FINE CREAM CHEESE.—Home made cream cheese is a luxury and a fine article is now on sale at John G. Wright's grocery. It is made at the Morlock dairy on Rural avenue by Mrs. Morelock and daughters. Mrs. Morelock made these cheeses for the St. Louis city market for many years and got 40 cents for a two pound cheese. They are now put on the market at 20 cents retail to introduce them, and good judges say they are finer than the Camembert cheeses imported from California. A sample left at THE JOURNAL office convinces us that Mrs. Morelock is a master of the art of making cream cheeses and should be encouraged.

PAINFUL ACCIDENT.—Last evening Mrs. W. P. Lord was walking home on High street, near the Wallace warehouse, she was quite seriously hurt. A Chinaman was walking along in front of her, and stepping on to a loose plank, the further end raised just in front of Mrs. Lord, who struck it with such force as to throw her down into the hole caused by the board raising. She was assisted to her feet and has substantially recovered.

NEW ROAD.—The county court of Linn county has given an order for the survey of the new county road from Foster to Quartzville, a distance of about 30 miles up the south fork of the Santiam river. This is a road much needed and it will probably be surveyed this month yet and built this summer.

SURPRISE PARTY. Tuesday May 19 was the birthday anniversary of Miss Hattie Shriver, of South Salem and in the evening about twenty young folks gathered at the home of Miss Shriver, giving that young lady a genuine surprise. A most enjoyable time was had by the young folks, games and other amusements causing the evening to pass rapidly away. Refreshments were served after which the party disbanded wishing their hostess many returns of the day.

A BLACKBERRY TEA. From 2 to 6 o'clock this afternoon, the Junior Guild of St. John's church give a tea at the residence of Mr. and Mrs. F. L. Hoigkin, on Court and Summer streets. The house was beautiful in decorations of evergreen blackberry in bloom and sweetbriar—the sweet eggplant that Tenyson sings about and is also a native of Oregon. The teas of the Junior Guild are always well attended and this occasion was no exception. Misses Gussie Lowsdale and Lena Bier executed the decorations.

WILLAMETTE FIELD DAY. Saturday will occur the first college event of the season at the State Fair grounds. Willamette field day, the state field day coming two weeks later. There will be immense crowds in from the country and Salem people should turn out in masses.

There are fifteen events including two bicycle races, taking place between 2 p. m. and 5 p. m. All the contests will be in front of the grandstand, and no extra charge for seats. Both car lines will run to the grounds. H. A. C. band plays. General admission is 25 cents. Public school children 15 cents. This is a great social event and a source of local pride in the standing and success of Willamette University, should impel every one interested in the school and interested in our city to support any enterprise calculated to shed luster on its name, and crown with success all undertakings of its faithful workers.

ANOTHER MILESTONE. Another golden milestone was set up in honor of the 78th anniversary of Mrs. E. T. Albert, with an annual family dinner as has been the custom ever since the senior Alberts came to Oregon to make their home with their large family of sons and daughters. Grandpa Albert if he lives will be eighty in September when, if he is a real good boy, he will probably have a dinner given him by the clan that assembles under the banner of his good name, and who never fail to respond to the duty of keeping good cheer and hospitality, whether within the family circle or without. The annual event in remembrance of grandma Albert's birthday Wednesday, May 20th was attended by the following persons: Mr. and Mrs. E. T. Albert, Mr. and Mrs. J. H. Albert, Mr. and Mrs. Joe Albert, Harry Albert, Blanche Albert, Mr. and Mrs. J. G. Rockwell, Miss Marie-Rockwell, Willie McCurnack, Mr. and Mrs. C. D. Purdy, Edna and Ruth Purdy, Mr. and Mrs. T. G. Albert, Miss Clara Albert, James, John and Eben Albert, Rev. and Mrs. Wm. Robinson of Turner, Mr. and Mrs. John Singleton and

babe Bessie, Mrs. Elizabeth Holton, matron of the Orphan's home, the cook, Maggie Ashard, and twenty-one children of the home all sat down together in the large dining room, which was set with five tables and an elegant and substantial lunch was set, concluding with ice cream for all. The lunch was really a basket picnic indoors, to which each family contributed. After the lunch all enjoyed the beautiful evening out on the lawn with merry conversation, a family reunion, and games of football in which the grandchildren and little ones of the home vied with one another until the shades of evening closed an event equally enjoyed by all the generations represented.

FAREWELL TO PAIGE. A large party of the members and friends of the Y. M. C. A. of this city assembled Wednesday evening, to give a farewell to General Secretary Will C. Paige, who has been at the head of the institution for two years past.

The refreshments supplied by the Ladies Auxiliary, were served by the Mesdames Bishop, Hodgkins, Wallace, Savage, Cavanaugh, and Miss Jennings. They consisted of cake and lemonade, and as usual, there was enough to feast a small army, and properly the surplus was sent to the Salvation Army barracks. Father Hatch asked a blessing, and after lunch F. A. Wiggins, president, acted as master of ceremonies, the first number, a violin solo by Prof. Carlyle Denton. Gen. W. H. Odell then responded to the toast "The Past" in a few remarks in which he briefly reviewed the history of the organization and paid a glowing tribute to the work of Mr. Paige as general secretary. Mr. Paige was then called, and neatly responded to the toast, "The Present," in the most feeling terms of sincere regret at leaving friends and acquaintances in this city, and speaking hopefully of the work of the association in the future. Prof. Geo. M. Irwin, state superintendent of public instruction, responded to the toast of "The Future," and his remarks were eloquent and appropriate. Mr. Wiggins then took the floor and presented Mr. Paige with an elegant gold watch chain as a souvenir from a few of the members of the association. This was a complete surprise to Mr. Paige. Forming a circle around the hall those present united in singing "Blest be the Tie That Binds," which closed the evening's entertainment.

Mr. Paige is a young man of sterling character, and his influence upon the young men of our city has been wholesome and beneficial. He strikes a happy medium in his work of being "one of the boys" in all helpful many sports, and yet setting an example of conduct that any young boy can do well to imitate. The work of the Y. M. C. A. can not be overestimated, and it supplies a want not filled by home or church, in the present state of their development. Mr. Paige goes to Yellowstone Park, to make the tour of that wonderful region, on his wheel, whence he goes to Cleveland to attend the International Secretary's conference on June 5 to 9. From there he expects to go to his home at Amherst, Mass., for a vacation visit, before entering upon his work in another field.

"DR. MILES, Through His Nerve is a Benefactor to Thousands."

A WIDELY known Wisconsin publisher, who resides at Green Bay, writes March 6th, 1896, as follows: "Five years ago I became so nervous that mental work was a burden. I could not rest at night on account of sleeplessness. My attention was called to Dr. Miles' Restorative Nerve, and I commenced to use it with the very best effect. Since then I have kept a bottle in my house and use it whenever my nerves become unstrung, with always the same good results. My son also takes it for nervousness with like never failing success. I have recommended it to many and it cures them. All who have troubles should try it. It is free from narcotics, perfectly harmless, and yet soothes and strengthens. Dr. Miles, through his Nerve is a benefactor to thousands." A. C. LEHMAN, Editor and proprietor of THE LEHMAN. Dr. Miles' Nerve is sold on guarantee; first bottle will benefit or money refunded.

HE HEALS HUMANITY

By the Simple Laying On of Hands the Healer Has Effected Many Miraculous Cures in 83 Years.

His Success Has Created the Most Intense Excitement and Has Caused Hundreds to Repose Over Their Marvellous Restoration to Health.

He Gives Life to the Dying, Bids the Sick Room of His Suffering and Cheats the Coffin of Its Prey.

Will remain at the Willamette hotel until Thursday, May 28th, only.

The past week the inhabitants of this city have been electrified, dumbfounded, bewildered, and finally convinced, by a most wonderful occurrence. Every day during that week reports have reached the public press and been the chief topic of conversation upon the streets relative to the surprising and unparalleled cures of many prominent citizens accomplished by a young man known as Hermann the Healer. The healing of so many well-known persons of ailments supposed to be incurable, has attracted the most widespread attention and been a source of wonder and astonishment everywhere. In fact, so remarkable were the results achieved and consequences accomplished that they were almost beyond human belief, and not until incontrovertible evidence of authenticated and undisputable proofs were obtained, would they be given credence.

But, thanks to a discriminating public, truth, honesty, merit and skill have triumphed, and today animal magnetism and Herrmann the Healer stand without a peer, pre-eminently at the head of all healing agencies.

The unparalleled success attending his public demonstrations at Reed's opera house, and his private work at his rooms in the Willamette hotel, the past week, and the miraculous cures effected of many prominent citizens, not only of Salem, but of the entire state, whose maladies were considered hopeless, have gained for this young man not only an enviable reputation as the greatest of all magnetic healers, but the endorsement of the press and pulpit, but the personal knowledge, which is more gratifying than all that has been able to restore sight to the blind, hearing to the deaf, strength to the weak, caused paralysis to recover the use of their limbs, and rheumatic pains to disappear.

He does not claim to cure every disease. Since the opening of his office at the Willamette hotel he has already turned away 92 people with ailments which Dr. Vance, the physician in charge, has pronounced incurable. But, compare if you will, the permanent cures effected by him in this city alone, with all the other treatments and methods combined, and then give the largest expression of your opinion regarding which system has made the largest number and most phenomenal cures. Herrmann the Healer stands alone on his merits, and wishes to be judged by the work he performs, and points to his wonderful cures, and to the fact that for years have suffered with various complaints, and others who have wended their weary way through life on crutch and cane, but who are now well and happy men, hale and hearty, walking our streets proud and cheerful as ever, and at every step uttering blessings upon Herrmann the Healer for his wonderful restoration to health and happiness.

When sick, is the time we need the best advice and treatment; therefore we say, inform yourselves, you who are sick, visit the reception parlors, this fact, if you will, and witness with your own eyes the healing of your own friends; go to their homes, talk with them, and then act as your best judgment dictates.

Dr. W. K. Vance, the physician in charge, not only treats the deaf, lame, paralytic and rheumatic, but at the Willamette hotel, under his personal direction, Herrmann the Healer, treats nearly all chronic diseases in this marvelous gift from God, which yield to this strange power. Catarrh, insipient consumption, chronic bronchitis, chronic sinusitis, neuralgia, nervous prostration, diabetes, Bright's disease, epilepsy or fits, morbid humors in all conditions, disease of bladder nature, diseased bone, hip disease, chronic disorder, hemorrhoids or piles, chronic rheumatism, obstinate constipation, disorders of matism, catarrh of the eyes, sciatic paralysis, cystitis, liver complaint, kidney troubles, this fatal, liver disorder, impotency, scrofula, gravel throat disorders, impotency and in fact nearly all chronic diseases paid to animal magnetism in the hands of our famous magnetist.

Herrmann, the great healer in Salem for 10 days only, at Willamette hotel. The management of this wonderful Magnetic Healer has secured private parlors at the Willamette hotel, where all those who desire private treatment may call from 10 a. m. to 4 p. m. For ten days only, commencing Monday morning, May 18th, to Thursday afternoon, May 28th.

Consultation, with full diagnosis of your disease in all cases, \$1. Tickets can be secured at reception rooms, Willamette hotel, or Ladies' entrance, 10 a. m. to 4 p. m. for ten days only. The office at hotel will open and close sharp on advertised time—not open evenings or Sundays.

Is it intuition? A diagnosis of all diseases made at sight, without asking a question, looking at the tongue or feeling the pulse.

After which, if in the judgment of the physician in charge, your case is incurable, he will so state to you. If, on the other hand, he considers you are incurable, he will so state to all patients and their cases will not be taken.
