SALEM BANK CLOSED.

Williams & England Banking Company.

A RECEIVER IS NOW ASKED FOR.

Doors Closed and a Notice to the Creditors Issued.

For two weeks it has been known that the Williams & England Banking Co. was being crowded by creditors.

Last night a consultation was held by the directors, but no action was taken as only three were present. But they did not decide to close the bank. This forenoon, however, it was decided to stop the bank and following notice was put on the door.

"Having reason to expect unusual demands from depositors and in order to treat all creditors fairly and equitably this bank is closed for the present. It is my opinion that all depositors will be paid in full."

H. P. McNary, Cashier.

There was soon gathered a crowd of citizens and some depositors who had only yesterday put money in the bank. The comment was anything but favorable.

A CITY DEPOSITORY. The Williams & England banking Co. has been organized about five years and has always been a city depository, and has had county, school and state funds as well.

As near as could be learned this morning City Treasurer Swafford has about \$4,100 on deposit of city money. His bondsmen are Geo. Williams and Jos. A. Baker, sureties to the amount of \$5,000, approved by Mayor Gatch February 16, 1894. The money was being held to pay interest coupons now due. Mayor Gatch and Recorder Edey think the city is amply protected, but that it will be fully protected as Mr. Swafford's bondsmen are responsible to the bank. The bank was also cashier and held the funds of the State Insurance Co., and its officers were also officers of that institution.

OTHER PUBLIC MONIES. Up to noon it could not be learned that there were other public funds in the bank. County Treasurer Minto found \$8.35 of county money there when he took the office but withdrew it and has had none there since County Clerk Ehlen had divorce fees and funds there until two weeks ago when he withdrew them. Sheriff Knight is at Portland, but his deputies say none of the funds of that office are there.

RECEIVER ASKED FOR. At noon today Attorney Slater of the State Insurance company appeared before Judge Hewitt of the circuit court in session and presented a petition asking that the cashier of the bank, Hugh P. McNary, be appointed receiver to take charge of the affairs of the bank and wind them up.

The complaint petition in the case is entitled J. A. Baker vs. Williams and England Banking company, a corporation, and asks appointment of a receiver reciting the following facts:

- 1st. That the capital stock of the concern is \$200,000, of which there is taken and paid \$100,000; that Plaintiff Baker owns 20 shares of the par value of \$2,000.
- 2d. That the deposits aggregate \$120,000 and a large part are on open account and certificates of deposit.
- 3d. That the corporation has invested a large sum, consisting of its capital stock and a per centage of its deposits in securities, bills receivable, discounts, real estate, buildings and furniture, aggregating \$275,000.
- 4th. That the stringency of the money market and various rumors affecting the credit of the bank have caused unusual and heavy demands to be made by the depositors, etc.; and the plaintiff asks the appointment of a disinterested person as receiver.

SOME OF THE STOCKHOLDERS. Messrs. Emmett and Richard Williams, Judge Thayer and Frank C. Baker, of Portland; Geo. Williams, Hugh McNary, Jos. A. Baker, Finley Perrine and Dr. Richardson, of Salem, are some of the principal stockholders.

THE FAILURE has caused considerable surprise and discussion pro and con, but no panicky feeling whatever. The failed bank

owns the other banks of the city nothing, and has had but few commercial deposits for some time, and has lost heavily this year by advances on loans. The failure will not affect any other institution, unless it is the State insurance company.

Gen. Williams recently gave the bank a trust deed of his handsome residence on Court street for \$20,000 to partially secure the bank for monies he had borrowed of the bank. Besides his indebtedness to the bank Mr. Williams owes \$15,000 to private parties, and his best friends say the break will leave him worse than penniless. His losses from the bank have been largely for investment in the State insurance company and street railroad stock. He has an income of \$181 per month from the government, which will always provide for his family.

Mr. England has been in poor health for several years, and unable to actively look after business, which fact alone has been a severe hardship on the bank. Mr. England's conservative methods and good business judgment gave the bank much strength. He has for the past year strenuously opposed all loans and operations that were not of the best character. He has used very little of the banks funds, and will be a heavy loser, as he has been gradually drawn in since the crash of 1893.

STATE INSURANCE CO. It is reported this evening on the streets that the State Insurance Co. of

THE ARCHBISHOP'S CALL. Suggests the Universal Observance of Thanksgiving Day.

PORTLAND, Nov. 14.—Archbishop Gross has issued the following official call for the observance of Thanksgiving day, which call appears in the Catholic Sentinel, out this afternoon:

His excellency, the president of these United States, has requested the people to assemble in their churches on Thursday, Nov. 23, and there render thanks to God for the many blessings which his infinite goodness has shown during the past year on our much-favored nation.

This custom is very beautiful. It is a public acknowledgement of the nation's deep belief in the existence of God; a belief also that his divine providence rules this world, and a national profession that to God we owe our worship. Our beloved country has indeed been favored among the favored. Any one who makes a thorough study of her history will not fail to see the merciful, beneficent guidance of our heavenly father's hand in the direction of human events, that has made the republic the honorable envy of the world.

It would be ingratitude on our part not to thank this good God and greatest benefactor. No fault is so base as ingratitude; and a grateful heart is pleasing to God and man. One of the surest means to obtain a continuance of God's favors in the future is to show our gratitude for the gifts bestowed on us in the past.

We most cordially, therefore, comply with the request of his excellency, Grover Cleveland, president of the United States, and invite all the Catholics of our beloved diocese to celebrate properly the Thanksgiving day. We hereby order that in every church of the archdiocese, where it can be done a Missa Cantata be sung at a convenient hour, and that there be added in all the holy masses of the day, the oration in gratiarum actione. In the eve-

ning at a convenient hour, let the Benediction of the Blessed Sacrament, accompanied by the recitation of the Rosary, be given. Let us all pray most devoutly to the Sacred Heart of Jesus that through the intercession of his immaculate mother, God's protection and blessing may ever remain on our country.

We order this letter to be read in all the churches on the Sunday after its reception.

WILLIAM, Archbishop of Oregon.
Portland, November 13, 1895.

Schlatter Disappears.

DENVER, Nov. 14.—Francis Schlatter, so-called healer and messiah, disappeared last night, and a warrant for his arrest has been issued from the United States court. He has been summoned to appear before the United States commissioner today as a witness against persons arrested on charge of using the mails to defraud, by pretending to sell handkerchieves blessed by Schlatter. He left a note simply saying: "My mission at Denver is ended. Good-bye." Over 3,000 people assembled this morning expecting to receive treatment from Schlatter.

Land Decision.

WASHINGTON, Nov. 14.—Secretary Smith has decided a very important case today, holding that the eastern terminus of the Northern Pacific railroad is either Thompson, Minnesota, or Superior Wisconsin, instead of Ashland, Wisconsin, as has always been claimed by the company. About 8,000,000 acres is lost by the company.

Salem, will also go into the hands of a receiver.

The company has been doing a good business, and but for the failure of the bank would have come out all right. It is known that Secretary Giltner has been at San Francisco lately to have the risks of the State reinsured but could not come to terms. The company there asked more than it was worth to re-insure the safe cases of business carried by the State of Salem. If a receiver is asked for it will be Mr. Giltner.

Friday, and the burial will take place at the Macleay cemetery.
