BAKER UF LANE. Hon. C. H. Baker of Lane county, Write-Up of Some of the Business has been nominated for the senate by

the Populists, and will probably be the only candidate in the field, by the time election day rolls around, against Dr. Driver, the eminent divine. Dr. Driver was nominated by the Republicans on a wave of A. P. A. en-

thusiasm, and has spent most of his time since his nomination denouncing shows. the Catholics and Liberals. He is an ; able man, but has a heavy load to carry, in the natural aversion of the American people to pick up a man, who carries a-theological chip on his shoulder all the time. Driver has also to carry Moorhead, who two years ago was elected on a reform and sil/er platform, and then sold out his constituents for a mess of pottage, handed him by the Simon ring at the last moment.

The Republican party should not have thrown men like Baker and Hillegas overboard. They are as clean and able and conscientious Americans as ever sat in the Oregon legislature. They are fearless, courageous, indepandent and intelligent. It is suicidal for a party, at the bidding of such men as Mr. Dolph's nephew and Prof. and has a good trade. Mc Elroy, to punish such men. When Baker and Hillegas, both farmers, they committed a blunder, no matter once being representative. whether their ticket is elected or not. The taxpayer looks behind the actions

of a convention to see the dominating motives of the party managers. What reforms need the people expect at the hands of men who bow down to the corruptionists in order to get places and emoluments? None whatever. The people of Lane county will return Mr. Baker to the state legislature and return men with him who will represent the people instead of the ring. It is to be regretted they will not be

returned as Republicans.
