Daily Capital Journal.

BY HOPER BROTHERS.

MONDAY, AUGUST 24, 1896.

MR. GEER'S SPEECH.

The Geer speech, at the army, was the ablest effort, for the gold standard, yet made at Salem. THE JOURNAL says in all sincerity. It has always treated Mr. Geer with more consideration than any paper in the country. It has always considered him a fair man and his ability has been generally conceded. But we are forced now to condemn what we consider an unfair attack, by Mr. Geer, on Friday night.

Mr. Geer read an editorial item from THE JOURNAL to this effect: "The standard silver dollar is a legal tender dollar. It is not a gold-redeemption dollar. It is not a fiat dollar. It is not a Mexican dollar." Mr. Geer added in the same breath and without a pause or changing his voice: "But that is what it will be if we go to free coinage," leaving the impression that THE JOURNAL has said our standard silver dollar under free coinage would be a Mexican dollar.

This was a trick unworthy of any fair or intelligent man, and more so since Mr. Geer refused to correct the false impression he left on the crowd. THE JOURNAL has always been a Republican paper. It has upheld the Republican party when it stood true and square for American policies. We have not a word to retract on what we have said in the past for protection or sound money. It was the Minneapolis platform of 1892 that said the Republican party demanded both gold and silver as standard money. Now the Republican party declares that all its utterances on bimetallic in the past meant the single gold standard. How are the people to know but that its present declaration for international bimetallic will mean only the British gold standard next time they make a platform? The Republican state convention that nominated Mr. Geer for presidential elector voted down a resolution declaring for the gold standard. Mr. Geer is neither fair, honest, just or consistent in his treatment of THE JOURNAL or of the question of bimetallic.

MEXICO AND JAPAN.

The Mexican dollar buys a bushel of wheat in Mexico. The gold standard dollar buys 24 bushels in our country. Which is the better, fairer or juster measure of values?

The people of Mexico have the silver standard, because they produce only about one million of gold a year and sixty millions of silver.

While the American people are struggling to get rid of the gold standard, the people of Mexico are satisfied and prosper under the silver standard. An ounce of silver will buy as much of the products of labor as it ever would.

We are told that if we adopt free coinage, we shall be reduced to the level of Japan. Japan is not very badly off, considering that it is a little island kingdom. Its diet has just voted \$45,000,000 for the construction of railroads, telegraphs and cables, \$95,000,000 for the purchase of war material and ships, and since January, 1895, \$600,000,000 has been invested by the Japanese in banks, railroads and other companies. Japan seems to be getting along all right.

CASTORIA.

It is an every day medicine.

JOURNAL "X" RAYS.

Directed Upon Persons and Things by the Good Natured Man.

Rich men and bankers are men of sense, but men like T. T. Geer should remember that no one so dispises a toady as they.

T. T. Geer: The rich have the money to hire the poor, consequently we should bow down to them at all hazards.

More money has been driven out of the U. S. by class legislation than by financial agitation, ten to one, and that class legislation has been of the kind that permits the looting of foreign capital.

T. T. Geer says the only sensible thing for rich men to do is to withdraw their money. Why does the single gold thread philosopher offer the workman a "sensible" suggestion? The rich man as rule can take care of himself.

Thurston has utterly failed in his charge against Bryan that he is in the employ of the silvermine owners. He has no proof. He admits that. He says he believes Bryan tells the truth. Thurston had better never have made his charge than flatten out on it after making it as he did.

FROM THE SEASIDE.

NEKOWIN, Aug., 20, 1896.

EDITOR JOURNAL.—If we could receive a high slice of the warmth and sunshine of which we hear you have a superabundance out there, in exchange for a chunk of fog and mist of which we are all heartily tired, we would gladly do so.

We have witnessed but one perfect sunset during our two week sojourn here. On several occasions a large herd of some kind of sea animals, presumably seals, could be plainly seen but remained too far out to allow us to observe their motions as closely as we desired.

On last Monday evening a large party gathered around the huge bonfire of Messrs Lunn and Holman's camp in response to an invitation written on the inside of a clam shell. A good literary program had been arranged and was very successfully carried out. Misses Daisy Lockley and Kittle Harbord conducted the exercises with becoming dignity. Miss Harbord read the "Annals of Salem Camp for 1896" which created much merriment. At a late hour the party dispersed highly pleased with the evening's entertainment.

Last Sunday there were no religious services as there had been on previous Sundays but in the evening a few gathered at Mr. Fry's camp and sang gospel hymns until a late hour. Mrs. Fry has been quite ill for several days but is reported much better today.

Mr. Keene, the young man who had his limb hurt as reported last week, has so far recovered as to be able to be removed to his home near Salem.

Quite a number of families left this place last Monday for their respective homes and we hear that eleven more camps will disappear from "Salem avenue" on Friday of this week. Several arrivals have been noted this week Mr. Frizzell and daughters, Prof. and Mrs. L. G. Cochran and family Geo. S. Downing and family. Mrs. Eppley and children who have been guests at the hotel Page for the past week, expect to return to this city in a few days. Miss Kittle Harbord expects to drive over to Salem, starting next Monday.

Dr. Jeffries and Mr. Dan. Fry are expected here next week when after fishing a few days, they will return to Salem with their respective families.

Mr. Lunn is reported ill this morning. Mr. and Mrs. Hodgson and family and Rev. Mr. Wall all from Newberg, arrived here late last evening.

SILVER MEN OF POLK COUNTY.

Bimetallic Club Organized for Eola and West Salem.

Saturday evening a good crowd of earnest citizens assembled at the Eola school house, and a Union Bimetallic club was organized. Representatives were also there from West Salem, and the two neighborhoods will hold joint meetings alternately. A club roll of 26 signers was secured for a starter, and over a hundred will be had when all the rolls are in. The following officers were elected:

President, Wilson Putnam; vice president, O. C. Hutchins; secretary, R. Brunk; treasurer, E. Mitty.

The speakers of the evening were Major D. C. Sherman and W. T. Rigdon, of Salem, and both those gentlemen gave their hearers some good, sound financial doctrine, interspersed with statements of fact that must convince any reasonable person. Their remarks were received with enthusiasm, and when the meeting closed there was absolute unity of opinion. All present were unanimous in the opinion that the subject was ably and fairly handled. The next meeting of the club will be held at West Salem hall, Friday evening, September 4, when good speaking and music will be had.
