

**Catarrh**  
Has troubled me for 11 years. I have taken four bottles of Hood's Sarsaparilla and am perfectly cured. I think Hood's Sarsaparilla has no equal, and believe that many who are in poor health and have become discouraged, would be restored to good health if they would only give Hood's Sarsaparilla a fair trial. Wm. J. Benson, Astoria, Ore. Hood's Pills cure all liver ills, biliousness, headache, etc.

**AN OPTICAL ILLUSION.**

How an Ordinary Raft Made a Sensation on the Laging Missouri.

Captain Jackson, an old river man, created quite a sensation by the peculiarity of the craft in which he once navigated the Missouri river. He was quite a sportsman, and on one of his hunting excursions his

skiff was stolen or got adrift, leaving him near a small town about 90 miles above his home. He disliked to walk that distance and concluded to make a raft and float down. He lashed together four small logs 5 or 6 feet long in the form of a square, laid a piece of plank across and then placed a discarded mill log in the middle. Then he got a newspaper, and lighting his pipe shoved off into the stream. Floating swiftly along he passed in front of a negro cabin. The old negro stood on the bank and hailed him:

"Go in on a rag."  
"Go in on a rag?"  
"Go in on dat kag?"  
"Yes!"  
"Fo' Gorr!" was all the astonished negro could say. The captain, rather wondering at the negro, looked at his feet and found that on account of his weight and the water soaked condition of the logs they had disappeared beneath the surface of the water, leaving nothing but the log to show upon what he was riding. Not at all disconcerted, however, he continued his voyage and arrived home in safety.

This story reminds the Kansas City Times of the case of an ingenious man living on L'Outre island, near Hermann, who has built a house which he thinks will avail him, whatever freak the river may take. On the top of an ordinary log house he has constructed a flat boat, which also serves as a roof. In case of high water he ties the house to the trees and moves his family up on board. There they are gently rocked on the bosom of the avaricious stream, awaiting the subsidence of the water, when by a little maneuvering he settles at his old anchorage, ready to descend and go to house keeping again when the water disappears.

**Dairy and Creamery.**  
Professor Dean of the Ontario Agricultural college, speaking of the difference between cheese and evaporated milk, says: "The difference between cheese and evaporated milk is chiefly this—the former contains but three or four of the original compounds of the milk—viz, water about 81 per cent; fat, 31 per cent; casein, 31 per cent, and about 1 per cent of lactic acid, ash, etc., while the evaporated milk has also the milk sugar, which in cheesemaking passes off in the whey, and a varying amount of water and in some cases cane sugar."

Scientific cheesemakers at the experiment stations begin to be of opinion that cheese can be made without rennet and that this will be done in course of time, though how they are not prepared to say. The truth about aerating milk seems to be this: If you want it to get cream from for butter making, do not aerate it, as this makes the cream hard to get out of the milk. Milk that is clean does not need aeration for butter making purposes. But if you sell the milk and want to get the best price for a pure, sweet article without any food flavors or cowy odors, then aerate it.

Dairy Inspector Bull advises all creameries to put in apparatus for pasteurizing or sterilizing the cream before they churn it. This is done in Danish creameries and constitutes one reason why Danish butter is considered the best that is made.

Mix together the bulky and concentrated foods in proper proportion. The co-operative creamery system is entirely successful in Denmark. There are over 1,000 such creameries in that country at present, each with a membership ranging from 10 to 100.

Danish farmers start a creamery by forming themselves into an association and borrowing capital on the joint security of the members. Then they build their creamery and set it going. No member is allowed to leave the association until it is free from debt. An executive committee is appointed, consisting of chairman, secretary, treasurer, auditor and directors. A general manager is hired, and he and the executive committee transact all the business and run the creamery without any meddling on the part of the stockholders.

**WHY IT CIRCULATES**  
Phenomenal Demand for a Weekly Newspaper.  
IT ADVOCATES POPULAR MEASURES  
Characteristic Letters From All Kinds of People.

The phenomenal circulation of the WEEKLY CAPITAL JOURNAL in all the postoffices of Western Oregon causes a great deal of comment, and needs some explanation. Orders keep pouring in by every mail, and while names are struck off the list as soon as a subscription expires the additions surpass the expiations.

IT IS THE CHEAPEST Weekly in the state. One year \$1.00, six months 50 cents, three months 25 cents. At this low price all can afford to take an Oregon Weekly, and these hard times they naturally take the cheapest. It is too cheap to do without it, and conducted on the cash in advance basis, they know they will not have a bill run on them.

THE PEOPLE WANT IT. The people will not pay cash in advance for a paper unless they want it and appreciate it. THE WEEKLY is as popular as THE ONE CENT DAILY which is conceded to be the most popular daily in Western Oregon. A man brought in a silver half dollar the other day and ordered it for two months. He said: "I can't get work this winter. I can get along without one meal a day. But I can't get along without THE ONE CENT DAILY. These long, cloudy, rainy, winter days it comes a welcome messenger to cheer the whole family." The people feel the same way about THE WEEKLY.

FROM NETARTS BAY. comes a cheering letter from a subscriber at Netarts, Oregon who encloses a dollar and writes: "DEAR EDITORS: THE JOURNAL has the true Republican ring about it. I wish that every paper in the country would advocate the peoples cause as THE JOURNAL does. I will do all I can for THE JOURNAL."

W. C. O'HARA, A Republican of the school of Abraham Lincoln. Mr. O'Hara is not afraid to sign himself an Abraham Lincoln Republican and THE JOURNAL feels proud to be considered a champion of Abraham Lincoln Republicanism.

FROM MAINE TO TEXAS. Come orders for THE WEEKLY JOURNAL. Silver dollars are sent. John Holm, Luling, Texas, sends us a big dollar of the daddy in a common envelope. It is one of those "In God We Trust," dollars, coined in 1893, good enough for any American, and good enough for any newspaper. THE JOURNAL is the only silver Daily and Weekly in Oregon. THE JOURNAL is the only Daily and Weekly in Oregon that fights the whole gold bug humbug and stands for the right of the American people to buy their bonds. It demands Republican legislation for the American people instead of for the corporation, the trusts, the bondholders and syndicates.

ORDER THE JOURNAL. Circulate the DAILY and WEEKLY. Stand by the cause of good government for the masses and sound American principles. We will pay extra postage on silver. Don't send stamps.

How's This! We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & Co., Props., Toledo, O. We the undersigned, have known F. J. Full Details Gladly Given. A Railroad Official's Experience.

M. E. EDWARD EDMONDS, long connected with railroad construction in Nebraska, writes: "My heart troubled and pained me for 19 years. Shortness of breath was the constant and most common symptom. Intense, excruciating pain, generally followed any severe exertion. Faintness, hunger without any appetite; fluttering that made me clutch my breast, and palpitations that often staggered me as if I would fall were frequent attacks. Again, everything would turn black if I arose from a stooping posture quickly. Sleepless nights with their protrating unrest were numerous and I could get no rest day or night. I consulted leading physicians and tried advertised remedies. They gave me no relief. One of Dr. Miles' circulars described my case so exactly that I took Dr. Miles' New Heart Cure and I am now a well man. I hope every one troubled with heart disease will try Dr. Miles' remedies. If they will write me personally, I will gladly give them full details of my experience." Edw. Edmonds.
