WEATHER FORECAST.—Rain Tuesday night. Showers and cooler Wednesday.
There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a tablespoonful. It acts directly on the blood and mucous surfaces of the system. They offer \$100 for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O., sold by Druggists, 75 cents.

G. A. R. AND W. E. C.
The ladies of Sedgwick Relief Corps and the G. A. R. boys last evening entertained their friends at Insurance hall in a happy manner. A musical program was followed by a novel auction or "Dead Horse Sale." On this occasion E. K. Hall acted as auctioneer, and all who bought packages "sight unseen," as it were, got value received, and the whole event caused much merriment. The affair closed with ice cream and a royal good social time.

Wiggins was elected to the presidency. The resignation of Walter C. Paige, the present general secretary, was received. Mr. Paige asks release on June 1st, as he is preparing to return to the east, and to, later, accept a more lucrative position in the association work. ABOUT THE ELKS.
The state house will be well represented at the banquet.
Usually Portland sends only her worst classes to Salem—Criminals and politicians. Among the Elks are some very respectable business men.
The Elks have nothing to do with politics, or religion. They also never pass the hat or resolutions.
"Our Society," said a prominent Elk, "does not exclude any man on account of race, sex, color or previous condition. We do weed out mean men and put a premium on good fellowship."

They Don't Like It.
At Roseburg there is a big hobo camp, which furnishes a sort of general headquarters for the "Weary Willies." They usually stop there and "rest" often for a week at a time in their journeys north and south. In this camp there is a sign board posted bearing the following inscription: "Look out for Eugene! Bum town! Rock pile." This probably explains why so few of this degenerated class of human beings have frequented our streets of late, and why the few that do venture to come here get out of town so quickly when invited to "move on" by the police.—Eugene Guard.

HEARD IN SALEM.—We often read quaint sayings of children in the different magazines and other publications, but we will state that Salem possesses a few remarkably intelligent children, as will be evinced by the following: A primary teacher in one of the Sunday schools was recently busily engaged in perusing the lesson for the day, assisted by a chart, portraying Elijah on his knees, praying. When the pupils were questioned as to what Elijah was about to do, one bright-eyed little girl replied: "He is going to turn a summersault." The topic of the lesson in Junior Endeavor meeting recently was, "Jonah in the Whale's Belly;" while the teacher was relating the experience of Jonah, having just located him in the whale's mouth, a girl of seven summers spoke up. "Did he chew him?"

Get on to the Northern Pacific Flyer.
The change of time via the Northern Pacific enables passengers to leave Portland daily at 5 p. m., reaching St. Paul and Minneapolis in three days, St. Louis and Chicago in three and one-half days, Lincoln, Neb., at 12:55 noon of the third day, Omaha at 4:05, St. Joseph at 5:50, Atchison at 6:30, Leavenworth at 7:35 and Kansas City at 8:05.
You can see by this that the Northern Pacific equals all other lines to all points, and if you will compare schedules, you will see that the Northern Pacific beats all other lines into Lincoln four hours, St. Joseph twelve hours, Atchison twelve hours, Leavenworth fourteen hours and Kansas City ten hours and forty-five minutes, where immediate connections are made in union depots for all points.
Don't forget that the Northern Pacific is the only line running two lines daily to the east, the only dining car route from Portland, the only line running a first-class Pullman sleeper through from Portland to Minneapolis and St. Paul without change, and the only line to the Yellowstone National Park.
