

CASTORIA

for Infants and Children.

MOTHERS, Do You Know that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons? Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel P. Fitch. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. P. Fitch and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 25 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of Dr. S. P. Fitch is on every wrapper.

Children Cry for Fitch's Castoria.

OLD SOL'S VICTIMS.

The New York List Reaches Nearly 200.

STREWN WITH DEAD HORSES.

The Service Inadequate to Care for the Victims.

In New York. NEW YORK, Aug. 12.—Yesterday was a day of fearful heat and has added a page of fatalities and suffering more remarkable than its predecessors. In New York city, in Brooklyn and all adjacent towns, and throughout the states of New York and New Jersey, the reports of deaths and prostrations overshadow the record of any day in many years. In this city alone the death list for 24 hours has footed up to more than 100 names, Brooklyn adds about 20 to the list, and the heat victims in suburban towns bring the total up to 150.

Men and women walking along the streets have dropped in their tracks and died before physicians could be summoned, and others have died as though stricken by a plague. Many factories closed and outdoor workers have been compelled to drop their tools and find shelter during the hours when the sun was hottest. Particularly among policemen and letter carriers has the suffering been intense, and many have been compelled to stop work.

The hospitals of this city were crowded to their full capacity, while the doctors and nurses have been kept at work night and day, until many of them have succumbed to the strain. The department of public works has come to the relief of the tenement-house districts, and forces of men with hose carts are patrolling the streets of these sections and flooding them with water from the hydrants. Men, women and children rush in groups under the streams from the hose, and the night scenes among tenements as the relief parties make their rounds are unprecedented.

Unless today brings rain, many prostrations are looked for in the Madison Square Garden meeting, and preparations are being made for a special force of medical men and special ambulances.

The thermometer has for the past six nights fallen but a few degrees from the limits registered during the hottest part of the day. The heat Monday night held stationary at 81 degrees until 4 o'clock Tuesday morning. As soon as the sun began to ascend, the thermometer did likewise, until all previous records for August were broken.

There were indications this forenoon that the torrid spell, under which this section suffered, with only a slight intermission for two weeks, had drawn to a close. The heat was intolerable all night. At 8 a. m. the thermometers down town marked 85 in the shade, the official record being 3 degrees less. A brisk breeze tempered the fervid rays of the sun, even with a humidity of 70 per cent. Between 2 and 7 o'clock, the police had been notified of six deaths, as a result of the heat. At 9 o'clock the police record showed that sixteen persons had been treated for sunstroke, since 2 a. m. Six deaths by heat and many cases of prostration were reported in Brooklyn from midnight to 10 this morning.

The Windy City. CHICAGO, Aug. 12.—The deadly effects of the high temperature, however, continued. Many fatal cases of sunstroke were reported up to midnight, with the list still incomplete. About 50 cases of prostration, more or less serious, occurred. A shower, last evening, sensibly cooled the air, but

only for a short time. The number of persons driven insane, by the heat, will probably never be known, but its effects in that direction may be estimated from the fact that during the week 20 persons have been locked up in the detention hospital, all of whom have been driven crazy by the heat. There are about 800 dead horses unremoved from the streets, the city being unable to secure sufficient assistance to cart as many away as daily succumb to the heat. The mayor has issued an order guaranteeing \$10 to any one who will remove one of the cadavers.

WASHINGTON FOR BRYAN

Three Conventions Endorse the Democratic Nominee.

ELLENBURG, Wash., Aug. 12.—The Democratic Populist and free silver conventions met here today.

The Democratic state convention was called to order by J. K. Edgiston, vice-chairman of the state central committee. Rev. Mr. Olling invoked the divine blessing, after which Edgiston announced that C. H. Warner, of Colfax, had been selected as temporary chairman.

Warner took the chair, and made a short speech. He advised moderation, and stated that he believed the best results could be secured by the union of all free silver interests.

W. H. White, of King county, then introduced a resolution that the chairman of the convention appoint a committee of three to visit the Populists and free silver conventions and request an appointment of like committee from each of those conventions to confer with this committee and arrange as to the number of members of an conference committee to be selected after permanent organization is effected. This conference committee to determine basis for fusion. W. H. White, of King county, John Paul Judson, Tacoma; and J. E. Fenon, Spokane; were appointed on this committee.

The free silver convention met in the court house and the morning session was devoted to effecting a temporary organization and to the appointment of committees. Attorney General Jones called the meeting to order and George W. Thompson, of Tacoma, was unanimously chosen temporary chairman. The request of the Democratic convention that free silver Republicans appoint a committee of three to confer with the committee from Democrat and like from the Populists and arrange as to the conference committee with a view to effecting fusion was complied with, and on that committee was appointed C. G. Austin, King county, R. B. Blake, of Spokane, and A. R. Titlow, of Whitman.

THE POPULISTS. The Populist state convention was called to order by Chairman Bulger, of the state central committee. Thomas J. Miller, of Thurston county and C. E. Cline, of Whatcom, were placed in nomination for temporary chairman. Cline was elected by a vote of 200 to 152.

The following dispatch, signed by the chairman of three conventions, was sent to W. J. Bryan:

"Three state conventions, Democratic, Populist and free silver Republicans, meeting in state convention in Ellensburg, send congratulations and promise you the electoral vote of the state."

In his introductory remarks, at the time, he called the convention to order. Attorney-General Jones created something of a sensation, by declaring that he had evidence that Mark Hanna had emissaries in this city for the purpose of preventing a fusion and that he also had detectives here mingling with the Populist delegate in order to circumvent the desire of free silver Republicans and Democrats to put a combination ticket in the field.

Spring chicken at Doty's.

PROGRESS IN CUBA.

Weyler's Telegraphic Editor Goes Away.

THE VENEZUELAN QUESTION.

Japanese Residents of Houim Murdered in Cold Blood.

Cuban Matters. HAVANA, Aug. 12.—Colonel Edward Huardo, aid-de-camp to Captain-General Weyler, and Francisco Arazoza, editor of the Gazette, sailed from Havana today on the steamer Ciudad Condo. The colonel of artillery at Soto Mayo has yellow fever.

Augustin Bestad, editor of the Patria, at Santiago de Cuba, and correspondent of the Diario de la Marina, arrived here yesterday and was greeted.

A comparison of the statistics of yellow fever shows that in 1826, 53 per cent of the persons died in the month of May and 47 per cent in the month of June from that disease. In May this year the deaths were 23 per cent of the number of cases and for June were 34 per cent.

Reports received from Puerto Principe and Santiago de Cuba are that Maximo Gomez remains in the zone about Conro.

Insurgents have burned and demolished the plantation of Lusla, in Matanzas.

At San Antonio de los Baños a proprietor named Domingo Hernandez, who was 70 years old, has been hanged by the insurgents.

THE FORMOSA REVOLT

SAN FRANCISCO, Aug. 12.—Mail advices from the Orient tell of a rebellion which has broken out in the center of the island of Formosa, Honim, the camphor center, was attacked on the 27th of June. It is supposed the few Japanese there, numbering about a dozen, including the gendarmes, were killed, and it is feared that D. D. Olla, an European, had also fallen a victim. The town is supposed to have been sacked and the loss to foreigners will be considerable. This state of affairs is due to the cruelties committed by the Japanese in the country, and to the arrogance and general misconduct of officials.

THE MAYBRICK CASE.

LONDON, Aug. 12.—The secretary of state of home affairs, Sir Matthew White Ridley, in the house of commons, replying to a further question on the subject, refused to communicate to the house the statement made in his private capacity, by the lord chief justice, Baron Russell, of Killowen, with reference to the case of Mrs. Florence Maybrick, the American undergoing a sentence of imprisonment for life after having been convicted on the charge of poisoning her husband, James Maybrick.

VENEZUELAN AFFAIRS.

LONDON, Aug. 12.—The standard (conservative) says that Sir William Vernon Harcourt, the liberal leader in parliament, has been notified that the negotiations between London and Washington continue.

"It is doubtful," says the Standard, "whether the opposition will raise a debate in parliament on the subject of Venezuela."

GRACE EXTENDED.

LONDON, Aug. 12.—A dispatch to the Times from Cape Town says that a proclamation has been issued which extends the time of grace for the surrender of the Matabele rebels to September 23.

FATAL ACCIDENT.

LONDON, Aug. 12.—At the Novelty theater last evening, in a stabbing scene, the spring dagger made for stage use failed to act and an actor was stabbed to the heart so that he died in a few minutes.

Will Have Employers Vote Their men.

IOWA UNITED FOR MR. BRNAN.

Democrats, Populists and Silverites All in Harmony.

Iowa United for Bryan.

OTTUMWA, Ia., Aug. 12.—The Democratic state convention promises to be lightly attended. A conference of Democrats, Populists and free-silver Republicans completed a scheme for fusion, including electoral, state and congressional tickets. As to the electors, the Democrats have one, the Populists two and the silver Republicans one. All state officers go to the Democrats, except that of auditor, which goes to the Populists, and railroad commissioner, which goes to the silver Republicans.

By an agreement, A. Van Wagoner, of Sioux City, will be temporary chairman; J. J. Shea, of Council Bluffs, permanent chairman. Horace Boies and General Weaver will be electors-at-large. M. F. Healy, of Fort Dodge, will probably be nominated for secretary of state; Senator Bolton, of Logan, supreme judge; W. G. Boies, of Sheldon, attorney-general; Robert Donohue, of Burlington, railroad commissioner; G. W. Davis, of Louisa county, auditor. The platform will be a terse indorsement of the Chicago platform.

Hanna's Hot Methods.

CHICAGO, Aug. 12.—Chairman Hanna of the Republican national committee, spent very little time at headquarters. He spent most of his time among money men in the leading clubs, enlisting business men for service in the coming struggle. After looking through his mail he took a carriage and drove around to see the big manufacturers, merchants and employers of many men. He is reported as saying the best way to reach the great armies of voters and workmen is through those who employ them and to that end it has been arranged, it is said for employers to hold meetings in their shops and factories for the purpose of educating employes on the current issues. He has ordered a long distance telephone put in between headquarters here and those in New York, so that the offices can be in constant communication and maintain a complete system of exchange of reports.

The Cold Democrats.

INDIANAPOLIS, Aug. 12.—Executive headquarters of the national Democratic party have just been established in the Lempe building, at Pennsylvania and Market streets. W. D. Bynum, chairman of the national executive committee, and John R. Wilson, both of this city, will be at headquarters until the rump convention is held on September 2.

Mill Burned.

PASO ROBLES, Cal., Aug. 12.—The four story mill of the Sperry Flour Company, was burned this morning, together with three adjacent cabins and blacksmith shops. Loss about \$50,000.

Children Cry for Pitcher's Castoria.

BRYAN'S ACCEPTANCE

A Monster Gathering in New York for the Event.

BRYAN NOT ABLE TO SPEAK.

His Throat Trouble Takes On an Acute Form.

NEW YORK, Aug. 12.—There was a great gathering of Democratic politicians at the Fifth Avenue hotel this forenoon. Democrats had been coming on trains from the West and South for 24 hours. There was also a sprinkling of other party men from the Eastern states. The absence of New York Democrats from the gathering, showed conspicuously. The first meeting of the day was that of the committee on notification to arrange a meeting for tonight. The committee organized by electing Governor Stone, of Missouri, chairman. The roll call showed that the only states not represented were Maryland, Oregon, Washington and West Virginia. Senator Gorman, it was understood, would serve as a member of the committee for his state.

NEW YORK, Aug. 12.—The program of the Democratic national committee tonight, is for the committee to meet at the Fifth Avenue hotel, and march to Madison Square Garden. Gov. Stone will deliver the notification speech to Bryan, who will respond. Then with a few words Gov. Stone will present to Sewall a written notice of his nomination as vice-presidential candidate who will respond briefly.

Bryan Has Throat Trouble.

NEW YORK, Aug. 12.—W. J. Bryan, the Democratic nominee for the presidency, is suffering today from an attack of acute laryngitis. A specialist called to attend him, hopes Bryan will be able to deliver his speech at the notification meeting this evening.

National Democratic Committee.

NEW YORK, Aug. 11.—Democratic national committee met today. Senator Gorman, offered a resolution that the chair appoint a committee of 25, to be known as executive committee; a committee of 25, to be known as campaign committee, chairman Jones to be ex-officio member of each committee. Resolutions were adopted without dissent. Gorman followed them up with these:

Resolved, That the campaign committee, when appointed, shall in conjunction with the chairman of the national committee select a permanent headquarters for the national committee. It is the belief here that the headquarters of the national committee will be located in Washington, with branches in New York and Chicago.

Heat at Philadelphia.

PHILADELPHIA, Aug. 12.—Up to 11 four deaths and scores of prostrations have been reported to the police headquarters. At 8 this morning the thermometer, at the weather bureau, registered 83, one degree cooler than yesterday, but the thermometers on the streets ranged from 7 to 10 degrees higher. Shortly after 9 a westerly breeze tempered the scorching rays of sun.

STRAW GOODS.—The New York Racket wants to close out all kinds of straw hats for men and boys, also linen dusters and coats, and hammers. Now is the time to get a bargain. Call and see. d2w1

Always After More.

We are always after more customers, and you are always after more goods for the money. We give you more and better goods for the money than you can buy elsewhere, and that's why we have more customer. Our prices on reliable shoes are not four stars at other stores. Good shoes, and shoes that fit and wear well, are what we offer you. We save our customers from 15 to 25 per cent on all purchases.
