THE FIRST BICYCLE RUN.—A company of five of Salem's promising young wheelmen viz: Zadoc Riggs, Boyd Richardson, Phil Metschan, Albert Gilley and Chester Murphy enjoyed the first bicycle run of the season this afternoon. They left the Y. M. C. A. rooms soon after 1 o'clock with the intention of visiting Independence, Monmouth and Dallas providing the roads were in a fit condition. Such short runs are both enjoyable and beneficial to a wheelman as his muscle and stick-to-it-ive ness is tested thereby.

WEATHER FORECAST. — Monday night fair; Tuesday fair and warmer. There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a tablespoonful. It acts directly on the blood and mucous surfaces of the system. They offer \$100 for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75 cents.

PERSONAL.

Morrison's Grand Production of "Faust" at The Opera House will be the attraction at Reed's opera house Thursday April 23, the following is from the St. Louis Globe Democrat.

Morrison's "Faust," has held sublime control over the emotions of large audiences this week. Truly enough it would seem the devil is not as bad as he has been painted. His followers have been many and from all ranks and conditions of life. The evil one is only evil in disguise, he is the embodiment of mirthfulness and hilarity, suiting himself to the disposition of each and all. He is, in his own diplomatic way, all things to men so that by any means he may gain some. Who would be led away from the paths of righteousness by a morose, ungainly, disagreeable personage?

To those dissatisfied with the livery of Mephisto, is there not full compensation in the moral developed in all instances of temptation? Does the tempter permit Faust to enjoy long the pleasure of sin? Does he not always ordain that they shall be bitter sweets in the end? The scenic effects where church and saloons exists in such close proximity are admirably suggestive of the truth that "Wherever God erects a house of prayer The Evil always builds a chapel there."

AT THE PRESBYTERIAN CHURCH

Synopsis of Morning Service—Church Seeking a Pastor. Rev. F. H. Gwynne, formerly pastor of the Presbyterian church of this city, delivered two eloquent sermons in that church Sunday. The subject for the morning address was taken from James 5-17, "Elijah was but a man."

Elijah was unlike a man in many respects: First—his appearance. He came into this world more like an angel than a human being. No one knew his early history. He introduced himself onto the stage of action. Second—His manner of talk. "There shall not be dew nor rain these years but according to my word." He spoke as one of authority. Third—Power to perform miracles. Fourth—Manner of dying. Elijah passed from this world as mysteriously as he had appeared. He passed into heaven in chariot.

But Elijah was like a man. First—He heeded Jezebel. Elijah heeded the threatenings of Israel more than he trusted the promises of God. As long as Peter kept his eye on God he could walk on the water, but unless he did his faith failed him. Second—He wished to die. He fled from Zaeza-

bel and asked God to take away his life. When God's people wish to die they are in the least fit condition to die. God and a Christian is a match enough to conquer sin, flesh and the devil. It is not to be wondered that Job and Solomon hated their lives. Third—Hiding in the cave. Like Adam we lay the fault on some one else. Fourth—Thought he was the only Christian left. We ourselves think so too sometimes. In time of affliction Christian people reveal themselves. There are thousands of people in the United States who have never identified themselves with any church, who would suffer at the stake rather than deny Christ, should the church be persecuted. Best men are meek. Fourth—God uses unlikely means to carry out his purposes. Fifth—The path of duty is the path of safety. Occurrences in Elijah's life stained his character. If we want an unblemished character, keep in the path of duty. All Christians will be saved at death if found in the path of duty.

In the evening Dr. Gwynne delivered a missionary talk, in which he revealed many startling facts regarding the preaching of the gospel in our own state. In Eastern Oregon there are six counties in which the gospel is not preached at all. Preceding the morning service Misses Albert, Woodin and Davis sang a beautiful selection, and Mrs. E. B. McDowell sang a very beautiful solo in her usual pleasing manner in the evening.

At a meeting of the session of the First Presbyterian church, April 16th, the following self explanatory resolution was passed: Resolved, That the clerk of the session call a meeting of the congregation on Thursday evening, April 23, after prayer meeting for the purpose of appointing a committee to look out for a suitable pastor and provide in the meantime for a temporary supply. (Signed) J. M. MARTIN, Clerk of Session.

Hood's Sarsaparilla is the One True Blood Purifier. It gives good health, because it builds upon the true foundation—pure blood. Hood's Pills are purely vegetable, perfectly harmless, always reliable and beneficial.

DR. MILES' RESTORATIVE NERVINE cures nervous prostration. Not mistakenly, but scientifically, by first removing the germs of disease, and then supplying healthy nerve food, increasing the appetite, helping digestion and strengthening the entire system. Desperate cases require prolonged treatment as shown by that of Mrs. M. B. Reed, of Delta, Iowa, who writes: "As the result of a lightning stroke, the physicians said I had a lightning stroke of paralysis, my limbs would all draw up. Dr. Miles' Restorative Nervine would have throbbings in my chest that seemed unendurable. For three months I could not sleep and for three weeks did not close my eyes. I prayed for sleep, and felt that if relief did not come I would be dead or insane. I took Dr. Miles' Restorative Nervine and the second night slept two hours and from that time on my health improved; slowly at first, but steadily and surely. I took in all 40 bottles, and I cannot express how grateful I am, for I am now perfectly well, and have taken no medicine for over four months." Dr. Miles' Restorative Nervine is sold by druggists on guarantee that first bottle benefits or money refunded. Book on heart and nerves free. Dr. Miles Medical Co., Elkhart, Ind.
