SOCIETY CHRONICLE.

FINNIGAN'S BALL.

is undoubtedly the best comic company that will appear in the capital city this season, therefore a large house will undoubtedly greet them at their performance at the opera house on Thursday evening next. To secure good seats you should call immediately at Dearborn's bookstore and get them reserved.

THE BOYS IN BLUE.

Next Tuesday evening the play, "Twixt Love and Duty," will be presented at Reed's opera house under the auspices of the board of officers, O. N. G., in that beautiful drama in five acts.

Special scenery. Sixty people on the stage. Full orchestra. New music. Gallery 25c. Reserved 50c. Seats on sale at Patton Bros. or by the board of officers.

COMING SPIRITS.

The appearance of the famous spirit medium, M'de Beauseant, at the opera house Sunday night, March 29th, is attracting a great deal of attention among that very class of people who always like to deal with the supernatural. M'de Beauseant's early success was made in England, where she for three months withstood the searching investigation of the Royal Scientific Society, the account of which was published in the Quarterly Journal of Science, and which is in every public library throughout the world. Recently M'de Beauseant has made a tour of the world, where she has again met with the same success as on her previous visit, appearing in Berlin, Vienna, St. Petersburg, Paris and other large cities throughout Europe, before the nobility as well as the scientific societies, who acknowledge her as handling the subject she represents in a thorough and able manner. She will no doubt meet with the same success as in other large cities.

JOHN JAMES' ESTATE.—In the estate of John James, deceased February 19, 1896, who left a widow and a daughter aged 16, letters testamentary were issued today to Alice James, his wife, as executrix named in the will. Property is left to the amount of about \$5000.

FINNIGAN'S BALL.—At Reed's opera on next Thursday night is one of the funniest shows on earth. Don't miss it. Seats on sale at Dearborn's bookstore.

REMEMBER.—The emigration meeting at the council chamber Monday night, and be sure to attend.

The U. S. Gov't Reports show Royal Baking Powder superior to all others.

A Spring Day
Brings its delights to every heart, but a stock of groceries, such as we carry, delights every housekeeper regardless of the weather. The freshest goods in every department and the most exacting service, as well as the lowest prices, make our store popular.

THE POP CONVENTION.

(Continued from first page.)

THE STATE PLATFORM.

We, your committee on platform, beg leave to submit the following report:

1. We reaffirm the fundamental principles of the Omaha platform and instruct our delegation to the national convention to readjust any details, if possible, in such form that all reform element can unite on one platform and one national ticket.

2. We favor changing our national constitution so as to provide some form of direct legislation, and the early admission of important national questions to the people.

3. We recommend that our national convention devise some plan for the effective protection of American labor from the ruinous competition of Asiatic and European cheap labor, including rigid restriction, and exclusion, if necessary, of foreign immigration.

STATE AFFAIRS.
1. We denounce the Republican party for its entire failure to perform any promise it made to the people of Oregon in the year 1894, and hold it wholly responsible for the reckless and extravagant waste of the taxpayer's money by the legislative assembly of the year 1895.

2. We pledge our candidates for the legislative to vote for the abolition of all useless commissions and boards, for the salary system of paying public officers, for a state appropriations bill providing only for the constitutional salaries and the economical support of necessary state institutions and against any appropriations for sectarian institutions.

3. We demand the reduction of official salaries to correspond with the reduction in the wages of labor and the prices of products of labor.

4. We renew our demand for the speedy abolition of all fish traps, fish wheels, and a stringent regulation of seine and net fishing.

5. We demand the re-inactment of the mortgage tax law.

6. We favor an amendment to our state constitution providing for the initiative and referendum.

From this resolution the convention ordered the following words stricken out: "In its obligatory form and until that is possible, we pledge our candidates for the legislature to do all in their power to cause to be referred to the legal voters of the state the question of enacting or repealing any state law that is demanded by petition, signed by 10 per cent of the legal voters of the state, at the next session to act in accordance with the majority vote."

As to any new local or special law for a town, city or county, our candidates shall vote for it to be referred to the voters interested before it takes effect.

If ten percent of the legal voters of any county, city or town, shall by petition demand any local law, our candidates will vote for the enactment of such law, providing that it shall be referred to the voters interested and take effect only when approved by a majority of those voting thereon.

With each proposed law, there shall be printed and delivered to every person entitled to vote thereon so far as possible, a short statement of the reasons for and against the law as given by its friends and foes."

RESOLUTION ADOPTED.

We protest against the policy of the government in patenting to railroad corporations lands along their lines, of which in many instances mineral lands are patented to said corporations, to the great injury to the miners of our state.

Wherefore, we demand that all mineral lands in the state be exempted from the grasp of any local law, and reserved for the use and benefit of the miners and the best interests of the state.

OTHER MATTERS.

The W. C. T. U. resolution was "referendum."
One favoring senators elected by the people was adopted.
One favoring a deduction for debt and a corresponding credit passed.

Deafness Cannot be Cured.
by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

The Discovery Saved His Life
Mr. G. Cailoute, Druggist, Beaverville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at Fred A. Legg's Drug Store.

First of the Kind.

Clearance sales are a common enough thing in dry goods and clothing stores, but seldom, if ever, has this city had a clearance sale in crockery, glassware, queensware, lamps, etc. Such a sale is now running at the Pioneer grocery and crockery house of John G. Wright at 227 Commercial street. The large crockery stock, the largest ever brought to Salem, direct from manufacturers, will be sold at cost for cash. Mr. Wright contemplates making a change in his style of business, and in order to do so will reduce the stock. Here is a splendid chance for those who desire to purchase goods in his line, to buy what they want, and save money by doing so. The large stock of groceries will, during the continuance of this sale, which will last 30 or 60 days, be also sold at a great reduction. The time to buy is early, while the stock is yet full and complete. 27 d3t w1
