work, for some reason, finds a very slight hearing. But even if his literary work should be quite forgotten the stories of his absence of mind will live as long as incongruous error continues to amusa.

One day he sat repeating some verses to Mr. John Murray in Mr. Murray's office and his host became so interested in the poem that he asked the poet to go home with him to dinner and continue the recitation. Mr. Frere, startled to find it so late, excused himself. He had been married that morning, he said, and it was already past the hour when he had promised his wife to be ready for their journey into the country.

Another such story rests on the au thority of his wife herself. Mr. Frere had just been introduced to her at an evening party and offered to take her down stairs to procure some refreshment. He became so interested in their conversation, however, that he drank the glass of negus he had poured for her and was about to conduct her up stairs when she laughingly remonstrated with him for having forgotten her needs.

ways to all mineral waters, sedlitz powders, salts, castor oil, fruit syrups, laxative teas, and other purgative compounds. Made of concentrated vegetable ingredients, they act in a mild, natural way. Their secondary effect is to keep the liver active and the bowels regular, not to further constipate, as is the case with other pills. They don't interfere in the least with the diet, habits or occupation, and produce no pain, griping or shock to the system.

Dr. Pierce's Pleasant Pellets cure billiousness, sick and bilious headache, disziness, costiveness, or constipation, sour stomach, loss of appetite, coated tongue, indigestion, or dyspepsia, windy belchings, "heart-burn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels. These "Pellets" are easily dissolved in the stomach and absorbed into the blood, stimulating a flow of bile from the liver, and arousing to activity all the glandular secretions. Thus they act in nature's oten way. In proof of their superior excellence, it can be truthfully said, that they are always adopted as a household remedy after the first right.
