ANNOUNCEMENTS.

FOR SCHOOL SUPERINTENDENT. The undersigned hereby announces himself as a candidate for the office of county school superintendent, subject to the action of the Republican county convention.

H. H. SMITH. FOR ASSESSOR. I hereby announce myself as a candidate for the office of COUNTY ASSESSOR subject to the will of the county Republican convention.

J. A. VAN EATON. FOR REPRESENTATIVE. I have consented to have my name borne before the Republican county convention for representative.

E. W. CHAPMAN. FOR JUSTICE OF THE PEACE. The undersigned announces himself as a candidate for Justice of the Peace in Salem district, subject to the action of the delegates in the Republican convention.

JOHN C. BOOTH. THE MARION PRIMARIES. The result of the Marion county primaries leaves an open sea for all candidates. It is impossible for any candidate for a county office to say that he has won a victory. There are probably a larger number of unpledged delegates elected than ever before and no one can foretell the result of the county convention.

In a town like Salem, which is both a county seat and capital the politicians and spoliemen predominate, the private citizen and mere voter is at a disadvantage. The man who is in politics for what there is in it is very active at the primaries but in the end the people pay the bill. A good ticket in this county will depend upon good work between the primaries and county convention, March 24.

The general fight of the day was for and against Mitchell, and the result is undoubtedly favorable to a Mitchell delegation in the legislature. The so-called sound-money, or gold-standard element was very active. They were interested in a scattering fight to defeat pronounced Mitchell men. In some places they succeeded but not in many.

The same tactics will be pursued in the county convention Tuesday. Forty or fifty candidates will be brought out for the legislature in the hope of scattering the Mitchell forces and getting one or two men on for Dolph. While the J. H. Mitchell men will be scattered the gold-standard men will be found united on one or two men. The result will not be uncertain unless the Mitchell forces should force the fight, get the chairman of the convention, and put up a straight-out Mitchell delegation as the first thing on the program. If they wait until all the combinations are formed they will find Mitchell's interests imperiled by trading for county offices.

Mr. Mitchell's sincere friends should be slow to encourage numerous candidates for the legislature. True friends of Mitchell should try to center on men who can be trusted. If the treacherous elements that pretend to be for Mitchell, but in reality are against him, should be successful in getting onto the ticket it would be impossible to elect them.

The goldite very earnestly repudiates the idea that he is a "gold-monometalist." Then we would like to ask what he means by persistently adhering to a monetary system based absolutely upon gold, and which is defended upon the theory that the gold dollar is the only true and honest dollar?—North Yamhill Record.

The following from the Albany Democrat is rough on "great men." Most of the great men in Oregon are lecturing, for instance Col. Hofer and Gov. Fletcher, of Salem, Baker, of the railroad commission, Supt. Irwin, Geo. H. Williams, D. P. Thompson.

When Cleveland's term expires he will follow Hayes into obscurity, but his administration will be remembered as the worst in the history of the country.—Lebanon Advance.

The Stronghold of Jackson County Speaks on the Money Question.

Whereas, The Ashland Republican club views with displeasure and grave apprehension the organized and persistent effort of a number of men in this state, who have heretofore affiliated with the Republican party, to commit the party to the advocacy of a financial policy by the government of the United States which shall be based on gold monometallism, means-uring all values by the single gold standard; and

Whereas, Stability of prices and industrial prosperity can be secured only by stability in value of money and by constancy and regularity in the money supply; and

Whereas, These advocates of gold monometallism have insolently arrogated to themselves the right to read out of the Republican party of the State of Oregon all those citizens who subscribe to the Republican doctrine laid down in the national Republican platform of 1892, "That the Republican party demand the use of both gold and silver as standard money, including the distinguished leaders in congress, to-wit, United States Senator John H. Mitchell and Hon. Blinger Hermann and Hon. W. R. Ellis, members of the United States house of representatives, because of their votes in favor of the so-called silver bond bill, being the senate silver substitute for the house bond bill, said representatives thereby indicating what they believed to be the best legislation at this juncture to restore and preserve the parity of the two metals as required by the said national Republican platform; and

Whereas, The doctrinal arrogance and denunciation of the Republicans who support protection and independent bimetalism, which appears daily in the leading paper of this state, claiming and admitted to be the exponent of said gold monometallism, is calculated to destroy party harmony, and is misleading and untruthful as to the position of the Republican party on the financial question as expressed in the aforementioned platform. Therefore we, the members of the Ashland Republican club, assembled in the city hall, resent the undue assumption made by any Republican organ or local political organization to "read out of the party" the distinguished gentlemen named, or any other persons favoring bimetalism and protection; and, be it

Resolved, That we reaffirm our adherence to the principles of the Republican party promulgated in 1892, including the declaration that "the American people from tradition and interest favor bimetalism and therefore demand the use of both gold and silver as standard money," and be it further

Resolved, That we approve and commend the vote of Hon. J. H. Mitchell and Hon. Blinger Hermann in congress on the pending financial issues in harmony with the principles of the party platform, and accepting their action as evidence of their continued loyalty to the interest of the people and to the Republican party, we pledge them our earnest support in the impending campaign, which is to determine the right to continue as our faithful representatives in congress of the United States.

Resolved, That a copy of these resolutions be furnished to the press, and to our representatives in congress.

Adopted by the Ashland Republican club. March 19, 1896—3 negative votes.

A Gervais Candidate.

Before another issue appears the Marion county Republican convention will have met and nominated candidates for the respective county offices. We ask at the hands of the various delegates to the convention favorable recognition on the legislative ticket. This precinct has not been represented since 1882, when Dr. M. A. Flinn was chosen from our immediate neighborhood as a legislator. Other prominent points of the north end of Marion county have been represented time and again. We have a candidate in the person of McKinley Mitchell, a native son, who has been a Republican since he attained his majority; a worker who has labored earnestly for the party and its interests; who has changed by his own personal exertions a Democratic stronghold to a Republican majority, as was evidenced by the heads of the Republican ticket being carried at the last election for Republicanism and protection. Mr. Mitchell will prove as conscientious a worker in the state legislature as he has been in his own precinct. We feel safe in claiming that he will bring to the convention the strongest following of any candidate from the north end. If nominated we pledge for him a rousing support not only from Republicans, but other parties as well. We believe that the convention will make no mistake in bringing forward her native sons, and now is the time to "line 'em up." He is a "natural" candidate for he is for William McKinley for president and John H. Mitchell for United States senator.—Gervais Star.

Preparations Being Made for Field Day—Other News.

Mrs. J. B. Sharpe, Mrs. J. P. Frizzell visited chapel the past week. Rev. G. W. Grannis conducted chapel exercises Monday morning.

Miss Alice McFadden, a sister to Mrs. J. P. Frizzell, entered school the past week.

Miss Grace Burdick, of Sheds station, has registered with President Hawley and is now numbered among Willamette University students.

Miss Agnes Brown has been absent from school several weeks owing to a severe attack of the grippe. We are pleased to hear she is rapidly recovering.

Miss Edna Price was absent from school Monday being called to Albany to attend the funeral of her uncle Mr. Fred Price who died the Saturday preceding.

Chapel rhetoricals the past week were: Monday, recitation, P. L. Brown; Wednesday, recitation, Bessie Burkhardt; Thursday, recitation, D. C. East; Friday, essay, S. P. Early.

"The Stage Driver's Story" was the title of D. C. East's recitation in chapel Thursday morning. It was a thrilling account of an unsuccessful "hold-up" in the mountains of Montana and was well delivered. Mr. East possesses excellent elocutionary talents and is a good impersonator.

Although not an Irish institution, a beautiful green steamer floated from the flag staff of our school Tuesday. Some students are of the opinion that a visit from St. Patrick might be greatly appreciated in Oregon. They doubtless think that we could get along with less frogs and snakes than we have at present.

A petition was being circulated among the students the past week requesting the faculty to give the students a half day vacation on the afternoon of April 10, at which time the state convention of the Epworth League will be in session in Salem.

Portland University has issued a souvenir football pamphlet. The work is dedicated to the football teams of Oregon and contains the photographs and records of all the teams in the state. It is a creditable pamphlet and will be highly prized by those to whom it is dedicated.

Owing to two vacancies in the Willamette University Glee Club, caused by the withdrawal of two tenorsingers, Messrs. Shulze and Ogle have joined the club and will hereafter assist with their trained voices. Mr. Shulze thinks he can master the remarkable "trill" of Prof. Norse, and his appointment to a place in the club will probably prove a valuable addition to that excellent company of vocalists.

Friday morning, during chapel exercises, President W. C. Hawley presented Chester Murphy the handsome gold medal, which that young gentleman won at the handball contest recently. It is a beautiful medal and will no doubt be highly prized by Mr. Murphy. The initials "W. U." and the word "Singles," denoting the nature of the games played, are neatly engraved upon the surface of the medal.

The Philodorian society has accepted the challenge of the Philodorian to participate in a membership contest. Both societies are very busy getting new members. The contest will close April 10, when the society having secured the most new members will be entertained by the other society on the evening of April 17, to which only the faculty, alumni and students of the two societies will be invited.

The Young Woman's Athletic Association has received a challenge from the Eugene Association, asking it to engage in a game of basketball. The challenge has not yet been accepted and probably will not as the young ladies of Old Willamette have just recently organized a basketball team and do not feel well enough acquainted with the game to take part in a game with such an experienced team as is the Eugene team, they having had considerable practice.

Last Saturday marked the birthday anniversary of Guy C. Miller and in view of the fact about twenty of his young student friends gathered at his home in South Salem that evening where a most enjoyable time was had. Games and other amusements served to make the evening pass rapidly after which light refreshments were served. After congratulations and wishing the host many happy returns of the day, the young folk's dispersed.

Fourteen of the young gentlemen enjoyed a "cross country run" Thursday afternoon. Max Miller and his men: Murphy, Williams, Ogle, Hibbard, Brown (P. L.) and C. J. Atwood left Smith's hill about two miles south of Salem, at 5:13 o'clock reaching the "Gym," at 5:25 p. m. Ed Carter and his men, viz: Aschenbrenner, Jones, Wilkins, Guiss, Matthews, and F. E. Brown left the same place 10 minutes later (5:33) and reached the "Gym" at 5:33; thus gaining 14 minutes on Miller's team.

The April number of the Willamette Collegian will be published by the young gentlemen of the school. I. P. Callison will officiate as editor. All articles, both poetry and prose, jokes and personals will be furnished exclusively by the young men. The May issue of this interesting school journal will be published by the young ladies of the school, at which time Miss Myrtle Marsh will act as editor. Each of the contestants will endeavor to make his respective issue the best, and the public may be assured of two unusually interesting numbers of the Collegian.

An enthusiastic meeting of the Athletic Association was held Tuesday afternoon at 3:30 o'clock, at which meeting about thirty of our young athletes were present. President I. H. Van Winkle called the meeting to order and stated the object of the meeting. It was decided to hold the local field day at Salem Saturday, May 30, just one week before the Intercollegiate field day meet in Portland. F. E. Brown, director of the gymnasium, was elected business manager, and Chester Murphy was unanimously elected captain of the athletic team. A committee consisting of F. E. Brown, C. G. Murphy and P. L. Brown was appointed to confer with the Y. M. C. A., with regard to holding a joint field day on May 30. The university boys are anxious to have the Y. M. C. A. enter the contest. If they should do so it would result in more earnest and steady practice on the part of the university boys, thus better preparing them for the more important events to take place in Portland next June. I. H. Van Winkle was elected member of the executive committee of the Intercollegiate Athletic Association to represent Willamette University. The subject of baseball was then introduced, which met the hearty approval of all concerned, and a temporary organization was effected. F. E. Brown was elected manager and Chester Murphy captain of the baseball team to be organized as soon as possible.

The committee consisting of F. E. Brown, C. G. Murphy and P. L. Brown, appointed by Willamette University Athletic Association to confer with the Y. M. C. A. with regard to holding a joint field day on May 30, met with Secretary W. C. Paige Friday afternoon when satisfactory arrangements were made for the event. An order of events, similar to those of last year, was decided upon and arrangements made for the purchasing of prizes. The University Association will attend to the financial affairs while the Y. M. C. A. boys will compete for the prizes and the honor.

This day will no doubt prove a big holiday for Salemites. Excursions from up-river points will probably be given.

The victory of the Lincoln club in Woodburn was certainly a high compliment to Mr. Barkley and his friends.

TAKE STEPS In time, if you are a sufferer from that scourge of humanity known as consumption, and you can be cured. There is the evidence of hundreds of living witnesses to the fact that, in all its early stages, consumption is a curable disease. Not every case, but a large percentage of cases, and we believe, fully 90 per cent, are cured by Dr. Pierce's Golden Medical Discovery, even after the disease has progressed so far as to induce repeated bleedings from the lungs, severe lingering cough with copious expectoration (including tubercular matter), great loss of flesh and extreme emaciation and weakness.

Do you doubt that hundreds of such cases reported to us as cured by "Golden Medical Discovery" were genuine cases of that dread and fatal disease? You need not take our word for it. They have, in nearly every instance, been so pronounced by the best and most experienced home physicians, who have no interest whatever in misrepresenting them, and who were often strongly prejudiced and advised against a trial of "Golden Medical Discovery," but who have been forced to confess that it surpasses in curative power over this fatal malady, all other medicines with which they are acquainted. Nasty cod-liver oil and its filthy emulsions, and mixtures, had been tried in nearly all these cases and had either utterly failed to benefit, or had only seemed to benefit a little for a short time. Extract of malt, whiskey, phosphates had also been faithfully tried in vain.

The photographs of a large number of those cured of consumption, bronchitis, lingering cough, asthma, chronic nasal catarrh and kindred maladies, have been carefully reproduced in a book of 160 pages which will be mailed to you, on receipt of address and six cents in stamps. You can then write to those who have been cured and profit by their experience.
