REDUCING SALARIES.

EDITOR JOURNAL:—You declare in favor of a reduction of the salaries and emoluments of the officers of Marion county to take effect in 1898, at the end of the term of those to be elected in June next, and adds: "The pay of the candidates now to be elected cannot well be changed without litigation. Judge Pipes, of Portland, one of the very best lawyers in the state, in a speech in that city, Tuesday evening, said upon this point: "The law is undisputed that an officer has no vested right in the emoluments of an office, but the legislature may abolish both the emoluments and the office at its will." "There is no room for litigation and there would be none. The suggestion that this overtaxed community is to have no relief for two years, should put the voter upon his guard and impel him to see that no candidate for the legislature receives his support who is not unequivocally in favor of a law cutting down of salaries and wiping out fees and perquisites from the hour of its enactments. "THE JOURNAL repeats its assertion that the salaries of officials who are elected June first and enter upon the term of service for which they are elected and serve for six or eight months before the legislature meets cannot have their salaries changed in the midst of their term without lit-

gation. It is to be regretted perhaps that this is so, but two years ago it was undertaken and no agreement could be reached and no appreciable reduction was secured. The cut that was made on clerk and recorder was made surreptitiously in the Butler bill. It is to be regretted that high salaries must continue because hard times may continue and may grow harder for two years to come. But we do not believe in the principle of raising or lowering a man's salary during his term of office. It is not a safe proposition.

INDIAN EDUCATION.

Salem people are closely interested in the problem of Indian education, owing to the presence of the training school near by at Chemawa, and are always glad to know whether the work is advancing or not. A copy fell into the writer's hand recently of one of the regular monthly letters written by a pupil to his parent, which would indicate a favorable condition, and it is submitted for what it is worth:

"Dear Father—I take great pleasure in writing you my usual monthly letter stating the condition of my health, progress, neatness, efficiency and industry.

My health has been very good, with the exception of a large boil which has made its appearance on my inferior maxillary.

My conduct has been bad. I got in jail a few days ago for the first time in nearly four years. Of course such things will happen at times. A fellow cannot always be what he would like to be. Accidents will happen.

My progress has been better than it formerly was. Some of the employees say I know too much for my own good, but I continue to advance into the depths of knowledge and wisdom. My neatness shows itself in my letter writing, so it does not need to be described.

My efficiency comes next in order. I cannot say what I am competent to undertake at present, but I can tell you more about it in my next letter. I have a trade now. Mr. Potter calls it gymnastic exercise, at the end of a long handled shovel, but I think the scientific name for it is "ditch digging." We are digging a sewer ditch for the school, and we receive 50 cents per day as a recompense for our labor. Everything is going on very nicely here at the school. We still have Mr. Potter for our superintendent, and he manages things to the best of his ability."

HURRAH FOR NORTUP!

That little political prostitute, the Portland Telegram, alleged to be Democratic is whooping it up for sound money candidate Northup, who is running against the regular Republican nominee, Ellis.

All the puke-eaters in Oregon, who have no principles until the Oregonian has told them to have, must get down and worship Northup.

What do we care for Republicanism unless it is of our brand, and elects men we can handle? That's the only kind we want. Republicanism for the people be d—d!

WHY IT CIRCULATES.

Two hundred daily subscribers are added to THE JOURNAL lists the past week. All paid in advance.

THE WEEKLY lists are growing as never before. It is also cash in advance—no papers sent beyond time paid for. Why?

It is not a mere echo of a few politicians.

It is not a mere pap absorbing machine.

It is supported by the people and is therefore able to independently take the side of the people on all subjects.

By the fiat of the people this paper circulates—not otherwise.

The Ideal Panacea. James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physicians' prescriptions or other preparations." Rev. John Burgess, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal Church for fifty years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial Bottles free. Fred A. Legg's Drug Store.

REV. GRANNIS'S BILL.

The Salem ministerial association two years ago got up a bill to create the office of moral director of charitable institutions, or state chaplain at Salem, at a salary of \$1200 a year.

Rev. Grannis of the M. E. church went before the legislature with it and pressed the passage of the bill. It was almost unanimously rejected on second reading because it provided a religious qualification. Rev. Grannis was very hot at the members from Marion because they did not vote for his bill.

It was introduced out of courtesy and "by request," through Hon. David Craig, who is now censured by the Democratic stump speakers in this county for being the father of the bill, when he was not, and the calendars show that he only acted by request, as the constitution impliedly makes it the duty of a representative to introduce a bill at the request of a constituent. It was the only bill rejected on second reading and was virtually kicked out of the legislature.

The house journal on page 278 does not show the true record of the vote on the bill—a clerical error. It shows Boothby, Calvert, Curtis, Hillegas and Hope voting for rejection, and all others as voting against rejection. Exactly the reverse is the true record, as all voted to reject except five as above named. But then a house journal that cost only a thousand dollars to revise, can't be expected to be correct. But the journal says it was rejected.

No Marion representative voted for the bill, as these Democratic orators said at Gervais. Elder Barkley is entirely innocent in the matter.

Mr. Grannis had his bill revived, Elder Barkley out of courtesy moving to reconsider the bill. Barkley had it amended so as to be at least a non-sectarian measure, so a protestant, Catholic, Jew or Gentile could be appointed. It was reported back in that form, but never was considered. This fight on Barkley and Craig is very unjust and we hope Mr. Grannis is not taking part.

The bill was to create a new office and never could have passed the house. Brother Grannis may have meant well, but his bill was clearly unconstitutional and was so regarded by the house. It provided for appointment to a state office of some one, "a minister of the gospel in good standing in some evangelical denomination."

It would be uncharitable to say that Brother Grannis was lobbying for a bill to create an office to be filled by himself, but it was so considered by uncharitable persons. It is highly inconsistent for the Democratic stump orators to attack David Craig and Elder Barkley for their record on this measure, as their record is that they voted to reject the bill on the second reading, a most emphatic manner of condemning a measure, and in which Messrs Barkley, Craig, Moores and Hofer joined, the last name being at the time in the chair of the house.

STATE NEWS.

McMinnville has a labor exchange. Clatsop county warrants are selling at 97 and 98 cents.

A turnpike road is to be built from Eugene to Junction City.

Harry Simons, late cook on the San Jose, was drowned on May 5. His body was badly decomposed.

The delinquent tax roll of Clatsop county will be in the neighborhood of \$2000. A remarkable good showing.

John Ladd of The Dalles a few days ago saved the life of an unknown youth who was trying to cross the John Day river. The lad was in a boat and it was capsized.

Owing to the recent supreme court decision, Nellie M. Stevens, candidate for county superintendent of Union county will withdraw and have a male substitute nominated and act as his deputy.

How Roads are "Worked." Following is taken from the county court proceedings (official) of Lane county: COMMISSIONERS COURT. Bills allowed: Chas. W. Lyons work on Siuslaw road... 11 75 S. H. The above shows \$16.75 for work on the roads out of \$211.00 of road "work." That shows the way our public roads are "worked" in Oregon. The petty jobs of the official class consume the public taxes. Two men did a little work. Chas. W. Lyons probably hired his son or brother, S. H. Lyons two days with a team at \$2.50 a day, and he bossed the job. The other 22 men who drew public money were "viewers" and "chairman" (a man who can hold down a chair), "chairman" and a great many "surveyors." The \$211.90 if actually put into intelligent scientific road work, would build a mile of good, durable road. But how could officials live?
