Alex LaFollett, of Mission Bottom, was in the city today, and reports fair crops in his locality. One piece of his wheat averaged 42 bushels to the acre, but as the same piece went 58 bushels last year, even this is a poor crop. He has a few peaches this year.

Attorney Geo. G. Bingham and Attorney Seth R. Hamauer left today for the upper Santiam above Detroit where they will fish for the speckled beauties for several days. Judging from a statement made by Mr. Bingham at the train this morning, some "record breaking" fish stories may be expected on their return.

W. H. H. Darby, of Macleay, was in the city today and reports threshing results good, on his place. On 40 acres they threshed 38 bushels to the acre, and it was the oldest piece, of ground, on the place. YET ANOTHER METHODIST.

He Gives Vent to His Sincere Yet Ugly Views.

EDITOR JOURNAL:—Last spring the Rev. G. W. Grannis was up to Albany and while there heard "Cyclone" Davis speak on the silver and other questions. He was so much carried away that he wrote Governor Fletcheer, of the Post, a letter telling him not to miss hearing Mr. Davis when he came to Salem. He described him as one of the great and good men of the age—a modern Abraham Lincoln, if my memory serves me right. And now what do we see? Trying to uphold the gold standard in this county, crawling at the feet of the great arch-tyrant of the age—old Mark Hanna—and giving people politics on Sundays instead of the gospel. But as McKinley does his political business on Sundays why not Grannis?

It is evident that Mr. Grannis is politician enough to know on which side his bread is buttered—from which party his salary comes. Of course, the man must live, but a good many of us who attend his church would very much like to see him either placed among that class of "silent men" or preach to us the living word. It is hard to be fed with political fodder, and poor stuff at that, while we are hungry for the "bread of life." It is poor consolation to be looking into the gospel crib for something to satisfy the soul, and find nothing there but stale platitudes on sound money and weak apologies for Christian professors who do their dirty political work on the holy Sabbath and tie their tongues for a "mess of pottage." But isn't money a queer thing? McKinley muzzles his mouth for a money consideration; Grannis gives rein to his tongue for a salary. Oh for a "silent man" in the pulpit as well as in politics.

AND YET ANOTHER METHODIST.

BEING REBUILT.—The engine house of the Capital Lumbering company, which was recently destroyed by fire, is being rebuilt. A force of men has been removing the charred timbers and bricklayers commenced the work today. The old structure consisted partly of brick and partly of wood, but the new building will be constructed exclusively with brick. The building will probably be completed in about two weeks when work in the various departments of the mill will again be resumed and a large force of men will again be given employment.

OUT TODAY.—A. White, senior member of the feed firm of White & Gilmore, who was so brutally beaten last Friday by James Stricklin, was out on the street today. Mr. White carries his head in one huge bandage as it were, the only portion of it visible, being the right eye and cheek. Mr. White is an old old soldier and a cripple, and the unwarranted attack of Stricklin was cowardly, to say the least.

LARCENY FROM A DWELLING.—Acting District Attorney J. H. McNary went to Gervais on the 2:20 train in response to a telegram received this morning. Mr. McNary is wanted to represent the state against two young fellows who are charged with robbing Jake Bingham's saloon Monday night of several bottles of liquor, boxes of cigars, etc. The money box was not molested.

A RAISE IN WHEAT.—A raise of one cent per bushel for wheat was yesterday noted at the Salem flouring mills, and 42 cents is now being paid for the "golden grain." As harvest proceeds the yield in different parts of the valley turns out better than was at first expected. About 3000 bushels are now being received daily at the Salem mills.

NEW CITIZENS.—At the County Clerk's office today the following named persons declared their intentions to become citizens: Paul Wyrsech, of Switzerland; final papers granted; Fintan Malix and Peter Mayer, of Germany; Peter Schindler, Wendelin Shlafl and Martin Mortl, of Switzerland; Thos. Miller, of England.

BIG WHEAT YIELD.—Mr. W. P. Anderson left a sample of wheat at the immigration rooms this noon that is hard to beat. On a single acre he raised 57 bushels, machine measure, weighing over 60 bushels. The wheat is of the Golden Chaff variety.—Albany Democrat.

A STIFF NECK.—Freddie Fontaine, the popular and well known son of J. G. Fontaine, is suffering from a stiff neck, Freddie experiences considerable inconvenience in getting around but he has made one discovery and that is, he is no "rubber-neck" at the present time anyway.

Hoppickers gloves at the New York Racket at low prices; they also have a fine line of other kinds from horse hide to a good buck glove. Call and save money. 26 2d 1w

WILL REPLY TO GEER

Mr. Rigdon Accepts the Silver Men's Request.

CAUSE OF THE PEOPLE.

Meetings Being Held Throughout the County.

Salem, Or., Aug. 26 '96.

ED. JOURNAL:—In response to the request of twenty-two voters as published in last evening's JOURNAL, to reply to my friend T. T. Geer, please announce through your paper, that I accept the invitation and will be pleased to receive notice immediately of the time and place arranged for such reply.

W. T. RIGDON.

Bryan Silver Club at Stayton.

Last Friday evening quite an interesting meeting was held in the town hall by the Stayton Bryan club which now numbers some sixty odd members. Several short speeches were made, notably among which was one on the "Signs of the Times" by W. Huntley. David B. Smith very ably presented the question of bimetalism which was well received. H. Mann also spoke at some length upon the present campaign and the campaign of Jackson in 1832. Stayton club is in a flourishing condition, and there is every assurance that by election fully two-thirds the voters in the precinct will be enrolled under the banner of Bryan and home rule.

At Butteville.

A bimetallic club was organized Saturday night, with a good membership. Wm. E. Iler, the hop grower, and a prominent Republican, was elected president, and H. L. Bents vice president. The silver sentiment here is strong, and Bryan with his plain, practical talk, is the popular idol of the people.

At Macleay.

A meeting of the friends of silver will be had at Macleay tonight, and speeches will be made upon the organization of a Bryan club.

Police Court.

The case of state vs. Geo. Hillyer, charged with the theft of fourteen chickens from H. I. Brown, of Highland, was concluded today and the defendant was sentenced to 124 days in the county jail in default of a \$25 fine. It seems the man's stories as to how he came into possession of the fowls did not corroborate and he also made other conflicting statements.

Ross McCormick, committed to the county jail for 124 days for assaulting E. N. Lake, Monday evening, is still incarcerated in that building and it is likely he will serve out his full time.

PAID HIS FINE.—James Stricklin, who so brutally beat A. White, the feed man last week, is again at liberty. Last night he paid his fine and was immediately released from the county jail in which he has been incarcerated since Monday afternoon.

Oregon Exhibit.

Oregon will this year be attractively represented at the state fair, in Minnesota, which opens next Monday. The most complete exhibit, of Oregon's products, ever gathered left, over the Northern Pacific, last evening. The exhibit fills an entire car, and embraces almost every product known to Oregon's wonderful and varied resources. The collection of grains, grasses and cereals is very complete. The vegetables and fruits are of the choicest, and the collection of woods will be a show in itself. Other features will be a fine collection of mineral specimens and a number of the world-famed Royal Chinook salmon, frozen in ice. Fresh salmon will be shipped, every day, during the continuance of the fair, and the exhibits, of vegetables and fruits, will also be renewed from time to time, as occasion requires. The exhibit is made by the Oregon immigration board.

INVENTORY FILED.—An inventory of the bills and accounts of the firm of Benson & Anderson, of Stayton, assigned, was today filed with the county clerk. The book accounts amount to \$25.54. The indebtedness amounts to \$779.12.

The line of fall and winter clothing is large at the New York Racket, and bought from one of the best clothing houses in Chicago. It has been selected very carefully, and will be sold at a very close profit. Call and save 15 to 25 per cent. 26 2d 1w

SENATOR MITCHELL.

Solid for McKinley and Says Republicans Will Win.

The Portland Telegram says Senator John H. Mitchell for a while will be the guest of his daughter, Mrs. Robert Heimbold, at 561 Irving street. Although he has spent considerable time traveling through the eastern states since the adjournment of congress and encountered many a hot wave, he looks the picture of health, and as he expresses it will be in excellent trim for the fall campaign in which he hopes to take an active part. Notwithstanding his reputed silver proclivities, he is a McKinley man, and wears a McKinley and Hobart button. It is his purpose to stump the state for the Republican nominees and tell the people in plain words why it is for the best interest of the country to elect McKinley.

The indications in the East, he says, are decidedly in favor of the election of the Ohio statesman, as the free-silver craze in many places has run its race. People are coming back to their sober senses and studying the situation with more calmness and deliberation. He bases his hopes for the election of McKinley on the intelligence of the average American

voter, and says when the votes are counted it will be seen that there are not so many fools as the Bryan following would have people to believe.

Senator Mitchell will devote some little time to the arrangement of his business affairs, but when the campaign opens in Oregon he will be found in the front ranks for McKinley and the Republican party.

A GENUINE SURPRISE.—Miss Enie Klein was tendered a delightful surprise at her pleasant home in Yew Park, Monday evening. The occasion was made all the more enjoyable since it was her fifteenth birthday. Those present were: Misses May Savage, Nora Anderson, Maud Flagg, Maud Savage, Carrie Hurst, Mata Klein, Hallie Watson and Stella Hurst; Messrs. Cliff Fones, David Pugh, Jake Bernardi, Chauncey Bishop, Dennis Flagg, Ralph Buzzell, James Long and John Porter.

Best in the World!

For two days and nights a large force of men have been fighting a forest fire which broke out only a quarter of a mile from town. Great excitement prevailed Sunday afternoon and evening. At present the fire is under control.

Eunice, the little daughter of Mr. and Mrs. John Butterworth died quite unexpectedly on Thursday morning, August 20. The remains were taken to Albany for interment.

A sad accident happened at Barlow's mills a few miles below here in which Mr. Robert Darling lost his life. He with three others had cut down and was sawing into logs a large pine tree, when suddenly a hemlock near was seen falling. The men ran for their lives and Mr. Darling attempted to crawl under a log, but was caught by the falling tree and instantly killed. He was buried at Gates on Sunday.

Grave fears are entertained for whereabouts of Mr. Peter Best, of this place, who was last seen on Wednesday. The following Sunday a broken fish pole, which was recognized as Mr. Best's was seen floating on the river. The same evening a hat was found about three miles below which is supposed to be his. Today what men can be spared from fighting the fire are searching for him.

Deafness Cannot Be Cured by local applications as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out, and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

DR. MILES' RESTORATIVE NERVEINE

Cures nervous prostration. Not miraculously, but scientifically, by first removing the germs of disease, and then supplying healthy nerve food, increasing the entire system. Desperate cases require prolonged treatment as shown by that of Mrs. M. B. Reed, of Delta, Iowa, who writes: "As the result of a lightning stroke the physicians said I had a light stroke of the spine, my limbs would shrivel up in my chest that seemed unendurable. For three months I could not sleep and for three weeks did not close my eyes. I prayed for sleep, and felt that if relief did not come I would be dead or insane. I took Dr. Miles' Restorative Nerveine and the second night slept two hours and from that time on my health improved; slowly at first, but steadily and surely. I took in
