Running Sores After Typhoid Fever, Good Health Restored by

# Hood's Sarsaparilla

The effects of serious illness upon the physical system are often most disastrous. The disease frequently leaves impure germs in the blood which develop, sooner or later, in some distressing form. The true way to avoid these troubles is to see that the blood is made pure, rich and free from disease germs, when the patient is recovering, by using Hood's Sarsaparilla.

On December, 1889, I was stricken down with typhoid pneumonia. My case was really a very critical one. Indeed, 40 days elapsed, when it settled in my right side and breast. Running sores discharged very profusely. Through long suffering I became very much reduced in flesh, while my hands and limbs were very much swollen. It was a hard struggle for life.

After passing under the care of eleven different doctors I concluded that I could not get well, but decided to take some medicine to stimulate my system. I accordingly got a bottle of Hood's Sarsaparilla and commenced to get some relief from it. After a year after my trouble broke down, I continued to use the medicine. After taking six bottles I am well and healthy. J. C. BARKING, Turner, Ore.

KEEPING SCHOOL. The Northwest Journal of Education, of Olympia, emphasizes the authority of the school keeper, as distinguished from the professional teacher.

Here is a grand and noble sentence from the Northwest Journal of Education that parents should show to school directors when they are hiring educators:

"The future of the country, the advancement of the schools, the welfare of the girls and boys and their training for womanhood and manhood, and the best interests of the genuine, professional teachers demand that there shall be reform."

If there is any branch of public service that needs the application of civil service reform, it is the hiring of

# CASTORIA

for Infants and Children.

THIRTY years' observation of Castoria with the patronage of millions of persons, permit us to speak of it without guessing.

It is unquestionably the best remedy for Infants and Children the world has ever known. It is harmless. Children like it. It gives them health. It will save their lives. In it Mothers have something which is absolutely safe and practically perfect as a child's medicine.

Castoria destroys Worms. Castoria allays Feverishness. Castoria prevents vomiting Sour Curd. Castoria cures Diarrhoea and Wind Colic. Castoria relieves Teething Troubles. Castoria cures Constipation and Flatulency.

Castoria neutralizes the effects of carbonic acid gas or poisonous air. Castoria does not contain morphine, opium, or other narcotic property. Castoria assimilates the food, regulates the stomach and bowels, giving health and natural sleep.

Castoria is put up in one-dose bottles only. It is not sold in bulk. Do not allow any one to sell you anything else on the plea or promise that it is "just as good" and "will answer every purpose."

See that you get C-A-S-T-O-R-I-A.

The fac-simile signature of J. C. H. Williams is on every wrapper.
