**Daily Capital Journal.**

BY HOPPER BROTHERS.

FRIDAY, JUNE 19, 1896.

280 TO 41.

It is well known that the advocate who wrote the article in the Statesman of June 16, signed "Inquirer," is the same man who hired the carriages and packed the Yew Park primaries with voters to carry a ticket to the county convention against Binger Hermann. He is the same man who did the dirty work in the convention by which more than half of the country precincts were hitched onto big Salem precincts and thus absorbed. Thus was the Hermann sentiment in Silver Falls and Garfield swallowed up by No. 3, and Champcoq hitched to Salem No. 4, etc., etc. The population of Yew Park is mostly rural but by 280 to 41 was the farmer knocked out and nine town men and two fruit growers were made delegates.

According to the statement of the advocate 321 voters were rustled for the Yew Park primary of over a hundred more than cast their ballots on election day. No wonder this man has a high respect for Jo. Simon. He could give that talented gentleman pointers, and as he takes his politics from Portland-straight, no doubt Yew Park was managed by the combined skill of Jo. Simon and the Salem hoodlers. The Statesman editor was a delegate from Yew Park just nine days after he left the Democratic party and a short time after the state board of agriculture, of which he is secretary, got to have a Republican majority. He publishes the figures about the Yew Park primary and they must be correct. If 321 voted at the primary about one hundred must have been disgusted at the result and stayed at home, for the total vote of the precinct was only a little over two hundred. The result of spending money freely to pack the primary with more voters than there are in the precinct was to convert the precinct from a hundred Republican majority into almost a Populist precinct. Two years before the Yew Park delegation were complimented on their refusing to bow down to corrupt ring methods. This year the ruin and disintegration of the party seems to have dated from the Yew Park primary.

**ARE AGAINST SILVER.**

Gold Standard Democratic Ticket is Possible.  
 NEW YORK JOURNAL, June 19: A New York Democrat said at the Arlington hotel to night:  
 "The western and southern men of our party are certainly out of their minds. They never have felt the weight of the commercial interests of the east arrayed solidly against them. The Greenbackers and Populists, silverites and grangers never have withstood a cavalry charge by the combined money interests of the country."  
 SOUTH AND WEST WILL SUFFER.  
 "They will not be in it in November. The south will suffer most, I fear. Its loans will be called to the last dollar. Its cotton will be left to rot in the presses, because the railroads that are owned and operated by northern capitalists, in a majority of cases at a loss, will refuse to carry it. In the west, every mortgage that is held against every farm in the silver states will be foreclosed. All lines of credit for dry goods and groceries in these independent regions will be closed, because the eastern bankers and merchants regard the silver movement as absolutely dangerous to the financial future of the country."  
 "Wouldn't this mean revolution?" was asked.  
 "Perhaps; but this crusade against the east already under way is revolutionary and quite as disastrous to the people of the east as any civil war could possibly be."  
 "I wonder if they understand that the prominent bankers of New York have already in their possession carefully prepared lists of delegates to St. Louis and Chicago, indicating the financial opinion of each delegate and his alternate? Such is the case, and, if \$20,000,000 is required to prevent the insertion of a silver plank in the St. Louis platform it will be forthcoming. I wonder if the southern men have reckoned regarding negro vote? They certainly have not in such states as Virginia and the Carolinas, in the black belt of Alabama, where the negro vote is as purchasable as any commodity of the country."  
 "What you say about the threatened use of money at St. Louis is very startling; are your statements based upon any positive information?" was asked.

**THEY MEAN BUSINESS.**  
 "I have seen such a list in the possession of a member of the New York Clearing House. On it every weak brother was specifically indicated and no secret was made of the determination to reach and influence potentially enough delegates to prevent any mis-carrage of the plans of the gold leaders. They mean business, because they feel that they might as well lose their money in a lump as to suffer the depreciation of railroad and bank stocks that they sincerely believe would inevitably follow the election of a free coinage President."  
 "Now, as a Democrat, I understand the situation and see the determination of the Republican leaders in the East to keep their party firmly affiliated with the sound money interests of the country. I talk plainly because I see my own political party going to its death, and I candidly hesitate about committing suicide with it. I have been a Democrat from my earliest youth. I have never scratched a ticket. I couldn't be a Mugwump, and yet at this hour I find the prospective Chicago platform utterly repulsive and abhorrent to my good sense and common honesty."
