SALEM, OREGON, TUESDAY JULY 28, 1896.

NO. 207

THE GOLDEN RULE OF BUSINESS.

There is one store in Salem doing a cash business. We have one rule for everybody and make no exceptions. The New York Racket does not allow goods to be taken from the store until fully paid for. If returned in the same condition as when purchased we cheerfully refund money for anything bought of us. Doing business on this plan we can give you better values than other merchants.

New York Racket Grand Silver Picnic LYONS, OREGON.

Friday and Saturday, July 31 and August 1.

A. J. WAGNER, -EXCELSIOR- STABLE- E. C. HANSEN, MANAGER.

Trays and horses used. Satisfaction guaranteed. Stable back of State Insurance block.

RAIN AND TORNADES

Great Damage to Crops and Property.

COAL MINERS DROWNED.

Standing Grain in Western States Nearly Ruined.

PITTSBURG, July 28.—The full extent of the damage wrought in last night's hurricane and electrical storm was not known until daylight when wreck and ruin were apparent on all sides. Steeples were blown from churches, and adjoining buildings crushed, houses unroofed, trees broken off or torn up by roots and great havoc was caused by the heavy fall of rain. Summed up at nine o'clock this morning, with many outlying districts to hear from, the result was two lives lost, thirty-six injured, some fatally, and much property damaged. A \$100,000 boarding house, near Washington county, was washed away and the occupants, fifteen coal miners were drowned.

IOWA, NEBRASKA AND DAKOTA. SIOUX CITY, July 28.—Fuller reports of yesterday's storm have been coming in. The loss is inestimable all over Northwestern Iowa, Northeastern Nebraska and Southwestern South Dakota. From Merville, with an area extending one mile south, three east, sixteen west and eight north, of town, standing grain everywhere suffered from five to ten bushels to the acre, and in many cases was totally destroyed.

In the town itself, many buildings were injured and scarcely a whole pane of glass remained.

In Plymouth county, Great Fredonia, Meadow, Elgin and Preston townships sustained the greatest loss. Roofs were beaten through by the force of the hail, considerable stock was killed and the ground literally strewn with dead hogs and poultry. The heaviest loss was to corn, which was beaten completely to pieces.

In Sioux City, the loss is heavy, and many buildings have been ruined. The estimated damage is \$200,000.

Tidal Wave. CHICAGO, July 28.—A series of tidal waves along the western shore of the lake today caused the water to rise over three feet above the normal water mark. The first and highest wave was at 5:30 A.M., and from that time until 10 o'clock there was a succession of ebbs and flows that were about an hour apart.

Conspiracy Discovered. BERLIN, July 28.—A dispatch to the Kolnische Zeitung from Warsaw says that several arrests have been made there of persons who were found to be connected with an impending Polish revolutionary movement. The movement is of serious character.

Stabbed. CAIRO, Ill., July 28.—I. N. Coffee, the president of the state board of pharmacy, was stabbed with a dagger and killed at 12 o'clock last night by Dr. Crabtree.

W. H. Smith Dead. CHICAGO, July 27.—William Henry Smith, late general manager of the Associated Press, died at Lake Forest, Ill., this morning.

Rain Storm. DEBUQUE, Iowa, July 27.—A fierce rain storm swept this section last night and considerable damage is reported.

Shops Burned. BELFAST, July 28.—Harland & Wolff's and Workman's & Clark's shipbuilding shops have been almost wiped out by fire. The yards alone were damaged to the extent of \$600,000.

Children Cry for Pitcher's Castoria.

Vessel Identified.

PHILADELPHIA, July 28.—Information received from Stanley under date of June 9, proves conclusively that the ship which foundered off that locality May 14 last was the Philadelphia clipper, City of Philadelphia, and that Captain Johnson, his wife and family, one passenger and a crew numbering in all 28 men, perished. The articles saved by the salvors have been described minutely, and have been recognized by the shippers as the identical goods shipped to San Francisco by the City of Philadelphia, which made sail from Sandy Hook early on February 2.

Found Guilty. LONDON, July 28.—The jury in the Jameson, South African case, has found all of the defendants guilty of violating the foreign enlistment act. Dr. Jameson was sentenced 15 months imprisonment without labor, Major John Willoughby ten months, Major White seven months, Captain Henry F. Coventry, Colonel B. Grey and Colonel H. F. White five months.

To Prevent Bonds Until After Election. NEW YORK, July 28.—A committee of seven, appointed at a recent meeting of the exchange bankers, to devise means for the prevention of gold exports during the next ninety days, today presented a complete report to the full body at a meeting in the offices of J. P. Morgan & Company.

Delay in Payment. LONDON, July 27.—A Canea dispatch to the Times says that the Cretan assembly has voted a delay in payment of three months, and that the government has sanctioned the vote.

Rhodes Will Talk. LONDON, July 28.—The Daily News says that it hears that Cecil Rhodes intends, at the earliest possible opportunity, to attend the parliamentary committee which is to investigate the Jameson raid and to fully disclose all he knows about the raid.

The Tailors Strike. NEW YORK, July 28.—The latest acquisition to the ranks of the striking coatmakers are 5000 overcoat and sackmakers, who quit work today. This force will be authorized on Wednesday by an assembly of 5000 jacket-makers, and will, in all probability, be followed by 4000 knee-pentmakers.

Goes to Supreme Court. SAN FRANCISCO, July 28.—The case of Theodore Durrant, convicted of murdering Blanche Lamont, went to the supreme court today.

About That Callopie. EDITOR JOURNAL.—Since the editor of the Statesman is anxious to know why E. Hofer didn't take a callopie to St. Louis to make himself heard, it might be well to remind the roseate youth that he evidently had no use for one. Hofer seems to have made his presence known without a musical instrument, since he was selected as national committeeman for Oregon.

Furthermore if he had wanted a musical instrument, he would not have followed Mr. Irvine's "sound money" ideas of buying one on the installment plan and failed to pay the monthly \$10. To your suggestion that this financial seer, who is secretary of the Workingmen's Republican club, that he tell "the boys" how to beat his house painter and how to beat an expressman, might be added the advice how to secure a musical instrument and beat the dealer out of his pay. But in the last case, no doubt the piano man has a lien, and can realize on short notice. People who are so keen for music should pay the FIDDLER.

INSANE.—Mrs. Mary Berry, wife of John Berry, of Coos county, aged 54 years, was today committed to the asylum.

Are You Tired. All the time? This condition is a sure indication that your blood is not rich and nourishing as it ought to be and as it may be if you will take a few bottles of the great blood purifier Hood's Sarsaparilla. Thousands write that Hood's Sarsaparilla has cured them of that tired feeling by giving them rich blood. Hood's Pills act easily and promptly on the liver and bowels. Cure sick headache.

Children Cry for Pitcher's Castoria.

POLITICAL DOINGS.

Silver Committee to Notify Bryan and Sewall.

AT BALTIMORE, MARYLAND.

Tennessee Populists Want Watson to Stand Pat.

Tennessee Populists. NASHVILLE, July 28.—The Populist state convention met this afternoon. J. H. McDowell was elected temporary chairman. He said: "We have nominated the great Tom Watson of Georgia, and we are not going to draw him off under any circumstances. I stand here instructed by Senator Butler, to tell you this. I have instructions from our national chairman to tell you what to do in regard to the election. When the electoral college meets, there will be a hundred Populists present, and they will say 'we will have a vice president, or you will not elect Bryan.'"

Gold Democrats. INDIANAPOLIS, July 28.—Ex-Congressman Bynum, who is a member of the sub-committee of the sound money Democrats, which is arranging for a national convention to nominate a sound money ticket, said today that fifteen states have already indicated that they will be represented at the meeting in this city on August 7th.

Has Withdrawn. WASHINGTON, July 28.—Senator Pettigrew, of South Dakota, who followed Senator Teller in his bolt from the Republican convention at St. Louis, has resigned as a member of the Republican congressional committee.

Pop Speakers. ST. LOUIS, July 27.—Among the speakers who will take the stump for the populist ticket will be Senator Butler and ex-Chairman Taubeneck, E. V. Debs, Robert Schilling, of Milwaukee; Senator Allen, of Nebraska, Senator Pepper, Mrs. Roberts, of Georgia, and many others, including Coxey and Carl Brown.

Governor Holcomb Speaks. LINCOLN Neb., July 28.—Governor Holcomb said today that he believed Bryan would accept the Populist nomination. In Nebraska, the governor said, there would certainly be a fusion and the fusionists would carry the state.

New York Democrats. NEW YORK, July 28.—The Democratic state convention will be called to meet at Buffalo, September 6th. It is stated that Senator Hill now favors the nomination of a third ticket. Tammany will probably endorse Bryan and Sewall.

Notify Bryan and Sewall. NEW YORK, July 28.—W. P. St. John, treasurer of the national silver party, returned today from the St. Louis convention. He said: "The national silver party has accepted an invitation from Baltimore merchants to notify Bryan and Sewall in the city of Baltimore. The notification will be made about 14 days after the Democratic notification in New York. The place of headquarters will be determined by Senator Jones, chairman of the Democratic national committee. It looks now as though we would select Washington. Whatever he does will be followed by the silver party."

"In state and municipal affairs the national silver party will not move. This will leave the Republicans to vote their own state ticket, but the national silver party will have a congressional candidate in every district where the Democratic nominee favors the gold standard."

AN OREGON CHICKEN.

Discusses Possibilities of Oregon Poultry Raising.

While working among chickens I saw a group in one corner of the chicken yard discussing some subject. I of course, thought they had taken up the money question, but upon a closer investigation I found that they had tears in their eyes, lamenting because they were considered scrub stock in San Francisco market, while their eastern cousin is much more preferred on account of being a larger chicken.

One old rooster said, that as far as climate was concerned Oregon was good enough for any fowl and he did not see why Mr. Farmer did not raise a larger variety of chickens, for it is disgusting to a chicken when he starts out to market to have the buyers point him out and say he is not large enough, and will only command a scrub price.

An old hen was heard to say that if they would place eggs of a larger variety of chickens under her she could just as well raise the largest kind as the "scrubs." Now then Mr. Farmer see to it that you improve your stock with a larger bird get plenty of them in the country and the buyers will be here with the cash for them. One old hen said that there was a buyer from San Francisco here the first of the week who would take us for what we are worth and buy next year if Mr. Farmer will let us mother hens raise better chickens and pay according to size.

There is no reason why Oregon cannot sell San Francisco a part of the poultry used there.

Farmers think this out for yourselves. If the larger chicken has the preference, which it has, let us raise it.

AN INTERESTED OBSERVER.

POULTRY FOR 'FRISCO.—Why cannot the Willamette Valley supply to a great extent the Frisco market with poultry and eggs. We have the climate and soil conducive to successful chicken raising and the old Oregonians say that our climate from October until May is especially adaptable to the raising of ducks. The only reason given by the San Francisco dealers for not purchasing Oregon poultry is our chickens are classed as "scrubs" not being as large and well developed as those to be obtained in the eastern markets. Now we should show the California people that Oregon is well adapted to the raising of choice poultry by allowing our "scrub" stock to gradually disappear meantime devoting our attention to the raising of a larger and more productive bird. It will pay our readers interested in this question to read the article from "Observer" published in another column. H. H. Sattler, a commission merchant of San Francisco was in the city yesterday looking up the poultry business in this part of the state. Mr. Sattler in speaking with a representative of the JOURNAL stated that he was much surprised that with the excellent climate and soil in Oregon for poultry raising, we did not produce a better supply. It is possible that Salem may be made a regular shipping point for poultry and that a car load may be shipped at regular intervals hereafter.

WEDDING TO-NIGHT.—At the home of the bride's sister, Chas. Cosper, this evening will be performed the marriage of Miss Ellen Claggett to Frank A. Welch, both of this city.

Chas. Bird, of Mannel, had a serious accident the other day. A chisel fell from the second story of a new building on which he was at work. The chisel struck him endwise between the shoulders and passing straight downward, pierced the cavity. The wound is a very ugly one owing to its location and had the chisel struck him on the spine it would, no doubt, have killed him instantly. The chisel was 1 1/2 inch and made a wound three inches deep.

J. H. Shearer, of Wasco county is probably the only wool grower in the northwest who ships his own product direct to Eastern buyers. Mr. Shearer has his own baler, prepares his clip for shipment at his ranches on Deschutes.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

HOLD-UP IN A GULCH

Race War in Florida Results in Six Killed.

AMERICAN WINS THE MEDAL

Lost Vessel Identified—Nevada Sheriff Killed.

Hold-Up. WICHITA, Kan., July 28.—In a lonely gulch several miles west of the village of Lacey, in the northern part of Oklahoma territory, the regular mail stage was held up by a band of outlaws, who rifled the express and mail sacks, taking all the registered letters and all the valuables carried by the two passengers in the coach. There is little doubt that the robbery was the work of the reorganized gang of Bill Doolin, the condemned murderer and outlaw who escaped from jail at Guthrie several weeks ago with a dozen desperadoes and robbers. A big force of United States marshals has been in pursuit of the outlaws ever since their escape.

Race War. JASPER, Fla., July 28.—It is reported a race war has occurred about 15 miles east of here, in which six men were killed and seven seriously injured. The tragedy is said to have taken place at Haggard's turpentine still, where many negroes are employed. It is said the colored men gave a party and while in progress a number of white men intruded and the shooting resulted.

American Wins. LONDON, July 28.—Walter Winans, an American pistol shot, won the first prize in the first, second and third series of revolver competitions here, the scores being 39, 42, 38. Winans has won in all 12 first and three second prizes at the Bisley revolver competition, and has also won the revolver championship. The prizes mentioned were won with a military revolver. Winans also won the first prizes in the first, second, third and fifth series competitions with any revolver, the scores being 38, 41, 39 and 42. He also won all the aggregate prizes.

Nevada Sheriff Killed. NEVADA, Cal., July 28.—Sheriff David Douglass went out yesterday in search for a highway robber. Not returning, and his horse and buggy being found tied up half a mile from the town this morning, a searching party went out. The sheriff and robber were both found dead about a mile from town and only a few feet from each other. Five chambers were empty in the sheriff's revolver and he was shot through the heart. The highwayman was also shot three times, through the heart, in the abdomen and in the hip. The robber had a rifle but it did not appear to have been used. It is thought Douglass was killed by a pal of the dead robber.

Two Lives Saved. Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had Consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida street, San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and Colds. Free trial bottles at Fred P. Legg's drugstore. Regular size 50c and \$1.
