#### WANTED—THE BEST MAN.

The people want the best among the Republican candidates for congress. They have a right to have the Republican convention at Albany put up the best man for the people, and the people are entitled to the best services of that man after he is elected. This is the platform of the people and the people are going to be heard this year. Politicians who are trying to become congressman in this district simply because they want the office, or because they represent this interest or that, or because some faction of the party wants them, reckon without their host. They ignore the great fundamental representative principle, which our Anglo-Saxon forefathers established in the forests of North Germany. Armed with this principle they drove the Romans out of the English islands and established a representative government, the most precious heritage of the American people.

A superhuman effort is being made to send national bankers and corporation lawyers to the lower house of congress. Is this done out of love for the people, or to protect special legislation for special interests? Let the Republican party in this congressional district beware how far it prostitutes the party organization in this direction. The masses of the people have yet some rights which the "special interest" politicians cannot trample upon with impunity. Give us a candidate for congress in this district who is a Republican of the people and for the people, and he will be elected by the people.

THE JOURNAL prints further returns from the congressional situation in this district today. It believes the fight is narrowed down to a choice between Ford and Hermann, for the simple reason that these men have records on state and national questions of legislation that the people understand. THE JOURNAL is not the organ of any faction. It demands the best for the people. It seeks to secure the best possible results in the public service at the hands of the public officials after they are elected. This is a platform of fairness and justice to the people and to the party. It is a platform of true Republicanism as we understand it.

**WEAK MEN CURED AS IF BY MAGIC.**  
Victims of Lost Manhood should send at once for a book that explains how full manly vigor is easily, quickly and permanently restored. No man suffering from weakness can afford to ignore this timely advice. Book tells how full strength is regained and how to secure it.

#### SINGLE STANDARD OR BIMETALLISM.

The single gold standard is demanded in the name of "business principles." There are things more sacred to the American people than "business principles." "Business principles" are good, but just principles, sound principles and moral principles are better. Bimetallism cannot be cried down by the "business principles" cry, any more than the abolition movement could. In both instances the "business" cry has its origin in the greed of Wall-street money-changers. The demand for bimetallism grows out of the deep conviction of the best men and women in the world that gold alone will not suffice for the redemption money of the world, that the adoption and continuance of the single gold standard has been a blind, crushing, grinding force, squeezing the life out of business, production, labor and enterprise, and that one turn more of the gold standard screw will bring the debtor class to the point where revolution begins.

THE JOURNAL believes in the rights of property and investments to demand a sound currency. But that right does not extend to destruction of values and confiscation of all but the property and investments of gold-holders. There is not one-tenth gold enough to pay the deposits in the banks and savings banks. The banker himself should stand by the legal tender character of the silver dollar, and be prepared to receive it and pay it out on equal terms with gold, instead of discriminating against it and crying it down as a 50-cent dollar. The sooner they come to an honest recognition of honest bimetallism, the only honest money system, the better for all concerned.

The coming congressional and state Republican conventions in Oregon cannot be driven to endorse gold-monometallism either by the character of their candidates, or the platforms they adopt. They cannot be driven to abandon bimetallism, the money of the people. They will not go to the Populistic extreme of flat money of any kind; neither will they be driven to the Cleveland-Carlisle-Wall-street theory. Like free trade, the single standard is a beautiful theory, but it is not practical. It works bad. It will never be accepted by the people. If the Republican party follows the late Democratic party on this we might as well set up a monarchy at once.

#### MR. BINGHAM'S BILL.

Mr. Bingham, as attorney for Marion county, is entitled to a reasonable lawyer's fee for collecting the \$7,334.15 recovered as delinquent taxes from the Oregon Pacific railway. A subscriber wants to know what there is wrong about him retaining his fee? We do not believe Mr. Bingham is entitled to retain \$1467.42 without ever rendering a statement to the county court, or filing a bill for his services and having it audited and paid in the regular way. The judgment of the court was for delinquent taxes due Marion county of \$9,334.15. That sum should have been paid over to the county treasurer of Marion county, and Mr. Bingham's bill for legal services and other expenses paid out of the county treasury on a warrant, properly audited and ordered paid by the county court in the regular way.

No man doing business for the public has a right to audit his own bills and pay himself off. Mr. Bingham should be paid a reasonable fee and his expenses, but let it be done according to law. As it is, he would be open to the charge that he had grabbed an unreasonable fee in an illegal manner. He should, at least, comply with the formality of rendering a properly itemized bill, and the court should go through the formality of auditing it, that the county books may show what the county has received for taxes and paid out for lawyer fees.

#### SIZING UP THE TICKET.

##### Some Independent Comments What The Democrats Will Do.

The Jefferson Review, edited by an independent man who inclines to reform, says of the ticket:

The legislative ticket is solid for John H. Mitchell.

Everybody around Jefferson knows J. N. Smith, and he will get a big vote here.

D. H. Looney made a good fight, and may well be proud of his big vote and large number of strong friends.

Barkley has heaps of cheek. It is few men who would make such a speech as the one delivered by him immediately after his nomination. In brief, he informed the delegates that if they framed a platform to suit him he would stand on it; if they didn't get one such as he wished he would build a platform of his own and run on that. Barkley is an earnest free silver advocate and will be elected.

Two of the "noble thirty" were re-nominated.

Jefferson gets her usual portion of soup. If Geo. Jones had hinted that he had lived here he would have got left. George is a good boy, and in every respect competent to fill the position.

The was much dissatisfaction expressed over part of the legislative ticket.

Frank Wrightman's friends are jubilant over his success. No one can question Wrightman's ability for the position. In the discharge of his duty he is always most courteous and accommodating.

Phil Fretz made a splendid run for assessor, and was only defeated by a peculiar turn of events at the eleventh hour. But Phil is too good a man and has too many friends to stay down long. While we may never have another opportunity to support Mr. Fretz for a public position, we do not expect to vote for any better men.

Jap Minto for treasurer is too well known throughout the country to require any introduction to the people. He has made a good official, and will without doubt continue to do so as long as he fills the position.

L. V. Ehlen, county clerk, has filled the position very acceptably and is a much stronger candidate today than he was two years ago, because of the hundreds of new friends he has made during his term of office.

That there is a large Republican majority in the county is certain, but that fact does not insure the election of the entire ticket. It is possible that some of the over-confident ones may come out a little short.

The work of the convention was finished about 3 o'clock a. m. Wednesday, after which a banquet was given the delegates by McKinley Mitchell.

There were members of all parties crowding the galleries and evincing great interest in the proceedings.

There were 247-delegates in the convention.

A number of prominent Democrats watched the proceedings to find weak places in the ticket, so they might stand a show to work in a stray man or two. It is not thought now that the Democrats will nominate more than two or three candidates.

A canvass of the delegates present showed a large majority in favor of Till Ford for congress, and McKinley for president.

#### For Sunday Closing.

INDEPENDENCE, OR., March 31.—A mass meeting was held at the Auditorium Sunday afternoon at 3 o'clock, by the Woman's Christian Temperance Union, for the purpose of having the business houses of this city closed on Sunday. The meeting was called to order by Mrs. S. A. George, president of the union, and the object of the meeting stated to the circulation of a petition demanding that city officials enforce the state and city laws regulating Sunday observance. Rev. S. A. George, of the Presbyterian church, then presented the subject from a religious standpoint. Rev. W. T. Fleenor, of the Baptist church, presented the moral side of the subject, and Rev. D. H. Glass, of the Methodist church, read the state and municipal law. Petitions were then passed through the audience, and generally signed. The ladies announced that they would make a house to house canvass of the

city for signatures, and the petition will be presented to the council at its next meeting.

**Heavy Appropriation.**  
WASHINGTON, March 31.—Cannon, chairman of the house committee on appropriations, says that the appropriations for this session of congress could fall below \$500,000,000.

In conclusion, Cannon said the public service, in his opinion, could not be provided for for two years for less than a billion dollars. Now, however, the government was borrowing money to pay current expenses, and in view of this fact, he appealed to the house to keep down appropriations and be content with caring for the public service as it existed and not enter upon any new expenditures while this borrowing was going on.

The "Saturday Night" philosopher of the Albany Democrat has the following: "The man who runs for office must be philosophical. He must remember that he has no more rights than any body else, and that his opponent is built politically just as well as he is. He must keep composed, and not fly off on a tangent at every occasion that is distasteful to him. The candidate must expect to get shown up if he deserves it. It isn't right to throw mud, but it is right to give facts. So when facts are set forth, even though disputed, why just contradict them if you please, but don't get mad, for it's a part of the business, and the man who is not willing to take things as they come, had better stay out of the fights."

**Deafness Cannot be Cured.**  
by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

#### TERSELY-TOLD SAYINGS.

Among the Mexican populace there is an idea that the lizard warns men of the approach of a serpent.

The very poor of Berlin are better housed than those of any other large city in the world. The German capital is really without "slums."

There are seven surnames in Ashantee corresponding to the days of the week, as follows: Kwaise indicates a man born on Sunday, Kudjoe on Monday, Kwabina on Tuesday, Kwaku on Wednesday, Yao on Thursday, Kofi on Friday, and Kwamina on Saturday. They are all accented on the final syllable.

In Malta dueling is permitted by the law, but under certain restrictions. The combatants are bound under the most severe penalties to desist and sheathe their swords at the bidding of a woman, a priest or a knight of the Order of Malta.

**MOTHERS** recovering from the illness attending child-birth, or who suffer from the effects of disorders, leanings, eruptions and displacements of the woman's organs, will find relief and a permanent cure in Dr. Pierce's Favorite Prescription. Taken during pregnancy, the "Prescription" **MAKES CHILD-BIRTH EASY** by preparing the system for parturition, thus assisting Nature and shortening "labor." The painful ordeal of child-birth is robbed of its terrors, and the dangers thereof greatly lessened, to both mother and child. The period of confinement is also greatly shortened, the mother strengthened and built up, and an abundant secretion of nourishment for the child promoted. **THE MARRIED WOMAN** be delicate, run-down, or overworked, it worries her husband as well as herself. This is the proper time to build up her strength and cure those weaknesses, or ailments, which are the cause of her trouble. Dr. Pierce's Favorite Prescription dispels aches and pains, melancholy and nervousness, brings refreshing sleep and makes a new woman of her. **Mrs. Anna Lyon** of *Lovine, Jefferson Co., N. Y.* writes: "I had been suffering from ulceration of the lining of the womb, for several years, or since the birth of my youngest child. I consulted several physicians around here and they gave me up and said there was no help for me. At last, almost discouraged, I began taking Dr. Pierce's Favorite Prescription and took five bottles. It is three years since I had my last trouble, and I feel very grateful, and I feel over you my life. It is not too late, I should have been alive now if I had not taken your medicine."
