FROM SOUTHWESTERN OREGON.

A Prominent Salemite Visits the Mines and Fisheries. Amos Strong returned yesterday from a two weeks' tour of southwestern Oregon. He went by steamer from Newport to Port Orford. At this point cattle and sheep are a great success, steamer loads being shipped to San Francisco every week. There is considerable beach mining done at this point, where good wages are made during the winter months. Considerable seal and other hunting is also done at this point. From this point Mr. Strong went by steamer to the mouth of the Rogue River, visiting Gold Beach and Wedderburn. At the latter place the B. D. Hume salmon cannery is operated, at which about 150 people are employed during season. The output is about 40,000 cases per annum. This beach is also worked by miners during the winter months, at which men claim they make from \$5 to \$20 per day, but Mr. Strong thinks this is a trifle high. The hills hereabouts are covered with the famous Santa Cruz oak, which is used for tanning. Much wood and bark are shipped from here, and bring in considerable money. The bark brings \$6 per cord on the river bank. The timber is also being shipped in squared logs for furniture and finishing lumber, to be used in the San Francisco markets.

Mr. Strong went into the interior from this point, which is a well settled country. A coal mine has been discovered about thirty miles up the river from Wedderburn, to which point small steamers and sailing scows can navigate. The coal is about the same quality as at Coos bay, and is being shipped in small quantities. From here Mr. Strong returned via Newport. His impression is that this lower coast country with the right push will always be a prosperous region, but it is still rough and sadly in need of roads and development generally. The hills of this section are covered with a peculiar species of evergreen oak, which bears acorns in great quantities. These serve as an excellent food for hogs and cattle, especially the former. Here all stock is slaughtered right off the range, and even some gather the acorns for winter feed, which season is rainy, with but little snow. Settlers who have been in this country for some time are generally prosperous, and although their life is isolated they do not want for any comforts, and many grow rich by the thrift of the frontiersman.

Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better and after using three bottles was up and about again. SALEM RATIFICATION.

Mayor Pennoyer Will Make a Speech.

AT SALEM ON SEPTEMBER 5.

Declaration of Independence in Full Costume.

The committee on speakers and invitations to the Bryan ratification are meeting with great success. The committee on finance and literature are in need of funds but are working hard and will with some assistance secure all the money needed.

MAJOR PENNOYER ACCEPTS. Ex-Governor and Mayor Pennoyer writes to the chairman of the committee on speakers and invitations for the Bryan ratification as follows: Portland, Aug. 20, 1896.

E. Hofer, Salem, Or. "DEAR SIR:—I accept your invitation of the 17th inst. and will address the citizens of Salem on Sept. 5. Very respectfully, SYLVESTER PENNOYER."

THE BRYAN OPPOSED. Hon. H. L. Barkley of Woodburn writes the committee conveying his thanks for the invitation and will be present if possible. Elder Barkley is in great demand and the people will be favored with his presence at Salem.

As there will be speaking both at Marion square and at Reed's opera house other speakers, besides one to be sent by the national committee, will be invited.

A GODDESS OF LIBERTY. The committee has secured the services of Miss Marie Vandersol, the talented elocutionist, to recite the Declaration of Independence in full costume. It will be no tame reading from a book, but the immortal document penned by Jefferson will be flung to the breeze on September 5, with the oldtime independent American flag.

AT MONITOR MILLS. WOODBURN, Aug. 20.—(Special.)—The Union Bimetallic club at Monitor Mills was organized last night with 143 members. There was a rousing meeting with from 400 to 500 present. The old soldier who joined Walter Tooze's McKinley club came back to Bryan and free silver. This is the convert Tooze blomed so much about."

A SON OF LINN COUNTY. Hon. Geo. E. Chamberlin, ex-attorney general of Oregon writes as follows: "I beg to acknowledge the receipt of your favor of the 17th inst., extending to me an invitation to address the citizens of your county on the occasion of the Bryan ratification to be held in Salem on the 5th proximo.

"I feel an abiding conviction that W. J. Bryan is the standard bearer in a cause which is, and of right ought to be near and dear to the hearts of the toiling masses of this country. Nothing short of the combined effort of all who love liberty better than party, can loosen the grasp, which aggregated capital has on the throats of a people that ought to be free.

"With this conviction, and feeling that it is the duty of the humblest citizen to raise his voice in solemn warning against the dangers which threaten the republic, I cheerfully accept the courteous invitation of your committee.

GEO. E. CHAMBERLAIN."

A Valuable Prescription. Editor, Morrison, of Worthington, Ind., "Sun," writes: "You have a valuable prescription in Electric Bitters, and I can cheerfully recommend it for Constipation and Sick Headache, and as a general system tonic it has no equal." Mrs. Annie Stehle, 2025 Cottage Grove Ave., Chicago, was all run down, could not eat nor digest food, had a backache which never left her and felt tired and weary, but six bottles of Electric Bitters restored her health and renewed her strength. Prices 50 cents and \$1.00. Get a Bottle at Fred A. Legg's Drug Store.

Deafness Cannot Be Cured by local applications as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out, and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Will Not Perform Miracles But It Will Cure.

DR. MILES' RESTORATIVE NERVINE cures nervous prostration. Not miraculously, but scientifically, by first removing the germs of disease, and then supplying healthy nerve food, increasing the appetite, helping digestion and strengthening the entire system. Desperate cases require prolonged treatment as shown by that of Mrs. M. B. Reed, of Delta, Iowa, who writes: "As the result of a lightning stroke, the physicians said I had a light stroke of paralysis, my limbs would all draw up. I would have throbbings in my chest that seemed unendurable. For three months I could not sleep and for three weeks did not close my eyes. I prayed for sleep, and felt that if relief did not come I might be dead or insane. I took Dr. Miles' Restorative Nervine and the second night slept two hours and from that time on my health improved; slowly at first, but steadily and surely. I took in all 49 bottles, and I cannot express how grateful I am, for I am now perfectly well, and have taken no medicine for over four months." Dr. Miles' Nervine is sold by druggists on guarantee that first bottle benefits or money refunded. Book on heart and nerves free. Dr. Miles Medical Co., Elkhart, Ind.
