THURSTON'S ARRIVAL

The Senator From Nebraska There.

HE IS FOR BILL M'KINLEY

Says the Indiana Platform Will Be Adopted.

ST LOUIS June 10.—Senator Thurston, member of the national Republican committee from Nebraska and delegate to the convention, was among the early arrivals today.

He wore a McKinley and Hobart badge. Thurston said he believed the Indiana declaration would form a model upon which the money declaration would be based. The senator expressed the opinion that the Indiana platform would be satisfactory to all western states, except Colorado, Utah, Montana, Idaho and Nevada and possibly Wyoming, but he said, as they have all told only 19 votes in the electoral college, the party could afford to lose them.

Marcus A. Hanna and W. A. Hahan of Ohio arrived today and the McKinley headquarters at once became a busy portion of the Southern hotel. Hahan said the financial plank would be such as every Republican could stand upon who wanted the national credit sustained.

A STRADDLER NOT POPULAR.

The McKinley men have decided upon C. H. Fairbanks, of Indiana for temporary chairman. A careful analysis of the situation seems to indicate that a straddle on the financial question will not be popular. A straddle to hold the silver states, the leaders say, would lose New York, New Jersey and Connecticut in case a gold Democrat is in the field. Silver men claim that no straddle the Republicans could adopt would hold Colorado and such states as against the nominee of the Democrats and Republicans on a silver platform. Figuring on a basis of the electoral college, it is declared that the only logical candid way is to condemn free coinage of silver and declare in an unmistakable way for the present standard.

KERENS SPEAKS.

ST. LOUIS, June 10.—The following is given out today by Richard G. Kerens, member of national committee from Missouri. More importance attaches to it than to various proposed planks on account of Kerens visit to Major McKinley at Canton, although Kerens would not have it understood that the proposed plank had the sanction of McKinley and gave no intimation to that effect: "We believe our money should not be inferior to money of most enlightened nations on earth and are unalterably opposed to schemes that threatens to debase or depreciate our money standard. We favor the reasonable use of silver as currency but such use should be to the extent only and under such well defined regulations that its parity with gold as currency can be easily and effectively maintained. As consistent bimetallists we oppose independent free coinage at a ratio 16 to 1 as a measure fraught with certain disaster to all commercial interests, destructive to the interests of wage earners and in absence of an international agreement is sure to lead to silver monometallism."

COMMITTEE MEET.

The National Republican committee met at 12 o'clock, with Chairman Carter, of Montana, in the chair. There were very few absentees. The business before the considerations of 168 contests was promptly taken up.

A M'KINLEY VICTORY.

ST. LOUIS, June 10.—The motion to seat the Moseley, Alabama, delegation was 38 to 6. The Buckley (McKinley delegation) was then seated without opposition. It was a decided McKinley victory. Those voting to seat the Moseley delegation were Fessenden, Connecticut; Gear, Iowa; Leonard, Louisiana; Crain, Massachusetts; Sutherland, N. Y.; Carson, District of Columbia.

OFF FOR ST LOUIS.

The Oregon Delegation Goes in a Special Car.

PORTLAND, June 10.—The Oregon delegation to the national Republican convention, which meets at St Louis next Tuesday, will leave tonight in a special car from the grand central station. The start will be made over the O. R. & N. line: but the main journey across the continent will be by the great northern route to St. Paul, where connection will be made with the Burlington company to St. Louis. The private car occupied by the Oregon delegation will be appropriately decorated, the principal feature of which will be banners on either side, bearing the legend: "Oregon for McKinley and sound money."

In addition to this, there will be numerous flags and national colors adorning the special car, and the occupants will wear a blue silk badage, with a gold fastner, on which will be inscribed the simple word, "Oregon." Members of the party are: Wallace McCamant, of Portland; Charles Hilton, of Gilliam county; Dr. J. F. Calbreath, of Yamhill; C. S. Moore, of Klamath Falls; J. W. Meldrum, of Clackama, delegates to the convention; George A. Steel, of Portland, and F. W. Hendley, of Pendleton, alternates; Mrs. Chas. H. Hilton and daughter, of The Dalles, Mr. Chas. A. Parrish, of Grant county, may join the delegation at Walla Walla and Robert A. Booth, of Grants Pass, is now in the east and will meet the delegation in St. Louis. Max Pracht, also an alternate, is now in St. Louis, holding a place as an assistant sergeant-at-arms; Mr. Charles H. Dodd, also a delegate, leaves tonight over the Union Pacific route, traveling by himself, and Mr. M. C. Harrison, an alternate, who expected also to go will be unable to do so, owing to the death of Mr. Woodruff Sutton, the head of the firm which he is associated.

Connecticut Democrats.

HARTFORD, Conn., June 10.—Democratic state convention met here today to choose delegates to the national convention. On the subject of currency the platform says:

"While we favor the most liberal use of silver consistent with the enforcement of the gold standard, we are unalterably opposed to free coinage of silver deeming it a devise for the debasement of our currency and the compulsory purchase of silver by our government. Under the existing circumstances, to pay public debts in silver coin is repudiation. We believe the safety of our national finances requires a system of sound banking, by which the bank note currency is ample to supply the needs of the whole country shall be created, safely, secured and always and everywhere redeemable in gold. The platform endorses the administration of President Cleveland and especially approves his "firm support of the public credit, and his exemplication of the Monroe doctrine." The delegates are not instructed.

Pursuit of Apaches.

TUCSON, Ariz., June 9.—A dispatch from San Bernardio ranch, on the Sonora line, says that word has been received there allowing the troops of both governments to cross the line for a distance of 250 miles in search or pursuit of Indians, and in pursuance of the agreement the first order was promulgated on the 5th, when Lieutenant Rice, with a detachment of 15 troops and 10 Apache scouts, left for a skirmish below the line before formulating a plan of campaign.

Sandbagged and Robbed.

MEDFORD, June 9.—Miner Richardson was knocked down and robbed near Gold Hill, twelve miles north of Medford, yesterday morning. He was walking along the road and met two men, who, after passing him, struck him on the head with a sandbag, knocking him senseless. They then relieved him of all his money, about $20, and left him. When he regained consciousness, the men were about fifty yards away, but he was not able to overtake them.

Circus In Town.

The Bond Brothers' circus arrived on the steamer Salem and Elmore from Corvallis this morning, and pitched their tent in Yew Park. The parade this morning attracted large crowds of people upon the streets and elicited favorable comment. The first performance was given this afternoon, to a crowded house. Bond Bros. have a very interesting menagerie, several specimens having never been seen here. The ring performance is far above the average in point of merit. The La Rolle Bros. aerial return act was the best ever seen here, by long odds. The riding of Misses Thomas, Carrol, Armer and Mr. Lo Wanda, was finished, and elicited hearty applause. Enough to make a spectator's hair stand on end, was the thrilling knife throwing act, done by Signor Arcans and sister. It was so entirely out of the ordinary, that it excited the entire audience. It will be useless to mention any of the other features that really constituted a most meritorious performance. Enough said when we say it was the best circus seen in Salem for many a day. They close their engagement with a performance tonight, at which time no doubt, the house will be packed.

A CORRECTION.—In the report of the field day sports Saturday THE JOURNAL stated that three records were lowered. This is a mistake; there were only two records broken, viz: in the 220 yard run and the 440 yard run. Although the time in the 220 hurdle was lowered, the record will not stand according to the constitution on athletic sports since the winner knocked several hurdles down while running. If Mr. Kuykendall, of Eugene, expects to lower the record in the hurdle race he will have to clear each hurdle. Murphy, of Willamette, ran under the record time and did not touch a hurdle, although he did not cross the tape first.

MANUFACTURING AGAIN.—Westacott & Irwin, of Strong's restaurant yesterday bought of Mr. Steeves the tools and machinery of the candy factory known as the "Lily," and will use the same in the manufacture of candy in connection with their bakery as in former years. Mr. Westacott is one of the best posted men on the coast in this line of trde and will soon build up a good business.

PLENTY OF MUSIC.—The Conductor's picnic have engaged the First Regiment band of Portland, as well as the McMinnville band, in addition to the Silverton and Second Regiment band of Salem. The boys propose to have enough music. The great picnic will be held at the state fair grounds next Sunday.

This is circus day. The little tots are in their glory. Their eyes stuck out like poorknobs, when the baby elephant was led up the street. The baby reached after a few wisps of grass, and wanted to stop to get more. The keeper punched the baby with his prod, and made him bump along. For shame, the children cried!

The old-timer says the circus today is a very good show, but nothing like what they used to see in Oregon twenty or thirty years ago. "In them days a circus was the biggest thing on earth. We couldn't hold a state fair at Salem and get a crowd without a circus. Money was plenty, and there were not so many ways to spend it. We had no state militia, but all were safe and happy. People packed up and camped right along with the circus a week at a time, and 'tended the show twice a day, besides taking in the side shows and lemonade stands, between times. Talk about spending money to get eastern immigration and bring people to Salem! What we want, to make Salem a live town, is to hire a circus to stay here all the time." And the old-timer sighed hard.

UNION BIMETALLIC,

The Name of the New Political Party

TO BE FORMED IN OREGON

State Convention to Be Called at McMinnville, July 9.

The Union Bimetallic Party has decided to call a state convention and follow up the victory achieved with a state organization. The county central committee of Yamhill county and several leading men of the party met on Saturday last and by unanimous vote decided to hold the convention at McMinnville, Thursday, July 9, 1896. The convention will consist of 300 delegates, apportioned among the several counties as follows:

Baker	8	Lane	15
Benton	7	Linn	16
Clackamas	16	Malheur	2
Clatsop	10	Marion	21
Columbia	5	Morrow	4

The convention will be composed of men who favor the use of gold and silver as standard money and are opposed to the single gold standard, and favor the free aud unlimited coinage of both.

J. C. Cooper was made temporary chairman and W. V. Spencer temporary secretary of the State convention. Yamhill county will hold a mass convention of silver men at the court house here, June 20, at 1 p. m., to elect delegates to the State convention.

THE PLATFORM

on which the Union Bimetallic party was organized and carried Yamhill county at the recent election was printed in THE JOURNAL of April 6, editorially endorsed as having the right ring and that it could be understood:

It was written by J. C. Cooper, of McMinnville:

A tariff for revenue sufficient to meet national expenses with protection to American labor and its products.

The use of both gold and silver as standard money and not the gold standard. And a discriminating tariff against gold standard countries.

No more bonds.

Postal saving banks.

Election of United States senators by direct vote of the people.

Close the gates of Castle Garden against all un-American immigration, and make "Old Glory," the keeper of the peace in the western hemisphere.
