To Attend Stanford.
On the first of next week C. G. Murphy leaves for Palo Alto, Cal., where he will begin a course in Stanford University. Chester will be remembered as the popular captain of the Willamette University Athletic team last spring. By his accommodating and gentlemanly disposition, Mr. Murphy has made hosts of friends not only among the students, with whom he is constantly associated, but also among strangers with whom he came in contact. Mr. Murphy's many friends regret having him depart from Salem, but wish him the best of success in his school work. We will look for a favorable report of Mr. Murphy, during the California field meet next June. What is Willamette's loss is Stanford's gain. Salem will have at least two representatives at Stanford this year, Ernest Wilson having departed for that place several weeks since. The Burcham brothers and Frank Matthews, will also attend Stanford again this year.

A BIG LANDSLIDE.

Towards Bryan and Bimetallism.

RATIFICATION SEPTEMBER 5.

Clubs Being Organized and Great Demand for Speakers.

On Saturday night there will be formed at Eola a Bryan and bimetallic club—W. T. Rigdon and Major Sherman, of Salem, will be the speakers.

The Republican landslide toward Bryan and free coinage is continuing to accelerate and grow intensely. At least 400 to 600 Marion county Republicans are today in open revolt against the gold standard. Grand Army men and old stalwarts who started in to loyally sustain the McKinley ticket are taking up arms against the "present gold standard." One veteran Republican said today: "I have just been out in the country east of here and made a circle of thirty miles in the best farming section of Marion county. In one neighborhood after another I got the same reply—not a goldbug in this neighborhood. In the Waldo hills an old time Republican said he was now for Bryan and so were all his neighbors. The only goldbug in the hills was Warren Cranston."

THE LABOR VOTE
at Salem is going largely to Bryan in spite of the efforts of the best leaders and organizers to hold them back. In some of the shops not over one man out of six is for McKinley. They are reading Mr. Bryan's speech at New York and they believe he is a man who will not sell them out. The labor vote at Salem will surprise the McKinley managers.

THE BRYAN RATIFICATION.
This is set for September 5 at Salem and promises to be a success. The committee has raised about \$125 and wishes to swell that sum to \$250. The money is being subscribed in small sums, as public officials, whether Republican or Cleveland, cannot be drawn upon. But the committee feels confident they will raise it. The plans now embrace a barbecue or free meat dinner, speaking forenoon, afternoon and at night. The committee chose Hon. Wm. H. Holmes for chairman of the outdoor meetings.

The committee on invitation of speakers met last night and decided to invite Mayor Penneyer and Hon. George Chamberlin, of Portland, and Hon. H. L. Barkley, of Woodburn, and Hon. Jas. K. Jones, national committeeman at Washington, D. C., asking him to send a speaker of national reputation to this city on that occasion. Announcements of other speakers will be made.

Marion county bimetallic clubs are springing up and the meeting at Mt. Angel was a grand victory. The silver forces at Monitor Mills will organize Wednesday evening and at Hubbard Friday evening. Clubs should be organized everywhere and County Chairman Morcom is working hard to reach each precinct.

The committees on the Bryan ratification are called to meet at Hotel Willamette at 7 o'clock sharp this evening to complete the general program. Let all attend.

A Valuable Prescription.
Edito: Morrison, of Worthington, Ind., "Sun," writes: "You have a valuable prescription in Electric Bitters, and I can cheerfully recommend it for Constipation and Sick Headache, and as a general system tonic it has no equal." Mrs. Annie Stehle, 2025 Cottage Grove Ave., Chicago, was all run down, could not eat nor digest food, had a headache which never left her and felt tired and weary, but six bottles of Electric Bitters restored her health and renewed her strength. Prices 50 cents and \$1.00. Get a Bottle at Fred A. Legg's Drug Store.

STATE NEWS.

A lady in Malheur county killed a rattlesnake "as big around as a fence post."

The Lake county Rustler is on our exchange table, and is a bright exponent of Bryan and free silver at 16 to 1.

About 40 workmen have commenced the work of rebuilding the draw-bridge of the O. C. & E. railroad, which spans the Willamette at Albany.

Charley Williams, a deep-sea fisherman, captured an octopus or devil-fish one day last week, says a correspondent at Woods, in Tillamook county.

Every wagon load of siwash these days is in charge of the squaw. The buck is too drunk to drive, and is sleeping on the bottom of the wagon. So much for Indian citizenship, says the Yamhill Reporter.

A notable meeting will be held in Baker City, on Sep. 23. This is the first meeting of the Lavans Union ever held in Oregon. This society was organized at the worlds Fair in Chicago.

Nell Hall and George Byram have returned to Canyon City after taking three carloads of horses to Memphis, Tenn. They secured from \$50 to \$250 per head for the horses, which were an exceptionally fine lot.

The horses, harness and stage coaches of the Arlington-Fossil stage line have been sold by the administrator of the estate of L. Parker to Reed, Buckingham & Nevins, of Fossil, who will continue to operate the line.

Union county holds \$1,000 of the Baker county warrants that are declared void by Judge Eakin's decision. It seems that about ten years ago Union county built a bridge in which Baker county was jointly interested and accepted the above warrants in payment of the work done for Baker county.

E. J. Fleming, administrator of the estate of J. S. Hawkins, today had his final account approved and was discharged.

The county clerk issued a marriage license to Wm. Ivie and Maggie M. Maulding.

Bryan at Syracuse.

SYRACUSE, N. Y., Aug. 18.—Syracuse is one of the cities urging Bryan to stop. Two thousand spectators were present at the reception last night, and the hotel keeper remarked sagely this morning: "There ain't been so many people here since Martin Van Buren visited here." This statement recalls the historical fact that the only other presidential nominee that ever visited this particular spot was Van Buren.

Broke His Neck.
HOT SPRINGS, Ark., Aug. 18.—J. C. Williams, of Montana, stabbed himself in the breast four times with a knife. Failing to end his life in that manner, he jumped head-first into a deep well, breaking his neck.

A Lone Stage Robber.
REDDING, Cal., Aug. 18.—The Bieber and Redding south bound stage was held up near Morley 25 miles from Redding this morning about 3 o'clock, by a lone highwayman who demanded the express box. Driver Hampton told him there was no express on that route. He then demanded the mail and the driver gave him the way pouch, keeping the through pouch, when he drove on as per orders. The fellow took the bag and walked back up the road. He was evidently a green hand. Sheriff Houston will doubtless send a posse to capture him.

The Barking of Dogs.

VARDOE, Aug. 18.—Dr. Nansen left here for Christiania. The meeting between Nansen and Jackson, the English explorer, was the result of the barking of dogs. The Norwegian and his companions were exploring when they heard barking. Following the sound they reached Jackson's camp. Vardoe has been decorated in honor of Nansen's return.

Death of Senor Matta.
VALPARAISO, Aug. 18.—Senor Matta, Chilean minister to Bolivia, died as the result of a wound in the spine. Before he expired he declared that the assault upon him was due to personal vengeance. Jose Cuellar, who shot him, delivered himself up to the police. He said he killed Matta in self-defense.

Deafness Cannot Be Cured by local applications as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out, and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
