Catarrh in the Head. Is due to impure blood and cannot be cured with local applications. Hood's Sarsaparilla has cured hundreds of cases of catarrh because it purifies the blood and in this way removes the cause of the disease. It also builds up the system and prevents attacks of pneumonia, diphtheria and typhoid fever. Hood's Pills become the favorite cathartic with every one who tries them. 25c.

GREAT TRIPLE MURDER

Mysterious Shooting Case in Linn County.

ALL THREE SHOT IN THE BACK.

John Montgomery and Wife and McKercher the Victims.

BROWNSVILLE, ORE., Nov. 29.—The mystery surrounding the murder of John Montgomery, his wife and D. B. McKercher, yesterday afternoon, on the farm near here is still unsolved. The coroner began an inquest this morning. The only people on the premises beside the murdered people was the 16 year old son of Montgomery. He states that he was sent to the pasture by his father to get the horse, and when he returned he found all three murdered. The shooting was done with Montgomery's rifle, and all three were shot from behind. Montgomery was out in the yard and McKercher and Mrs. Montgomery were in the house.

BROWNSVILLE, ORE., Nov. 29.—Tuesday about 4 o'clock, at the S. R. Templeton farm, three miles east of Brownsville, John Montgomery, his wife and D. B. McKercher were found dead, having been murdered by unknown persons.

Montgomery was found lying on his back in the front yard, near a picket fence about 20 feet from the house, with the top of his head blown off. McKercher was found in the sitting-room, lying on his face, with a shot in the left side of his head, part of his skull gone, and with Montgomery's rifle across his legs, where it had evidently been placed. Mrs. Montgomery was found in the dining room, laying on her face, shot in the back. All had evidently been killed while fleeing from the murderer or murderers.

No cause for the deed is known. Excitement here is intense. No one but the murdered people were known to be on the premises at the time the tragedy was committed. The coroner has yet been notified, but no evidence has yet been taken.

CURED BY SCHLATTER.

A Reported Case of the Denver Mescal. BOSTON, Nov. 29.—A special to the Standard from Westfield, Mass. says: "Yes, sir, I am a well man today. A month ago I was dying from Consumption, but, thanks to the magic hand of Francis Schlatter, I am well again."

The interesting announcement was made by Edward O. Lynch who has just returned from Denver, whither he went for the purpose of seeking relief "at the hands" of the new "Mescal." Lynch has been suffering for several years from a deep-seated pulmonary trouble, and announced his intention of leaving town. He was so weak that his folks at first were disinclined to allow him to make the trip. He says his cough has gone and he feels as strong as Ajax.

Fire at Barlow.

BARLOW, ORE., Nov. 29.—The town of Barlow sustained the loss of a thriving industry in the burning of O. W. Quint's wheelwright and blacksmith shop. The fire was discovered near the forge, about 1:45 in the morning, by J. Mollett, who gave the alarm to the townspeople, and soon a great crowd had gathered. Finding there was no chance of saving the building, the efforts of the bucket brigade were directed to a dwelling owned by Wm. Allen, 35 or 40 feet distant, and in consequence that building was saved and the fire confined to the one building. The loss is \$900, with \$500 insurance in the German-American Insurance company, of New York. The origin of the fire is unknown, but the theory is that it caught from the forge underneath by heating down through the planking, as the day preceding a hot fire had been kept up in the forge.
