FILIBUSTERERS IN CUBA

The Safe Arrival of Four Separate Expeditions.

MADRID, March 5.—Numerous students, armed with clubs, took part in a patriotic meeting at Buen Retiro park today. A strong force of police dispersed them. The police are guarding the university, veterinary college and medical college. It is stated here that several English ship owners have offered the government to equip a privateer on their own account in case of war between Spain and the United States.

The government has decided to purchase two additional cruisers. It is stated that the situation in Cuba appears to improve.

Cuban Filibusters Safe.

NEW YORK, March 5.—Rafael Porturo, secretary of state of the republic of Cuba, has received cipher dispatches which announce the safe arrival in Cuba of four expeditions which have sailed from different American ports during February. The urgent necessity of ammunition in the insurgent army induced Secretary Porturo to make arrangements for the departure of several small expeditions to sail from southern ports of the United States.

The first left this country February 4, carrying 250 rifles and 170,000 rounds of ammunition. Accompanying the expedition were 17 men. The second expedition left February 7 with 150 rifles, 163,000 cartridges and 12 men; the third left February 12 with 250 rifles and 20 men. The fourth sailed February 16 and carried 100 rifles and 80,000 rounds of ammunition and 10 men.

Each of these expeditions, it is said, landed on different parts of the Cuban coast, three on the south coast and the fourth on the north shore.

VOLUNTEERS FOR CUBA.

ST. LOUIS, March 5.—Agents of the Cuban revolutionists, working from St. Louis as a common center, are sending from this city and the surrounding country from 30 to 50 men each week to join the forces of Gomez on the island.

Active work was begun shortly after the middle of February, when a Creole from New Orleans appeared in the city, armed with plenty of funds, and made himself known to a small circle of Cuban sympathizers. No time was lost in getting to work, and between February 20 and 23, 40 or 50 recruits left this city for Cuba. Since the date last mentioned at least 100 more have gone.

The men are enlisted with the understanding that they are to take chances on the success of the revolution. They are promised nothing unless the cause of Cuba wins. If it does they are given a guarantee that they will be well-taken care of. No salary is offered. Transportation is furnished them to the point where they embark for Cuba, and it is guaranteed to them that food and clothing will be provided for them during their stay at the seat of hostilities. Every man enlisted in St. Louis is equipped at once with side arms bought from a large hardware store in St. Louis.

APPOINTED CHANCELLOR.

NEW YORK, March 5.—The Herald says: Dr. Joaquin Castillo has been appointed chancellor of the Cuban league.

Children Cry for Pitcher's Castoria.

tion in America. The appointment was made by Tomas Estrada Palma, president of the revolutionary party or junta. Mr. Palma has had more work than he could personally attend to, and he requested Dr. Castillo to remain in this country and take charge of the junta's work in this city, while Mr. Palma will devote his time to diplomatic matters in Washington.

Dr. Castillo was educated in Paris, and came to this country in 1870. He is a graduate of the university of Pennsylvania. Before the United States naval board Dr. Castillo passed a high competitive examination and was detailed to the United States steamship Wabash in Boston.

He volunteered his services as surgeon of the Rodgers, which went in search of the Jeannette expedition. He served eighteen months in the Arctic seas, assisted in the rescue of the Jeannette survivors and returned to the city.

James G. Blaine's Remains.

WASHINGTON, March 4.—"It has been the cherished wish of Mrs. Blaine," remarked Joseph H. Manley, formerly postmaster at Augusta, Me., where the Blaine family resided, "that the remains of her family should be removed from their temporary resting place in Oakhill cemetery, Washington, and placed at Augusta. Mrs. Blaine has been negotiating with a gentleman at Augusta for the purchase of a suitable site where the remains of the Blaine family may be interred, and it is quite likely that the work of removing the bodies from Oakhill cemetery will be done during this spring. From the fact of the publication in regard to Mrs. Blaine's intentions in this respect, I infer that the negotiations have had a satisfactory conclusion.

It is the desire of Mrs. Blaine to have her dear ones at the old farm, for she thinks, in common with citizens of her state, that all the honors heaped upon her illustrious husband, came to him as a citizen of Maine. Whatever action the state may desire to take in regard to the erection of a monument over Mr. Blaine's last resting place will be entirely satisfactory to Mrs. Blaine, but she will insist on removing the remains from Oakhill and having them interred on the site she has selected at Augusta, at her own expense.

"It would be difficult to picture a more beautiful spot than that chosen by Mrs. Blaine, located as it is on the brow of a hill overlooking the picturesque Kennebec river. A number of communications have passed between Mrs. Blaine and the state authorities in regard to the disposition of her husband's remains, but everything was held in abeyance pending the settlement of negotiations for a site."

Dolph Opens His Campaign.

PORTLAND, March 5.—Ex-Senator J. N. Dolph delivered an elaborate address before a large audience, under the auspices of the Mt. Tabor Republican club, last night. The occasion is regarded as an announcement that the ex-senator will take an active part in the coming campaign. The speaker devoted a large portion of his address to the money question, making a strong plea for "sound money."

Appeal To Business Men.

NEW YORK, March 5.—At the regular monthly meeting of the Chamber of Commerce today there was adopted an appeal to commercial bodies and business men throughout the United States to use their influence to secure the election of only such delegates to both National Conventions as will favor the present gold standard.

Coal Mine Victims.

BERLIN, March 5.—71 bodies, victims of the Cleophas coal mine disaster at Kattowitz, Prussian Silesia, have been brought to the surface. This included four volunteers in work rescue who were overcome by heat. It is believed about 50 miners are still unaccounted for.

POLITICAL POTLATCH

Single Standard Democrats Bolt in Kentucky.

BLACKBURN IS DEFEATED

Serious South American Rebellion in Progress.

FRANKFORT, March 5.—Eighteen of the leading gold standard Democrats of the general assembly have made a formal request of Senator Blackburn to withdraw from the race for senator. The refusal to comply was the result of at least eighteen members withdrawing their support from him. Five gold standard members who have been standing out against Blackburn did not sign.

CUBAN CONFERENCE.

WASHINGTON, March 5.—At opening of the house today, at request of Hitt, chairman of the foreign affairs committee, the senate request for a conference on the Cuban resolutions was agreed to.

SOUTH AMERICAN REBELLION.

TEGUCIGALPA, Honduras, March 5.—The government has declared the departments of Tegucigalpa, Paz Valle, Choluteca, Paraiso, Olancho and Colon under martial law. This step was taken as a result of the rebellion of the Leonists against the government of President Zelaya, of Nicaragua, and there is possibility of trouble here.

BLACKBURN MAY WITHDRAW.

Blackburn says if the Democrats, at the open caucus tonight, after a full non-partisan discussion, vote to ask him to withdraw, he will do so.

CLEVELAND ATTACKED.

Hartmann, Republican, of Montana, made an attack on President Cleveland in the house late this afternoon for his speech before the Presbyterian home mission board in New York, which he declared was a slander on western states, and grossly improper. Hartmann declared the greatest need of a missionary exists in the white house.

HOUSE RESOLUTIONS ON CUBA.

WASHINGTON, March 5.—The Conference on the Cuban resolution after a conference of 40 minutes, today agreed upon the Hojib substitute. At 3 o'clock Sherman presented the conference report to the Senate.

HAWLEY ADVISES CAUTION.

The objection by Hale prevented the consideration of the conference report at the present time. Upon the request of Sherman it was made a special order of business for Monday. In discussion of the subject Chandler declared that the resolutions were not strong enough. He was in favor of the recognition and maintenance of Cuban independence by the United States.

Hawley advised caution saying, "We might be involved in war, not only with one nation but with several. Without an adequate navy, and coast defenses, there should be great care exercised in giving offense to other nations." He hoped the men so vigorously supporting a warlike resolution would vote for liberal appropriations for increasing the navy and army and coast defenses.

The Salem Statesman, some time ago, said last year's Democrats made good Republicans this year. It spoke by the card.

Hood's is Wonderful. No less wonderful are the cures accomplished by Hood's Sarsaparilla, even after other preparations and physicians' prescriptions have failed. The reason, however, is simple. When the blood is enriched and purified, disease disappears and good health returns, and Hood's Sarsaparilla is the one true blood purifier. Hood's pills are prompt and efficient and do not purge, pain or gripe, 25 cents.

Give us cleaner streets, alleys, politics and religion.

DEMOCRATS, YOU MUST.

Declare for the Single Gold Standard in New York.

NEW YORK, March 5.—The World today says: "Mr. Harrity, chairman of the national Democratic committee, has maintained silence for many months in respect to candidates and issues, but he spoke frankly yesterday to the World. He made three extremely important as well as interesting statements:

First—That he no longer considers Mr. Cleveland as among the possible candidates for president.

Second—That the Democratic party in its platform must declare for sound money as against free and unlimited silver coinage at 16 to 1.

Third—That the democrats are not more divided now than they were six months before the Tilden campaign. "Mr. Harrity has recently returned from Chicago, where he arranged the preliminaries of the next Democratic national convention, to which he will go as a delegate, with Pennsylvania's 64 delegates at his back."

Affairs in Bulgaria.

NEW YORK, March 4.—A dispatch to the Herald from St. Petersburg says:

The Vedomists Sofia correspondent says that the Bulgarians are preparing for a Macedonian rising in the autumn, to show dissatisfaction at the powers for recognizing Prince Ferdinand, whom it hoped to get rid of.

The Vedomist draws attention to an extract from the Bulgarian newspaper Moldt, saying that Bulgaria is disillusioned by Russia's policy recognizing the prince. Opinion here is growing irritated respecting Bulgarian pretensions.

POPS WANT TO DEBATE.

The Redoubtable McClary Bards The Old Elephant.

The Salem Post last night prints the following:

The Post is informed that an effort is being made by the Populist party of this section to get up a joint debate on the political issues of the day on or about the 19 of this month. T. J. McClary, of Gates, will be the expounder of the Populist faith, while anyone of the following will be challenged to meet him: Rev. Barkley, E. Hofer or Charles B. Moores.

It is not known whether Mr. Barkley will be home from Ohio by that time but the elder would make a lively match for the tongue McClary any day on any subject.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

THE MINISTRY RESIGN

Crispi Says the King of Italy Accepts.

150 OFFICERS ARE KILLED

And 17,500 Men Were Engaged—All Artillery Lost.

ROME, March 5.—The ministry announced their resignation in the Chamber of deputies today. Premier Crispi added that it had been accepted by the King.

THE NUMBER KILLED

ROME, March 5.—The war office today admitted that "at least 150 Italian officers were killed," but the officials still refuse to admit that over 5,000 men were killed. They say however, that "they believe 9,500 Italian troops and 8,000 native troops in the Italian service were engaged, and that nearly all the artillery, ammunition and supplies fell into the hands of the enemy."

OFFICIALS GUARDED

The officials and private residences of the cabinet ministers the Royal Palace, the embassies and all important public buildings here were guarded by troops throughout the night and the soldiers are still on duty this morning.

Later advices from Massowaha show that although the rout of the Italians was complete, the extent of the disaster is somewhat less than rumor had it. The Shoans did not pursue the Italians to Asmara as first reported and stragglers who were believed to have perished are arriving there. This has caused a renewal of complaints against the government for not giving an official estimate of the number killed and wounded which is still believed to be over 5,000. It appears a majority of the generals approved General Baratieri's attacks.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had Consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida street, San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and Colds. Free trial bottles at Fred E. Logg's drugstore.
