WAS LONG'S LIFE CUT SHORT?

A Tale of How a Man Was Shot by His Mistress in San Francisco

The following is from the Corvallis Times concerning a man who once upon a time represented Lane county in the legislature:

"For several days a report has been in circulation on the streets to the effect that John Long, formerly one of the proprietors of the saw mill here had been shot by his paramour in San Francisco. The report had its origin from an account published in several of the papers of the shooting in San Francisco of an Oregon man by a woman with whom he was living, but the description of the parties makes it certain that the dead man is not John Long.

"Long, it will be remembered, was the man who figured in a shooting scrape near the sawmill in this city, with the late Max Friendly, in which affair Long received a bullet in the jaw. Last winter Long received from the estate of his brother in the east an inheritance of \$2,400. Three or four months ago he sold his interest in the mill to Neils H. Wheeler, and a few days later he shook Corvallis dust from his feet and went to San Francisco with a woman of doubtful reputation, leaving a highly respected family at home. Since the departure of the guilty pair nothing has been heard of them, save an indirect report that came to the saw mill people through their San Francisco correspondents. The case is one of those in which the fatal shooting of the man by his mistress is perhaps to be expected at any time, and over which the community would shed no big salted tears, but in the instance reported, the man actually shot, the age was placed at 26 years, a length of life entirely too short for long John Long."

Governor Lord stated to a resident of this city that Clatsop county could have the militia, but that the county would have to pay the greater part of the expenses. The total expense is \$2500 per day, besides extra expense for patrol boats and incidentals. As Judge Gray is familiar with the financial condition of the county we will give him credit for knowing what he is doing. Clatsop county is only in debt to the state \$22,000 now. What will it be by the time the fishing season is over?—Astoria Budget.

Your Boy Won't Live a Month.

So Mr. Gilman Brown, of 14 Mill street, Gardner, Mass., was told by the doctors. His son had lung trouble, following typhoid, malaria, and he spent \$375 with doctors, who finally gave him up, saying: "Your boy won't live a month." He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go to work as a perfectly well man. He says he owes his present good health to use of Dr. King's New Discovery, and knows it to be the best in the world for lung trouble. Trial bottle free at Fred. A. Legg's drug store.

John Smith & Co. are asking who is Hobart?

Is Hobart a farmer or a corporation lawyer?

And the merry-go-round is here for the children.

Street fakirs are doing a good business in Salem.

Thurston probably knows who Hobart is; nobody else does.

The Republicans might have put up vice-presidential candidate who needs no introduction to the people.

Green B. Cornelius of Lincoln precinct was in today. He is a Republican, but says he cannot swallow the St. Louis platform. Others are saying the same, he says.

The Oregonian has the immaculate gall to claim that if Tongue had come out for the single gold standard he would have received a big majority. Where would he have got the votes? They don't exist.

TELLER IN DEMAND.

Gold Republicans Condemn Him Bitterly.

BUT THE WEST IS LOYAL.

Bimetallists Working for a Union of Silver Forces.

TELLER AND DEMOCRACY

Populists Will Endorse the Colorado Silver Senator.

St. Louis, June 20.—When Senator Teller was asked about the movement to place him in the field as an independent candidate for the presidency, he declined to discuss it or to say whether he would accept or decline "It is," he said "a movement with which I have had nothing to do, and which I have not encouraged. I do not therefore feel called upon to discuss it and shall not do so at the present time.

The senator received over a hundred telegrams during the afternoon. Most of them were from Western states, but there were some from Pennsylvania and two or three from New York and New England states, a large majority of them endorsing the course taken, but some condemned it. One message from Ohio said: "I do not regard you as a representative Republican."

Upon reading this aloud to his friends the senator remarked: "I agree with him, but I don't see why he should go to the expense of a telegram to tell me what I already know."

Mr. Teller will spend several days with his mother in the northern part of Illinois before proceeding to his home in Colorado.

DEMOCRATS FOR TELLER. DENVER, Col., June 20.—Charles S. Thomas, one of the Colorado members of the Democratic national committee said at a meeting of citizens to arrange for a reception to Senator Teller of Colorado:

"I am a Democrat; as it looks now I am to remain one, but I would like to see Senator Teller go back to the senate by the unanimous vote of every elector and every member of the legislature. Anything less would be base ingratitude."

TELLER INDORSED. LEADVILLE, Colo., June 20.—The Herald-Democrat (Republican) heartily indorses the action of Senator Teller and the other delegates who bolted the convention. It also repudiates the nomination of McKinley and calls upon Republicans to support the Democratic nominee if he be a free-coinage man, and if not, then to support the nominee of the silver party at the St. Louis convention of July 22.

CAMPBELL PREDICTS. CHICAGO, June 20.—A. M. Campbell, of Idaho, one of the men who followed Senator Teller's standard, is at the Auditorium. He said he could not have done otherwise with justice to himself and constituency, and predicted a popular revolt against the gold plank in the West and South.

INTEREST IN MEXICO. CITY OF MEXICO, June 20.—News of McKinley's nomination and the silver bolt created great interest here. Interest here, while strong for silver, is also apprehensive of the United States going on the silver basis, and that would insure ruin to Mexico's growing manufacturing industries.

Mexico fears her present prosperity would be imperiled by the competition from the United States, were it on the silver basis.

DUBOIS TALKS. St. Louis, June 20.—Senators Dubois and Teller had a long conversation at St. Nicholas hotel today, but neither would say what his purpose was. This was the only new development in the silver situation. In discussing the general situation, however, Dubois said:

The Democrats now have an opportunity to redeem the pledges which they have been making the people so many years. We offer them Teller in the utmost good faith. The fight for currency reform cannot be won this year with anybody else. The south will support Teller and there we have 125 votes. He saved the south from the horrors of the force bill. With him as a leader, a combination of the south and west could be brought about that would be a controlling influence in national affairs for half a century. The interests of the two sections are identical, and the people in them are ready for unification. It would sweep into the Democratic party new blood and new energy, and guarantee control by that party of all states in the west that make Republican supremacy any other way."

POPULISTS FOR TELLER. St. Louis, June 20.—The controlling spirits of the Peoples party have prepared an address to their followers throughout the country, advising them to make Henry N. Teller, the national standard bearer. The address will be given out for publication late this evening.

TELLER IS SILENT. St. Louis, Mo., June 20.—Teller will not say he will not accept either the Democratic or Populist nomination for president.

THE SILVER MOVEMENT. Matters Being Shaped Up for Union Bimetallic Party. St. Louis, June 20.—The silver men continued in conference yesterday and report that they have the signatures of 26 delegates to their declaration of independence, which sets forth their principles and recommends that all parties and organizations opposed to the gold standard unite in supporting Teller for president.

There is a strong effort being made to get the delegates who did not withdraw from the convention to sign this appeal to the people. There have been conferences with representatives of the Populist and of the bimetallic league to get them to indorse Teller and have such a strong fusion against the gold standard as to induce the Democratic national convention to also indorse Teller.

The silver bolters have been conferring during night and day with Governor Francis and members of the Democratic national committee relative to their action. They have no assurance from the Democratic managers, but have been invited to send representatives to the Democratic national convention at Chicago next month to confer with the party.

The silver men say they are willing to co-operate wherever they can consistently do so, to defeat the gold standard, and are not seeking to press Teller so much as they are to secure relief from the power of the gold men. The silver men will continue in conference, and keep up the work till all the national conventions have been held with a view to perfecting a general fusion. The silver conferees claim they have not yet more than half the signatures that were promised. There is a difference of opinion among the silver delegates, some of whom denounce the gold standard, but are not in favor of an independent movement.

Needs Militia. PORTLAND, June 20.—Colonel Jackson, U. S. A. who accompanied the First regiment to Astoria Tuesday morning, returned to the city yesterday, leaving for Astoria again last night. Colonel Jackson reports everything quiet at Astoria, but says the situation has by no means lost its seriousness. "The militia are patrolling the city and river," said he, "and as long as they are present, everything will be quiet; but should they be withdrawn, there would be trouble for the non-union fishermen who are doing the fishing at present.

PLAN OF THE CAMPAIGN.

Silver Men Are Getting Together for a Fight.

St. Louis, June 20.—The national committee of the Republican College League, held its meeting here, to arrange for the campaign. It has been decided that the work, during the approaching campaign, is to be limited to explaining from the stump the fallacy of the free silver doctrine. A branch department will be established in each state. The headquarters will probably be at Chicago.

AT MCKINLEY'S HOME. CANTON, Ohio, June 20.—Early this morning the mail at Governor McKinley's home brought in sacks of congratulatory letters, before the flow of telegraphic message had subsided in the least. One of the very first which reached the governor's hands was an autograph letter from ex-President Harrison which read: "My Dear Governor:—I beg to extend my hearty congratulations upon your nomination, and express my confidence that the people will, in November, ratify the work of the St. Louis convention."

MCKINLEY COMING. SAN FRANCISCO, June 20.—A dispatch was received from Colonel Stone, at St. Louis, in which he states that he had talked with Mark Hanna, McKinley's manager, and that a trip to the Pacific coast, in October, by Governor McKinley, was among the possibilities. Both the Republican and Democratic nominees for president will be invited to attend the carnival to be held in San Francisco in the fall.

Cyclone. REPUBLICAN Neb., June 20.—A terrible wind storm which passed over this section last night did much damage and resulted in some loss of life. The residence of S. P. Duncan was destroyed. Mrs. Duncan was killed instantly. Mr. Duncan, two sons and daughter were badly hurt and may die.

Young Beecher Acquitted. NEW YORK, June 20.—The jury in the case of Henry Beecher, charged with forging the name of F. S. Bond, vice-president of the Chicago, Milwaukee & St. Paul Railroad Company, returned a verdict not guilty. Mr. Beecher is a son of the late Henry Ward Beecher, and a member of the brokerage firm of Beecher, Schneck & Co.

Boies Is Silent. CHICAGO, June 19.—Ex-Governor Horace Boies, of Iowa, has arrived at Chicago and registered at the Palmer House. He refused to discuss the political situation. He said he had read in the morning papers of Colonel Morrison's refusal to run on the Democratic silver platform, but declined to say whether that fact had any material bearing upon his own candidacy.

Two carloads of strawberries were shipped from Hood River Tuesday night. This is the heart of the season. Tuesday night's shipment being the largest. From the way the river is rising, they may not be able to ship to eastern markets more than a day or two longer, as the water at the present rate it is rising will soon be over a portion of the track.

The Indignant Mob Wouldn't Face the Guns.

ROSEBURG, Or., June 20.—John Dixon, brother of James Dixon, who shot Charles Rice last Sunday, near Blakesley's, rode hurriedly into Roseburg last evening, informing the authorities that a large mob was organized near the scene of the shooting to lynch James, confined in the county jail. Tonight, the authorities are preparing to defend Dixon.

LATER. ROSEBURG, Or., June 20.—Upon the request of the mayor, Governor Lord ordered out the militia here last night to protect the prisoner, James Dixon, who shot, and killed Chas. Rice, from mob violence. It had the desired effect, the mob hearing that the jail was well guarded did not come. This morning Sheriff Cathcart took the prisoner to Eugene for safe keeping on the north bound overland.
