Almost Distracted?

Did you ever suffer from real nervousness? When every nerve seemed to quiver with a peculiar, creepy feeling, first in one place, and then another, and all seemed finally to concentrate in a writhing jumble in the brain, and you became irritable, fretful and peevish; to be followed by an impotent, weakened condition of the nerve centers, ringing in the ears, and sleepless, miserable nights? Dr. Miles' Nervine Restores Health. Mrs. Eugene Beales, 123 Union St., Elkhart, Ind., says: "Nervous troubles had made me nearly insane and physicians were unable to help me. My memory waned and every little thing worried me until I was almost distracted. I finally feared I was becoming a madman. I imagined all sorts of evil things and would cry over nothing. I commenced taking Dr. Miles' Restorative Nervine and four bottles of this wonderful remedy completely cured me, and I am as well now as I ever was." Dr. Miles' Nervine is sold on guarantee, and bottle will refund or money refunded.

YOUTH'S DEPARTMENT

[COLUMNS CONDUCTED BY ONE OF OUR BRIGHT SCHOOLBOYS.]

The Youth's Department will be a regular feature of this paper. It is the intention to make it instructive and entertaining to our boy and girl readers, and also suitable for reading at the family fireside, and for supplementary reading in our public and private schools.

CURRENT HISTORY.

McKinley is still liable to be nominated for president. President Cleveland vetoed a pension bill and the members of congress passed it over his veto. Nicholas Czar of Russia was crowned the past week. He is a ruler over the largest empire in the world. Russia occupies one-sixth of the globe and has over 100,000,000 people. They are Christian people and the American minister had to wear knee breeches when he went to the coronation.

THIRTY-TWO MILLIONS GOLD.

That many dollars gold coin was moved from one part of York City to the other May 9. It was \$5, \$10 and \$20 pieces, tied up \$5,000 in a sack. Not even a policeman was employed to guard the truck which carried a million dollars at a load, protected only by a bank clerk with a second-hand revolver. Only a few of the bags were opened and counted, all being sealed and labelled. It was kept very quiet that the gold was going to be moved, as it was feared some scheme might be hatched up by thieves of the city to get hold of part of the gold. What a story these gold pieces could tell if they could talk! What adventures they would relate and from what strange parts of the world they had been brought together.

WATERSPOUT AT SEA.

You have heard of a waterspout at sea. This month one was seen at Port Orford, on the Pacific coast. It formed out in the bay in the shape of an immense black writhing squirming serpent, with its head in the overhanging clouds. It moved rapidly southward and struck the beach two miles south near a schoolhouse. School had just closed and the children all had a fine view of it. Waterspouts at sea are as dangerous as cyclones at land but not as destructive because they do not encounter as many obstacles in their course. They start with a whirlwind movement of the air, just like a dust whirlwind on the street.

A BOY IN POLITICS.

A boy in a western town, who was whipped by a school teacher, had him arrested and the teacher was cleared. The boy was not satisfied, but wrote to the paper in the town in this interesting way: "Allow me through your paper to ask protection against teachers using horsewhips on us little boys, and also to have the legislature pass a bill not to allow near-sighted teachers to teach school because we want teachers to see just what we are doing before they go to whipping us over the heads, or our heads will be just as hard as that lawyer, who defended the teacher, and we won't know any more than he does."

CLEANING THE STREETS.

Boys and girls should take an interest in clean lawns and door-yards, as well as cleaning up the streets and country roads. Street-cleaning by boys and girls seems like a novel idea, but it is a fact in both New York and Brooklyn. Colonel Waring was the first to invoke the aid of the children for cleaning the streets. The street of a great city is the playground of the children of the poor, and their nursery as well. To show them the beauty of keeping things in order is to begot in them a feeling of pride about their neighborhood and a desire to improve it. They are taught to pick up from the streets the fruit skins, papers, and tins carelessly scattered by their elders. In Brooklyn the children are asked to form themselves a league, and to sign a paper declaring their desire to aid in keeping the streets in order. The dues are 5 cents a year, and the reward is a

The horses were slightly injured, but the harness was badly broken and the driver slightly injured. F. M. Friedberg, of Marshfield, while engaged in painting the interior of the smoke stack at the electric light plant, fell down into the furnace a distance of 30 feet. He was hanging on to a rope at the time, which slipped through his hands with such great velocity as to burn them badly. \$100 Reward \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. WHAT A TRAMP DID.

A tramp went to a house and asked for something to eat. The servant girl said there was nothing ready but some pancakes. The tramp said pancakes suited him. And they did. The girl cooked thirty-five and he ate them all and drank three cups of coffee. Then he asked if he could work any as pay for his breakfast. She showed him the woodpile. He split all the wood in sight and was told there was no more work to be done. He thanked the lady of the house and the girl and went away. He was probably looking for some more pancakes.

PAT AND THE BUTTERMILK.

An Irishman saw a sign in a country store window. "Everything sold here by the yard." He went in and thought he would have some fun. "Have you any buttermilk?" he asked. "Yes," said the storekeeper. "Then give me a yard," said Pat. "All right," said the man, and dipping his finger into the milk he drew a mark on the counter a yard in length. "Anything else," he asked with a smile of triumph at Pat. "No," said the Irishman, "just roll it up in a piece of paper and I'll take it with me."

THE TEN COMMANDMENTS.

- 1. Thou shall have no other Gods before me. 2. Thou shall not make unto the any graven image. Thou shalt not bow thyself down to them nor to serve them. 3. Thou shall not take the name of the Lord thy God in vain. 4. Remember the Sabbath day and, to keep it holy. 5. Honor thy father and mother. 6. Thou shall not kill. 7. Thou shall not commit adultery. 8. Thou shall not steal. 9. Thou shall not bear false witness against thy neighbor. 10. Thou shall not covet. The above will be found in chapter twenty, book of Exodus, verses 3 to 17, in the Holy Bible. Every boy and girl should commit the same to memory. Cut this out and keep them where you can study them.

Cook County Democrats.

CHICAGO, May 26.—The Democratic county convention will meet today. A battle royal is anticipated. The Altgeld men will be arrayed against the Cleveland administration forces. In the county committee the silver or Altgeld faction carried the day. The soundmoney Democrats under the lead of ex-Mayor Hopkins, are aided by the sound money league which includes Franklin MacVeagh and Mr. Cleveland's friend, W. T. Baker, president of the board of trade. Ex-Judge P. McConnell, who is the candidate of the silver Democrats for governor if Governor Altgeld declines a renomination, is one of the silver leaders. In all probability a number of contests will be carried from this county meetin to the state convention.

An old gentleman and little boy passed through Canyon City on horseback, southward bound. They came from Woodburn, near Salem, and the old gentleman knows just the very location of a very rich quartz ledge in the mountains south of town, where he picked large nuggets and bars of gold 40 years ago, but was driven out by hostile Indians, says the News.

If a man knew he was to be hanged, he would certainly make every effort to prevent it. He would do everything he could and strain every nerve to the last minute to get himself out of his predicament. Men have been saved from hanging after the rope was around their necks. There are ways of dying that are not so quick that are even more certain. The man who neglects his health, and who in sickness refuses to take medicine, really has the rope of disease around his neck. He will die if he doesn't throw it off. A man who will struggle against hanging is really careless about his health. He may be traveling straight toward consumption and pay no attention to it, and yet death by consumption is much more terrible than death by hanging. Dr. Pierce's Golden Medical Discovery will cure 98 per cent. of all cases of consumption. Consumption is likely to be caused by weakness and in its turn, it increases the weakness. The "Golden Medical Discovery" is an invigorating, strength-giving and flesh-making medicine. It increases the appetite, puts the digestive organs in perfect order, purifies and enriches the blood, and builds up firm, healthy flesh.

In one chapter of Dr. Pierce's great thousand page family doctor book—"The People's Common Sense Medical Adviser," are scores of letters from people who have been cured of consumption, lingering coughs, throat and bronchial diseases by the use of "Golden Medical Discovery." Their full names and addresses are given and their cases were generally pronounced hopeless by the local doctors. Twenty-one (21) one-cent stamps, to pay for mailing only, will secure a free copy of this great book. Address: World's Dispensary Medical Association, No. 663 Main Street, Buffalo, N. Y.

Don't allow the dealer to impose on you by saying they are "just as good" as "Battle Ax," for he is anxious to work off his unsalable stock.
