MARK HANNA'S PLANS

Efforts to Console the New York Bosses.

FINANCE OR THE TARIFF

Which Shall Be the War Cry of the Campaign?

NEW YORK, July 29.—The prophecy that Chairman Hanna would ignore the New York politicians, in the preliminary organization of campaign work for McKinley has proved false, for Frederick S. Gibbs, national committeeman, was one of the guests at the meeting of the eastern managers today. Gibbs represents the Platt faction of the Republican party in New York. Hanna said: "Platt was not invited to the meeting as he was not a member of the committee."

TARIFF OR MONEY.

The most important question to be discussed this afternoon, will be as to the lines upon which the campaign is to be conducted. Frank S. Witherbee and the delegation representing the American Protective League, will argue in favor of making the fight upon tariff lines. Melville E. Loggins and others of the financial and corporation world, will ask that the financial question be kept uppermost. Hanna said today: "The financial and tariff questions cannot, in my judgment, be divorced. Our financial depression or prosperity is due in a greatest measure to our tariff conditions. McKinley shares this view with me."

Hanna will suggest that the tariff leagues prosecute the fight valorously on their own lines, and those interested in the financial question do similar work. The national committee is giving assistance.

Harry Miller Elected.

CORVALLIS, July 29.—Hon. H. B. Miller, of Eugene, was elected president of Oregon Agricultural college by a vote of eight to five yesterday.

The opposition to him consisted of three votes for ex-president Bloss, one for Prof. Lilly and one for Prof. Berchold.

Governor Lord made a speech advocating Miller's election and Hilleary, master of the state grange, spoke against his selection.

Hon. H. B. Miller, the newly elected president, has been a resident of Oregon since about 1876, first locating in Eugene and at that time followed the avocation of bridge building. Afterward he moved to Grants Pass and managed a large factory. He served one term in the state legislature from Josephine county. He is a good business man and a fair speaker. His many friends will be pleased to learn of his election.

Reed Opens the Campaign.

ALFRED, Maine, July 29.—Thos. B. Reed opened the campaign here today. In his speech Reed took the ground that free coinage of silver by the United States would not raise it to par with gold, at the ratio of 16 to 1. He said as soon as election was over and the future position of the United States was assured, capital would come from abroad and we would again be prosperous.

Portland Democrats.

PORTLAND, July 29.—The sound money Democrats of this city, are discussing the advisability of calling a convention to select delegates for the purpose of nominating a gold standard Democrat for president. A circular letter has been sent to prominent Democrats of the state, asking for an expression of opinion.

The Durrant Case.

SAN FRANCISCO, July 29.—The case of Theodore Durrant, convicted of murdering Blanche Lamont, went to the supreme court. The whole of the long transcript of the appeal, numbering 2400 pages, and bound in three volumes, has been completed, signed by the trial judge, and is now ready for presentation before the supreme court. Argument for certificate of probable cause will probably be heard today, before Chief Justice Beatty, in chambers. This certificate is always granted when there is any legal cause susceptible of argument. Probable cause in appealed cases means that appeal was not vexatious, but that cause for it was probable. There is not much doubt that a certificate of probable cause will be granted in this case, and the appeal will proceed smoothly. If everything goes promptly, allowing for the number of days the supreme court will grant for a hearing, the number of days allowed the trial judge for re-sentencing the criminal, and the farthest limit for the day of execution, Durrant has about four months more of life. This notorious criminal is now in the county jail, growing stout at his ease.

Hanged by a Mob.

SEDALIA, Mo., July 29.—Mark Crawford, employed as section foreman on the Missouri Pacific, was lynched a few miles from Tipton last evening. He was arrested at Tipton charged with attempting to assault Miss Mary Tuckley, 16 years old, who arrived at Tipton from Kansas City last Saturday. The girl was en route to Versailles, Morgan county, the home of Crawford, and consented to accompany him to that place in a private conveyance. The assault was attempted a few miles from Versailles. The meeting of two men in the roadway prevented Crawford from succeeding.

Crawford escaped but was arrested Sunday night at Tipton. Sheriff Lumpe started from Versailles with the prisoner, but was met by an unmasked mob who took Crawford from him and hanged him to a tree.

North Dakota Populists.

FARGO, N. D., July 29.—Populists are here in large numbers for the state convention. There are a few middle-of-the-roads, who want a straight ticket. They are, however, outnumbered, and the prevailing sentiment is largely for fusion. It is thought the Populists will demand the congressman, auditor, insurance commissioner, two railroad commissioners and possibly the attorney general.

They will leave the other places blank for the Democrats to fill. Herbert Root, of Valley City, and Dr. Bentley, of Bismark, are being boomed tonight to head the Populist ticket for congressman or governor.

The Oregon Appointments.

WASHINGTON, July 29.—The president has made the following appointments: John Sheridan of West Virginia, government director of the Union Pacific; vice Fitzhugh Lee resigned. Joseph E. Mery of California, agent for Indians, on Klamath agency Oregon, vice Pettitt, resigned.

Charter Forfeited.

PROVIDENCE, R. I., July 29.—Judge Tillinghast, of the appellate court, today ordered a decree forfeiting the charter of the Commercial Mutual Fire Insurance Co., restraining the president and other officers from transacting any business and appointing Jas. C. Collins, Jr., as receiver.

Serious Explosion.

VICTOR, Colo., July 29.—An explosion of 50 pounds of giant powder used for street work here, broke the windows for four blocks in the center of the town. Many people were cut by glass, but none were killed. The city will pay the damage, which amounts to \$5,000.

Tennessee Populists.

NASHVILLE, Tenn., July 29.—The Populists today nominated A. L. Minnis for governor.

Infuriated Rioters at Zurich Kill Italian Residents.

ARRESTED BY SPANIARDS.

Mussulmans Defeated and Other Matters of Interest.

Grindelwald Conference.

BERNE, July 29.—The Grindelwald conference opened here today with a long address by Dr. Lyman Abbot, of Brooklyn, upon the subject of Anglo-American arbitration. Dr. Abbott earnestly urged the formation of a permanent supreme court of judicature to deal with all disputes, and he said the leaders of public opinion in America favored this plan. It was for the Anglo-Saxons, he continued, to set the example of substituting law for war, and reason for brute force, and the time for this was ripe.

Dr. Gibson, president of the Free Church congress, warmly supported the position of Dr. Abbott.

Infuriated Rioters.

ZURICH, July 29.—The riots which broke out on Saturday, arising from the killing of a Swiss by Italians, were renewed, and continued all night. An infuriated crowd committed a series of excesses in the Italian quarter. The rioters were overpowered by the police and military and 50 men were arrested.

Mussulmans Defeated.

ATHENS, July 29.—A large body of Mussulmans supported by Turkish troops while engaged in pillaging the Adomati district of Crete were attacked by 1,500 insurgents. The latter drove the Mussulmans and Turkish troops out of the district inflicting serious losses.

Sentenced to Be Mitigated.

LONDON, July 29.—The Westminster Gazette says that during the debate on the home office vote Friday next, the home secretary, Sir Matthew White Ridley, will probably announce the mitigation of the sentences of the Irish prisoners.

Crop Failure.

LONDON, July 29.—An Odessa dispatch to the Times announces that official reports are to the effect that the harvest has been a failure throughout the most fertile grain-producing districts in the south of Russia.

Arrested by Spaniards.

HAVANA, July 29.—The police, acting upon information received from a lady who owned a small hotel at Barabas, which was frequented by insurgents and their families, arrested Senora Larday, her father, Juan Pablo, and her nephew, Begnino. They had with them three horses loaded with groceries and a quantity of cloth and dry goods, evidently intended for the insurgents. In addition, the prisoners were found to have files hidden in their stockings.

Situation Serious.

BULWAGOY, July 29.—Imperial troops are being hurriedly pushed to the front from MacLoutzie and Mangwei and Fort Tull. The situation is becoming more serious day by day.

The Storms Devastations.

PITTSBURG, July 29.—Tales of devastation of the storm which swept Western Pennsylvania, Monday night, continue to pour in. Four more drownings are reported, making the death list fifteen. The damage in Washington and Fayette counties will probably reach \$1,000,000.

Yellow Fever in Mexico.

WASHINGTON, July 29.—The surgeon-general of the United States marine hospital service is advised by the United States consul at Vera Cruz and Acapulco, Mexico, by telegraph, of the prevalence of yellow fever in those ports.

Mark Hanna: "Stave off that bond issue until after election, by all means."

We are modest and would consider it a great improvement if Salem had respectable sidewalks.

C. P. Huntington says that France is the most prosperous country in Europe. Yet they are deluded silverites.

Bryan is beginning an infernal campaign of education, say the Mark Hanna - English - Syndicate - Boiler Plate newspapers.

The contest of the coming election is between the farmers and laboring classes and syndicates and bondholders. Take your choice.

It has been discovered by Mark Hanna's English syndicate that McKinley thinks more of his wife than any other American of his helpmeet.

The latest thing on the money question is a gold-bug editor saying his bimetallic brother had a bilobed brain, one lobe is for silver and the other is for gold. That is shocking.

"Inquirer" in the Morning Interviewer is very much worried about County Treasurer Brown's political views, and incidentally in where he does his banking.

Along the line of Mexico the greasers get 50 cents for their dollars in this country, so they spend them in Mexico. The American can get a dollar for his 50 cents in Mexico, so he spends it in Mexico. They both spend their money in Mexico.

Eloped With a Tar.

PORTLAND, July 29.—Miss Genevieve Roberts, the 17-year-old daughter of millionaire Roberts, of Salt Lake City, was on board of the Philadelphia when she dropped anchor in the Willamette, opposite Portland. Miss Roberts was visiting in Los Angeles when the Philadelphia was at that city, and at a public reception she met and received an introduction to one of the crew. He showed Miss Roberts some attention and the young lady became infatuated.

When the Philadelphia came to Portland she concluded to follow her lover. While here the father learned of her whereabouts and found his daughter in an uptown hotel. When confronted with her indiscreet act she declared she would not go home; that she loved the seaman bold and intended to follow, wherever fate led her.

The father soon found that persuasion would not avail and he adopted force, when a scene in the hotel was the result. An officer was called, and the girl torn away from the object of her affections. But father and child were soon comfortably seated in the railway coach, homeward bound.

A State Improvement.

The state board of capitol commissioners have made a contract with John Heidecker for the construction of a cement walk across the state grounds from Court to State streets at the west front of the state house, also for a cement approach at the foot of the west steps of the building, with a walk leading to the new walk to be built.

The contract calls for a walk 10 feet wide, and provides the material used shall be 5 inches deep. The price agreed upon is 10 cents per square foot. It is also proposed to sink a well on the grounds for drinking water.

The appropriation at the board's hands was \$3500. A man to care for the grounds is employed at a salary of \$50 per month, which in two years will amount to \$1200. After paying this salary and defraying other incidental expenses, such as the purchasing of shrubbery, flowers, and supplying hose, etc., the board expect to have enough of the appropriation left to build the walk as per contract. Mr. Heidecker will begin work right away.

The Conservative Business Interests.

DAVID BURR CHASE TALKS.

He Tells Some Plain Facts That Grind Hard.

EDITOR JOURNAL.—This seems to be truly one of the "times that try men's souls." We appear to have suddenly found ourselves confronted by the greatest crisis since the sixties. The money question is altogether different from the tariff question, over which the old parties have been fighting for thirty years without approaching a settlement. Yes, the tariff has been wrangled over for a hundred years, and still not settled. But the adoption of free coinage means a sharp and radical change from the policy which has been dictated by the money kings for more than a generation.

The people are beginning to find out that there is no more justice or business sense in giving the bunkers unquestioned control of our money system than there would be in allowing the manufacturers alone to fix our tariff duties for us. At the same time we realize that the money power is an unscrupulous and terrible antagonist, and many weak sisters pause in dismay when they realize the true meaning of the present movement. It is not a movement for repudiation of any dishonest purpose, as the goldbugs would have us believe; but it is a movement to wrest from the richest and most powerful of classes some of the special privileges and unfair advantages to which they have become accustomed. To any one who understands human nature it is easy to see that this class will fight to the last ditch, and they won't hesitate to hit below the belt, either. Many timid voters fear to enter on the struggle, preferring to tamely submit to their masters, in the hope that some crumbs from the rich man's table may fall to their share; but such is not the material of which genuine Americans are made.

Had the same sort of councils with which the goldbugs now insult our intelligence been followed in 1776, the Declaration of Independence would never have been read from the steps of Faneuil Hall, and we would still be a dependency of the British crown, as we seem to be of the British bondholder. New York was a Tory town during our struggle for independence, and she was a hotbed of Copperheadism during our civil war. Now she is using all her power to fasten the British gold standard on this country. She is a traitor, always has been a traitor, and always will be a traitor to the best interests of the American people. These are facts, and they ought to be enough of themselves, to cause the voter to view with suspicion any scheme whatsoever that is advocated by New York city.

It ought to be easy for any child to understand why the money kings want the gold standard. Their interests lie that way. Adherence to the single gold standard means falling prices for commodities, and a constantly appreciating dollar. The man whose property is in dollars, either cash or debts, wishes his dollars to buy as much as possible of all other commodities, and
