PALACE OFFICIALS INCITE MURDER

Christians of Northern Syria Are
Being Massacred.

LONDON, Nov. 18.—It is understood
that the assembling of British and
Foreign fleets at Salonica bay is having
a good effect upon the Turkish govern-
ment and that the sultan has finally
determined to make earnest efforts to
stop bloodshed in Asia Minor. He
dispatched commissioners to Asia
Minor instructed to put in force as soon
as practicable, the reforms insisted
upon by the powers and beyond the
assembling of foreign fleets, the pow-
ers will take no further steps at present.

The following telegram from Con-
stantinople was received this morning
by the Anglo-Armenian association:

"Armenians are being massacred
everywhere in Asia Minor. Over
100,000 are dying of starvation and
exposure. The season for work of
relief is closed. For God's sake, urge
the government to stop these most
awful events of modern times. The
ports are powerless as all the telegraphs
are under the control of the palace
officials, who have incited the massa-
cre throughout Anatolia."

A dispatch from Rome today says
advice from Constantinople an-
nounced that the agitation against the
Christians of northern Syria is extend-
ing and that massacres have occurred
near Aleppo.

ALEXANDRETTA MASSACRE.

CONSTANTINOPLE, Nov. 18.—Late
advice received here from Alexan-
dretta, Northern Syria, confirm the
accounts of a massacre of Christians in
that town in the presence of 300 Tur-
kish soldiers, who did not render any
assistance to suppress the disorders.
Armenians and Mussulmans accuse
each other of burning the village and
of outrages which have occurred in
Northern Syria.

Reports received from numerous
Armenian villages toward the end of
September describe numerous and well
organized Kurdish raids, followed by
the stealing of the flocks of the Ar-
menians. In some cases murdering of
the men and assaulting of the women
occurred. Any complaints made to
the authorities were simply ignored.

The sultan has prohibited the entry
into Turkey of all papers containing
accounts of Lord Salisbury's speech at
the Lord Mayor's dinner in London a
week ago.

PROTECTION FOR AMERICANS.

GRAND RAPIDS, Mich., Nov. 18.—
The Rev. Dan F. Bradley, of the Park
Congregational church, spoke of the
recent burning of mission buildings at
Harpool, Turkey, in his morning ser-
mon. At the close of the service a
committee, with ex-Representative
Catoe as chairman, was appointed
to suggest action to the meeting, and
the result was the sending of this
message to Assistant Secretary of
State Uhl:

"The Park Congregational church, in
view of its personal and financial inter-
ests in the mission of the American
board at Harpool, Turkey, plundered
and burned by a Turkish mob, has in-
structed its committee to urgently re-
quest that every possible effort be

made by the state department to obtain
reparation for the injuries done, and
especially to secure protection for our
missionaries and the protest of the
American board."

This afternoon the following reply
came: "Our latest advice report Har-
pool missionaries safe, and the Ameri-
can minister is taking all possible pre-
cautions for their safety. Nothing is
being omitted in the direction of ap-
propriate and energetic action."

EAU CLAIRE, Wis., Nov. 18.—The
following telegram was sent to Secre-
tary Olney at Washington tonight by
M. C. Griffin, member of congress for
the seventh Wisconsin district:

"Constituents of mine have relatives
who are missionaries in Harpool, Tor-
key. In their behalf I would urge
that the utmost possible efforts con-
sistent with the existing conditions
and relations be made for the protec-
tion of all such."

The people referred to are the Rev.
P. Allen and family, relatives of the
president of the Commercial bank.

MARSHALLS, Nov. 18.—The United
States cruiser San Francisco sailed
Saturday evening, according to agree-
ment, for Turkish waters.

[Salem, the city of peace and
churches, should hold a mass meeting
and demand the protection of our fel-
low Christians in Turkey. There are
indications of weakening on the part
of England, and it is understood the
prime minister has decided that the
effort must be made to maintain the
integrity of the Turkish Empire, and
that therefore, the effort must be
directed to maintaining order in the
disturbed districts. This means that
Salisbury has retreated from a policy
of activity to the traditional conserva-
tion of his party. It is time for all
Americans to express themselves].

ARABS DEFEAT TURKS.

ADEN, Nov. 18.—Amin of Sana,
capital city Yemen, with 45,000 Arabs
armed with Martini-Henry rifles, has
defeated the Turks in three fights.
The latter are now confined to Sana,
a walled city about five miles in circum-
ference.

Fire in Frisco.

SAN FRANCISCO, Nov. 18.—A fire
this morning in the southwestern part
of the city destroyed a livery stable
belonging to J. A. Koon, a one story
kindergarten school, handsome resi-
dences belonging to W. E. Dubois and
M. Wolf, and seven other houses. Mrs.
J. S. Benedict, living next to the
stable, endeavored to escape in her
night clothes and was severely burned.
Fireman Michael Sheehan was so
burned and injured that he cannot
live. The loss is estimated at \$40,000.
Twenty-five horses were burned to
death in the livery stable.

They Are Guilty.

WASHINGTON, Nov. 18.—The su-
preme court today affirmed the deci-
sion of the court below in the case of
the United States against W. H. Clune,
one of the participants in the big Cal-
ifornia branch of Debs' strike. Debs
and others were found guilty of ob-
structing mails.

Would Retire Greenbacks.

CHICAGO, Nov. 18.—A Washington
special says President Cleveland in his
annual message will recommend the
retirement of greenbacks. This recom-
mendation will be the chief feature of
the message as far as domestic affairs
are concerned.

There are 177,755 miles of railroad in
the United States.

There are 66,835,880 rails used to
cover this ground.
There are 533,265,000 ties used to bind
these rails together, but no such
amount, however, is required to bind
the hearts of the traveling public to the
fact that the Wisconsin Central lines
furnish superior facilities on all their
trains between St. Paul and Chicago,
which form close connections with all
lines to the east and south.

saving and fire boats crew resumed
work early this morning in an en-
deavor to recover additional bodies of
the victims of Saturday night's street
car disaster at the drawbridge of the
central viaduct. The body of a woman
was brought to the surface and identi-
fied as Martha Lauerhelmer. It is be-
lieved there are one or two more bodies
dill in the river. Rogers, the motor-
man, who jumped from the car and
thus saved his life, was bound over

bail. A thorough investigation will be
made.

Against the Railroad.

WASHINGTON, Nov. 18.—The United
States supreme court, in an opinion by
Justice Harlan, today held in effect
that the Union Pacific railroad com-
pany had no right to make a lease,
practically giving the Western Union
telegraph company exclusive right to
maintain telegraph lines along the
route of the railway company.

In the case of the United States
against these same two corporations to
recover monies paid for government
messages to the Western Union since
1881, sent over lines along the Union
Pacific right of way, the court affirmed
the judgment below in favor of corpora-
tions.

tly killed.

Catarrh in the Head

Is due to impure blood and cannot be
cured with local applications. Hood's
Sarsaparilla has cured hundreds of
cases of catarrh because it purifies the
blood and in this way removes the
cause of the disease. It also builds up
the system and prevents attacks of
rheumatism, diphtheria and typhoid
fever.
Hood's Pills become the favorite cat-
hartic with every one who tries
them. 25c.

PHILADELPHIA, Nov. 18.—The
Holmes case took another sensational
turn today, senior counsel for the de-
fense, Wm. A. Rineaker, being
charged in open court with manu-
facturing evidence in behalf of the
alleged murderer, by bribing a woman
who knows nothing of the case to
swear in his favor.

Two Officers Killed.

MARTINSVILLE, Va., Nov. 18.—Con-

Pleasant Ridge to recapture James
White, an escaped prisoner. The con-

farmers, to assist him. White shot
Lemasters dead and wounded both
deputies, Hibbs fatally. White es-

A New Road.

CHICAGO, Nov. 18.—The Evening
Post asserts that Chicago is to have a
new line of railroad connecting it
with the Pacific coast. It says the
Canadian Pacific Co., a building a
line into this city from the northwest
to connect with the Soo line at Lake
Superior, and by that line with its
main line system.

Old Willamette's third football game
was a decisive victory over what has
been one of the best clubs in the state.
They beat the State Agricultural Col-
lege club by 36 to 6, and in doing so
vanquished not only a heavy team,
but a team that has seen a great deal of
playing—that is most of them. They
had Bidwell, Monmouth's best man,
two coaches and half a dozen ringers
and coppers and came down to Salem
to win. They were a very nice lot of
men all in all, but it was not their day
to win.

THE JOURNAL devoted a great deal
of space the past week to working up
interest in the game and feels proud of
the result. With such good work con-
tinued the Salem team will carry off
the pennant of Oregon colleges. We
congratulate Captain Murphy, Mr.
Morse, the coach, and the home team
as a whole.
