

# Spring Medicine

Your blood in Spring is almost certain to be full of impurities—the accumulation of the winter months. Bad ventilation of sleeping rooms, impure air in dwellings, factories and shops, over-eating, heavy, improper foods, failure of the kidneys and liver properly to do extra work thus thrust upon them, are the prime causes of this condition. It is of the utmost importance that you

# Purify Your Blood

Now, as when warmer weather comes and the tonic effect of cold bracing air is gone, your weak, thin, impure blood will not furnish necessary strength. That tired feeling, loss of appetite, will open the way for serious diseases, ruined health, or breaking out of humors and impurities. To make pure, rich, red blood Hood's Sarsaparilla stands unequalled. Thousands testify to its merits. Millions take it as their Spring Medicine. Get Hood's, because

## REPUBLICAN PLATFORM.

The representatives of the Republicans of the state of Oregon in convention assembled, call attention to the condition of industry throughout the country, as a proof of the necessity of returning to the policy of the Republican party under which there was general prosperity during thirty years.

We reaffirm the principles of the Republican national platform of 1892, and assert that the results that have followed the change decreed by the election of that year have justly led our protest against the national policy adopted by the Democratic party.

We believe that the government should have an ample revenue, with a sufficient surplus over ordinary expenditures to provide for coast defenses, for the steady building up of the navy, and for the constant reduction of the public debt. We believe that the present tariff, with its lowered rates and its destructive and dishonest system of undervaluations and discriminations as to localities, should be replaced by one framed on protective principles similar to that of the McKinley bill and arranged to give ample protection to American wages and American industry, and to restore the reciprocity policy of James G. Blaine.

We have always given protection to our shipbuilders. In late years we have neglected to protect our shipowners. We believe the time has come to restore to the policy of Washington and Hamilton, which, by discriminating duties in favor of American bottoms, secured 90 per cent of our carrying trade to American ships, and which, if now restored, would again revive our shipping and cause American freights to be paid to Americans.

The American people, from tradition and interest, favor bimetallism, and the Republican party demands the use of both gold and silver as standard money with such restrictions and under such provisions to be determined by legislation, as will secure the maintenance of the parity of values of the two metals, so that the purchasing and debt-paying power of the dollar, whether of silver, gold or paper, shall be at all times equal.

The interest of the producers of the country—its farmers and its workmen—demand that every dollar, paper or coin, issued by the government shall be as good as any other dollar.

Resolved, That we earnestly endorse the proposed amendment to the constitution of the United States providing for the election of United States senators by popular vote, recently reported from the committee on privileges and elections by Senator Mitchell and now pending consideration in the United States senate.

Resolved, That the application of the Oregon delegation in congress to the president of the United States and now pending before him, praying a modification of his proclamation creating the Cascade forest reserve, is hereby earnestly approved, and we appeal to the president to grant the prayer of our delegation in congress.

We realize the importance and magnitude of the fishing industry on the Columbia river and would recommend that some provisions be made for a state hatchery for artificial propagation, and that the laws regulating the closed season be rigidly enforced.

That we endorse the efforts of our representatives in congress to secure repayment to the settlers of Oregon of the excess of \$1.25 per acre wrongfully collected by the government on lands located in the limits of the unearned Northern Pacific railroad land grant now forfeited.

The construction of the Nicaragua canal is of the highest importance to the American people, both as a measure of national defense and to build up and maintain American commerce. It is moreover of special importance to our Pacific states and we demand its completion as speedily as possible by the government of the United States.

We hereby endorse the action of our senators and representatives in congress in their endeavor to secure grants of pensions to Indian war veterans.

We pledge the Republican party to a rigid economy in the expenditure of public money; to the reduction of excessive salaries; and the abolition of the fee system whenever possible, and of all useless commissions; and believe that no appropriation should be made to any school or charitable institution not under the control of the state; and oppose the incorporation into the general appropriation bill of items for the expenditure of public money not authorized by law.

We demand the enactment of rigid restrictions on foreign immigration, both for protection of our country against illiterate and vicious classes from foreign lands and for protection of our labor and preservation to our own people of the remainder of our national domain.

We commend the policy of the Republican party in relation to internal improvements, and in particular in opening our waterways to commerce, and we denounce the liberality of Democratic party in these important matters.

Respectfully Submitted,  
T. E. FELL, Secretary.  
SOL. HIESCH, Chairman.
