Merit

Made and Merit Maintains the confidence of the people in Hood's Sarsaparilla. If a medicine cures you when sick; if it makes wonderful cures everywhere, then beyond all question that medicine possesses merit.

Made

That is just the truth about Hood's Sarsaparilla. We know it possesses merit because it cures, not once or twice or a hundred times, but in thousands and thousands of cases. We know it cures, absolutely, permanently, when all others fail to do any good whatever. We repeat

Hood's Sarsaparilla

Is the best—in fact the One True Blood Purifier.

Hood's Pills cure nausea, indigestion, biliousness. 25 cents.

Bryan Club at Medford.

The Monitor-Miner, Aug 20:. The meeting last Saturday night at the opera house was well attended there being something over a hundred present. Republicans, Democrats and Populists alike participated. The meeting was organized by electing G. C. Noble chairman and E. E. Phipps secretary. Col. E. Hofer of Salem was introduced as the speaker of the evening and took up the subject of legislation on the silver question and showed that Harrison's administration was repudiated by a landslide for Cleveland, demonstrating that something had been known to be wrong, and that the people were not yet certain where the remeny should be applied. That Cleveland's administration had put an end to the Sherman law, claiming that confidence would be restored thereby, but that the people were now awake to the situation and ready to repudiate Clevelandism.

He said it is not any longer a question of party but of principle. It is the people against organized and perverted wealth. People try to scarce us by saying you have to swallow the Democratic party, but this is not true, the Democratic party had repudiated its former leaders and principles, and comes before the nation with the people's candidate, Wm. J. Bryan, who is the stalwart champion of silver. If the people elect Bryan, they are saying they not only favor bimetallism, but they will see that paper, silver and gold are to be kept upon a parity and every dollar shall be worth 100 cents. Mr. Hofer augmented his arguments by an array of facts which are simply unanswerable.

Every one was intensely interested in the cause of free silver and the election of William J. Bryan. The appeal of Col. E. Hofer was earnest, pointed and convincing. He showed that it is not a question of one party swallowing up or promoting the interests of another, but that it is the voice of the people protesting against further abuse of legislation, and asking for their constitutional rights. [Mr. R. J. Bruns, also a Republican, made a strong address.]

The chair was authorized to appoint a committee of five on permanent organization which will take place next Saturday evening. The secretary was instructed to invite Hon. Wm. Colvig, of Jacksonville, to address the meeting next Saturday evening; after which the meeting adjourned.

Some Fast Wheeling.

Valley Transcript, August 18: The above time has been placed to the credit of Dr. G. S. Wright, of this city, on a bicycle, and was done by him seemingly without special effort on the McMinnville track, Sunday last, in the presence of a large number of interested spectators. A. B. Mitchell and H. B. Hewitt, a crack tandem team were here from Portland and set the pace for the doctor, and although they did their best they were passed at the outcome. In the mile test, when near the outcome, in order to pass the tandem, Doc. lost a couple of seconds by striking soft ground with his wheel. Had he not done this he would have crossed the line under two minutes. The half mile was beautifully done in 53 4-5 seconds. The work done by the Dr. appeared highly satisfactory to Mr. E. A. Habigorst, northwestern manager for the Columbia wheel, of Portland, who was present to witness the work. We all say "Hurrah for Doc. Wright, the fastest man in the northwest!"

Rattlesnakes are more numerous in the Malheur valley this year than ever before known and the ranchers have killed great numbers of them. All of the snakes are 6 to 10 years old, and their presence is accounted for by a scarcity of food in the hills as they have increased so fast that they have killed off all ahe rats, squarrels, etc., in the immediate vicinity.

After Counterfeiters.

Albany Democrat, Aug. 20: Tuesday evening Deputy U. S. Marshal George Humphrey went to Lebanon to arrest a couple of young men for counterfeiting, but did not find them and returned without them. Who they are of course is not public yet. The Portland Telegram, of last evening, manufactured the following item about it: "On the strength of a dispatch received yesterday by United States Marshal Grady from Lebanon, Or., Deputy Marshal Humphrey was sent to that section to arrest a gang of counterfeiters which had been discovered by the Lebanon officers, working in the vicinity. Without knowing what he would be called on to encounter, Deputy Humphrey left for the scene, and this morning there was received a telegram stating that he had captured his men and was returning with them. No particulars were given as to the nature of the crime nor the incidents of arrest."

The full measure of living is reached only by the perfectly healthy. Sickness discounts the capacity for enjoyment. When a piano is badly out of tune, the noises that come from it are certainly not musical. They are not beautiful. If it is only a little bit out of tune, you can play some few things on it. You can create a semblance of music, but you cannot make really beautiful, satisfying, soul-stirring music, unless every string is tense and firm, unless every piece of the whole instrument is in perfect tune, in perfect condition, in perfect harmony with every other piece.

It is the same with a human being. If his body is all out of order and run-down, he will not be able to enjoy anything, no matter how full of enjoyment it may be for other people. If he is just a little bit out of order, if he "is not sick, but doesn't feel just right" he will only be able to enjoy things in a half-hearted sort of way. The nearer he is to being perfectly well, the nearer will his capacity for enjoyment be perfect. To really live, and to take his part in the work and pleasure of the world, his body must be in perfect condition. If this condition doesn't exist, something is wrong and something ought to be done. That something nine cases in ten means the use of Dr. Pierce's Golden Medical Discovery. It works directly on the digestive organs, and on the blood and through these on every tissue of the whole body. It makes the appetite good, the digestion perfect and nutrition rapid and easy. It supplies rich, red blood to all the tissues and builds up solid, healthful flesh. It brings perfect health and restores vigorous, springy vitality. It makes every function in life a pleasure instead of a drag. It is an invigorating tonic as well as the greatest blood-purifier of the age. You can get it at any drug store. If you care to know more about it, and about your own physical make-up, send 21 one-cent stamps to cover cost of mailing *only* and receive *absolutely free* a copy of Dr. Pierce's celebrated book, "Common Sense Medical Adviser"—1008 pages, profusely illustrated. READ! READ! READ!

The people are charged with ignorance by the gold press. This is a false charge. Wherever the cause of free coinage of gold and silver 16 to 1 is most discussed and best understood it is most popular and strongest with the people.

Sixty Days for 50 Cents.

If you can't talk or write for silver, read and mark articles and send them to your neighbors and friends—sixty hot shot for 50c. Cheapest political ammunition in the country. Send a silver quarter or half dollar and try it. The people must be educated and it is your duty to help do this work for humanity.

WE DON'T WANT GOLD

alone, but we want both gold and silver. There is not gold enough in our country to pay one-twentieth of the debt owing in this country. If you want repudiation advocate the single gold standard. It means contraction of our currency, destruction of values, and repudiation. Investigate and you will be convinced.
