"Brick" Morse expects to return to Berkeley Tuesday evening. He has done some good hard work at Salem during his stay of a few weeks as coach of the Willamette University football team, and whatever success that team has achieved is due to his drilling. He took a set of raw, inexperienced boys and enabled them to win their second and third games. He had the courage to tell the players just what their weak points were in a firm but gentlemanly way that commanded respect. Mr. Morse had to overcome the prejudice that exists in every community, where the game has not been played. But he even accomplished that and leaves Willamette University at the front in the great college game where her club will command respect, and stands about an even chance of winning the pennant. Mr. Morse will be kindly remembered in Salem for years to come.

MORE SERIOUS THAN IT WAS THOUGHT.—A little over a week ago William Athey, living about twelve miles below Salem, in Polk county, fell and hurt his shoulder. It was thought the extent of his injury was a bruised arm, but as it grew no better a physician was called and it was ascertained that his shoulder was dislocated. It was properly treated and in time will be all right, but as Mr. Athey is 84 years old it will prove a very trying affair for him.

FOOTBALL.—The Albany Democrat says: The Willamettes and U. O.'s will play foot ball in Eugene on Thanksgiving. The Democrat is rattled as to the probable result, but believes the chances are in favor of the State University eleven. It will be a great game.

The best assortment of underwear for men, women and children, will be found at the New York Racket. Their prices are the lowest. Now is the time to fit yourself out for cold weather. e-o-d-2t

PROMPT AND RELIABLE.—are the Lockwood Messenger boys. Mounted on wheels, they can deliver your notes and packages to any part of the city at reasonable rates. Ring up the blue boxes.

Adjourned Meeting.  
An adjourned meeting of the stockholders of the Salem B. & L. Ass'n will be held tonight at 8 p. m. at the office.  
P. H. SROAT,  
Secy.

Cash and lowest prices have made the New York Racket a success.

There are 177755 miles of railroad in the United States.  
There are 66,835,880 rails used to cover this ground.  
There are 532,285,000 ties used to bind these rails together, but so much amount, however, is required to bind the hearts of the traveling public to the fact that the Wisconsin Central lines furnish superior facilities on all their trains between St. Paul and Chicago which form close connection with all lines to the east and south.
