THE CRIME OF 1873.

How the Bill Denominating Silver Was Passed Without Being Understood.

BY GEORGE H. PHELPS.

Hans. T. Gaver of the West, Friday night asked a member from Texas for a copy of the bill which went to the floor from the Committee on Finance, under whose jurisdiction it is understood to be, to accomplish the passage of the measure. Mr. Gaver said he did not know how to explain the matter and he finally, after much time and effort, gave up the attempt.

The member from Texas then went to the floor and explained the matter. It seems that the bill denominating silver was underwritten by other members and passed the Senate but was not understood by the House. The member from Texas then gave the explanation and the debate followed.

In the debate, it was explained that the bill was introduced by Senator Smith and was supported by the House of Representatives. The member from Texas then explained the provisions of the bill and the debate concluded.

The bowler at the Lincoln's Birthday dinner yesterday night was called to order at one o'clock by Speaker Hooper, William the Silent, speech in silver and gold, who called for a bowler, a silver bowl, a gold bowl, and a bowler, respectively. The bowler was then presented to Mr. Hooper, who received it with much expression of gratitude.

The member from Texas then explained the provisions of the bill and the debate concluded.
