A GIRL DISAPPEARS.

Mysterious Conduct of Miss Emily Werner.

A SALEM MUSIC TEACHER

Writes Strange Letters to "The Journal."

Friday afternoon THE JOURNAL received the information that Miss Emily Werner, a music teacher of Salem, had been missing since last Friday afternoon, and could not be found. She had been boarding at E. O'Flynn's, in South Salem, near the M. E. church.

The girl is also said to have told conflicting stories about things of minor importance upon several occasions and in the general opinion of those who know her best that she is partially demented.

The question is, where is she? Is she in distress or under duress and in need of help, and if so, why do not those who know where she is let her friends know, and save worry and expense in regard to her.

The girl is also said to have told conflicting stories about things of minor importance upon several occasions and in the general opinion of those who know her best that she is partially demented.

A Man With a Mission.

Saginaw Marvels at the Strange Experience of W. H. Dawson, Who Was Rescued from the Grasp of Paralysis—The Case Investigated by a Reporter, Who Secures Dawson's Affidavit.

There are but few in the Saginaw Valley who have known personally or made the acquaintance indirectly of W. H. Dawson, 618 Union Avenue, Saginaw, West Side. It is here that the hand of sickness has fallen heavily and caused a man to become widely known and extremely pitied.

It is the hand of fate that often nips in the bud that which nature has started with the greatest predilection for the future. Until three years ago W. H. Dawson has known but little of sickness and pain, but the last few years have brought with them untold suffering.

With many doctors taxing their brains for something that might benefit, all remedies known to the scientific medicine man were applied and without avail. The patient meanwhile faded and became worse, but still lingered to fulfill a wonderful mission which will be the cause of less suffering among his fellow creatures. It was that unseen hand directing all things which permitted this one man to live in misery so that the world might be enlightened.

To hear the pitiful story of one who has suffered, who could not move a muscle for one whole year and who is now convalescent through the use of a wonderful medicine might lead one to believe that miracles are performed in this day and age. This time it is through that hand of man that life is restored.

"Until the fall of '92," said Mr. Dawson, to a reporter, "I was as hearty and as full of life and vigor as any young man could hope to be. In fact sickness was then unknown to me. About this time I was taken sick with la grippe and after having two relapses my spine became affected. This trouble grew worse rapidly and in March of '93 I was completely paralyzed from my waist down. Having taken everything my doctors could prescribe without any effect, I decided to go to the Indiana State Institute at Indianapolis hoping to receive at least some benefit from their specialists. I was there for a period of ten months during which time I was taken sick with scarlet fever which left me in a worse condition than ever before.

"As soon as I was able I was removed to Saginaw for my friends could not see any improvement under this treatment and besides the expense was entirely too great for me to entertain thoughts of staying there longer. The most annoying period of my existence was lived after my return to Saginaw. I sometimes prayed that my worthless life might be taken away that my suffering might be ended and that the care I was to undergo might be brought to a close. I did not then dream that God had yet a mission for me to fulfill. That work which I can now put all my soul into in proclaiming to sick and suffering humanity the wonders of Dr. Williams' Pink Pills. They have given me new life.

"It was in April of '94 that a friend told me of the Dr. Williams' Pink Pills and asked me to try them. I had no faith in anything, in fact my life was now hardly worth living and I hated to take anything that might chance to prolong it. I was at length persuaded and the pills were obtained. When I began taking them I was pale, weak, helpless and almost without life, as before stated, was completely paralyzed from my waist down, my limbs were simply bones and skin with no life or feeling in them and had been so for one year. Before the first box was used I could move my toes a little and could begin to feel new life all through me. This was encouraging and I continued to use these marvelous pills.

"Two months later I could move my limbs about on the bed and by the time another month had seen me swallow this medicine, to which I owe my life. I was able to get out of bed alone. It has been just about one year since I learned of Dr. Williams' Pink Pills and during that time I have made such marked improvement that I gladly proclaim what they have done for me to all the world and ask you to follow my sufferer, to try them and receive new life. My life, my all, I owe to Dr. Williams' Pink Pills.

"I am now comparatively fleshy with good color and high spirits, although I have not regained enough strength to walk without my braces yet. However, that every day brings new strength and more happy life through the continued use of Dr. Williams' Pink Pills."

The Salem Woolen Mills Store,
The clothing business in Salem during the past year has, in a general way, had its rough sailing. But the Woolen Mills Store has stood like Gibraltar and sold the most and best goods. It's home-made and all-wool goods, coupled with square dealing, has done that business, and the intention of the managers is to put in a large stock of the coming season at prices that will correspond with small incomes, and at the same time the standard of these popular goods will be fully kept up, and its many friends and patrons can rely in the future on getting reliable goods, the same as in the past.
