With Portland millionaires holding up the legislature for bond bills to sell their old bridges to the public at high prices to compel them to ride over their street car lines, it is no wonder poor men resort to holding up an occasional street car to relieve it of its nickels.

**A JOURNAL OF EDUCATION**

For the Northwest in the true sense of the word is what Mr. and Mrs. B. W. Brintnall of Olympia, are giving the people of Oregon and Washington. The very first line of the January number is an awaker: "What are your incentives?" Teachers, what are your aspirations? In order to grow we need to aspire? The teacher who can grasp that word cannot remain a cipher, or stand still. The Journal quoted President Campbell's words:

"The child has an immortal destiny. When we teachers fully appreciate the responsibility this view of our work brings to us, our devotion to our profession will be intensified."

It is a 24-page monthly quarto at \$1 a year. It is the best and only educational journal printed for the northwest and we shall be glad to order it for our readers.

The first number of the Marion County Record, now published at Aumsville, has appeared. It contains a great deal of local news, and F. K. Churchill of Salem is editor.

The First Congregational church of San Francisco has had two \$5000 men who have turned out bad. Suppose they try a \$5000 woman.

**98%**

of all cases of consumption can, if taken in the earlier stages of the disease, be cured. This may seem like a bold assertion to those familiar only with the means generally in use for its treatment; as, many cod-liver-oil and its fishy emulsions, extract of malt, whiskey, different preparations of hypophosphites and such like palliatives. Although many believed to be incurable, there is the evidence of hundreds of living witnesses to the fact that, in all its earlier stages, consumption is a curable disease. Not every case, but a large percentage of cases, and we believe, fully 98 per cent, are cured by Dr. Pierce's Golden Medical Discovery, even after the disease has progressed so far as to induce repeated bleedings from the lungs, severe lingering cough with copious expectoration (including tubercular matter), great loss of flesh and extreme emaciation and weakness.

Do you doubt that hundreds of such cases reported to us as cured by "Golden Medical Discovery" were genuine cases of that dread and fatal disease? You need not take our word for it. They have, in nearly every instance, been so pronounced by the best and most experienced home physicians, who have no interest whatever in misrepresenting them, and who were often strongly prejudiced and advised against a trial of "Golden Medical Discovery," a trial of which they have been forced to confess that it surpasses, in curative power over this fatal malady, all other medicines with which they are acquainted. Many cod-liver-oil and its fishy "emulsions," and various preparations of the hypophosphites had also been faithfully tried in vain.

The photographs of a large number of those cured of consumption, bronchitis, lingering coughs, asthma, chronic nasal catarrh and kindred maladies, have been skillfully reproduced in a book of 100 pages which will be mailed to you, on receipt of address and six cents in stamps. You can then write those cured and learn their experience.

**CASTORIA**  
for Infants and Children.

**MOTHERS, Do You Know** that Foregoric, Bismarck's Drops, Godfrey's Cordial, many so-called soothing syrups, and most remedies for children are composed of opium or morphine?

- Do You Know** that opium and morphine are stupefying narcotic poisons?
- Do You Know** that in most countries Druggists are not permitted to sell narcotics without labeling them poisons?
- Do You Know** that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?
- Do You Know** that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?
- Do You Know** that Castoria is the prescription of the famous Dr. Samuel Picher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?
- Do You Know** that the Patent Office Department of the United States, and of other countries, has issued exclusive right to Dr. Picher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?
- Do You Know** that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?
- Do You Know** that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?
- Do You Know** that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.
