WEATHER AND CROPS.

Weekly Chimate and Crop Bulletid for week ending Aug. 17th, 1035. Weather-Warmer weather pre-

valled than during the preceding week. The mean temperature was 68 degrees, arise of 4 degrees, the increase being principally in the heat of the day. The highest temperature for the week was 12 degrees at Roseburg on the 11th, and the lowest was 50 degrees, Which o curred this morning. The temperature decreased from Friday. A mist prevailed on Sunday morning, which amounted to from a trace to .01 of an jach The weather was clear up to Friday; since then high fog has presvalled in the mornings, clearing off in the afternoon. The winds have been variable, though generally northerly, and light in force. The smoke is again appearing and becoming more dense.

Crops -Harvesting and threshing continue. Plowing is being pushed with vigor, and more than usual will be done. The threshing returns show the full effects of the unfavorable year. Farms that have always had from 35 to 40 bushels of fall-sown wheat per acre, have, this year, from 20 to 3) bushels. Early spring-sown grala is poorer, yielding only from 10 to 18 bushels per acre. The potato crop was injured by the dry July weather, but it has improved since the rain. Corn is unusually good. Hops are yet in burr, and from present indications the picking will be ten days later than usual. Prunes are ripening, but owing to the failure of the prune crop many growers will not have enough to run their dryer, while others will club together and in this way obtain enough green fruit to war-

int the running of the dryers. Peaches are ripening, but they, too, are a very deficient crop. Apples are ot as good as usual, neither in quanuty nor quality. Pears are ripening and they will be a very fair crop. llackberries continue to be quite dentiful. Watermelons and cassabas are ripe and are very plentiful. The

Poor Markmanship.

Times Mountanieer, Aug. 15: Just before noon today a disturbance ocarred in the bar room at Skibbe's notel which caused considerable exitement but little damage. When Mr. Skibbe left for Astoria he placed erome Lauer in charge of the bar, and shortly before noon Fred Matnews went behind the bar to a desk to do ue writing, to which Lauer objected He ordered Mathews to get out, and on refusing to obey, Lauer stepped to drawer, got a pistol and took a shot at the intruder. His aim was poor, owever, and the ball went wide of ts mark, doing no damage except to eate a considerable commotion and clear the bar room of spectators. Immediately after the shooting Marshal Blakeney was telephoned to, and receeded at once to arrest the hooter. Lauer was taken before Justice Filloon on a charge of assault with a dangerous weapen, and was held in bonds of \$ 250 to appear for exmination at 10 a. m. Monday.
