AT THE BLIND SCHOOL.

The exercises at the Oregon School for the Blind were highly entertaining. Prof. Hawley's lecture on the Nicaragua Canal was listened to with marked attention and evident interest. He has given the subject much thought and handles it in a masterly way. The members of the literary society, which is connected with the school, and all present enjoyed very much indeed the singing by Prof. Heritage and the performance on the piano by Prof. Winkler, both were endorsed. Mr. Bollinger, former superintendent of the school, was present and gave one of his characteristic lively addresses. The piano solo, by Miss Hubbard, teacher in the school, indicated much ability, and the recitation by Miss Watkins was highly pleasing. The school will soon close a prosperous year.

THE PYTHIANS.

The past week has been marked by a great event in the history of the Pythian order in this county. A party of 16 ladies of the Rathbone order and 20 Pythian knights of Salem went over to Silverton to institute Ella Houston Temple No. 16, and Home lodge No. 35. The grand lodge of Rathbone was represented by the state organizer, Miss Ella Houston, of Roseburg, and Grand Protector Mrs. Fred Steusloff, of Salem. There was a grand banquet Tuesday night after installation, and the visitors from Salem were treated nobly. Following from Salem went over: Mr. and Mrs. Steusloff, Mr. and Mrs. Coutris, Mr. and Mrs. Burggraf, Mr. and Mrs. Wiprut, Mr. and Mrs. Fones, Mr. and Mrs. Knox, Mr. and Mrs. Chas. Rev. Burdette preached at the school Sunday evening on "Faith,

ANOTHER CONGRESSMAN.

Paine's Celery Compound, the Great Spring Remedy, Made Him Well.

A congressman is a public servant in the full sense of the word. He is responsible to his constituents, to his party, to himself—the honorable office is full of hard, thankless work, and heavy responsibility.

Congressman William W. Groat is grateful to the friend who directed him to Paine's celery compound, when prolonged official work had well nigh exhausted his health and strength. His letter reads:

Committee on Expenditures of the War Dept., House of Representatives, U. S., Washington, D. C., Feb. 28, 1896. I found relief in Paine's celery compound for insomnia. Its action on the circulation and digestion was also beneficial.

Very truly yours, William W. Groat. There is something wrong when one feels "tired all the time." It is contrary to every condition of good health.

There ought to be no necessity of drumming into the ears of tired men and women who feel they are broken in health, and are every day losing in weight and strength, the urgent need of taking Paine's celery compound, now its spring, to restore their spent nerve force and purify their blood.

Some of the earliest good results noticed from taking Paine's celery compound during these spring days is a regularity of the bowels, a better appetite, sound sleep, and good diges-

tion. A healthy blood supply is regulated by the nerves, and when these vital tissues become fatigued and badly nourished, ringing sounds in the ears, dizzy spells, depression, neuralgia and lassitude. Spring days afford every one the opportunity for shaking off all old weakness and persistent disorders.

Physicians of every school have been from the start urged to inquire into the formula of Paine's celery compound, that they might satisfy themselves of its wonderful power of making the sick well. Prof. Edward E. Phelps, M. D., LL. D., as soon as he presented Paine's celery compound to his fellow physicians, was always anxious to have the ivigorator tried in cases that had resisted the usual methods of treatment, that he might prove the truth of every claim made for his newly discovered formula for Paine's celery compound. The great remedy always gave relief, and in 99 cases out of 100 made people well.

Paine's celery compound cannot be judged by the standard of any ordinary medicine, sarsaparilla or nerve tonic. It is a great modern, scientific discovery, singularly unlike any remedial agent that has ever aimed to effect a similar purpose—to make people well.

Paine's celery compound is the one real spring remedy known today that never fails to benefit. Get Paine's celery compound, and only Paine's celery compound if you wish to be well.

Hope, and Charity." The sermon was well arranged and delivered.

H. Chayeland and family were passengers for Woodburn on Wednesday morning local.

Robert Harris, one of our new Alaska students, is on the sick list.

Mrs. Silverstein is on the sick list at present and will not teach school until next week.

Miss Lillian Larcen, one of the laundry girls, had her hand injured very severely in the mangle Thursday afternoon. The wound, is a flesh one, was dressed by Dr. Johnson, and at the last report the young lady was resting quietly.

The government has purchased a fine thoroughbred Clyde work team for the use of the school. It came from near Jefferson and was bought for \$150.

DOUBLY SURE.—S. McKercher, who has already filed his acceptance as prohibition party candidate for congress in the second congressional district, today fortified the same by filing a petition, signed by 257 names, requesting him to run.

Is it "overwork" that has filled this country with nervous dyspeptics?—that takes the flesh off their bones, makes them feeble, emaciated and inefficient? No. It is bad cooking, overeating of indigestible stuff, and other health-destroying habits.

The remedy is an artificially digested food such as the Shaker Digestive Cordial. Instead of irritating the already inflamed stomach the Cordial gives it a chance to rest by nourishing the system itself and digesting other food taken with it. So flesh and strength return. Is not the idea rational? The Cordial is palatable and relieves immediately. No money risked to decide on its value. A 10 cent trial bottle does that.

Laxol is the best medicine for children. Doctors recommend it in the place of Castor Oil.

The U. S. Gov't Reports show Royal Baking Powder superior to all others.

Nothing so delicious as HIRE'S Rootbeer for your mid-day meal. Easy to make and always ready.
