THE SITUATION.

Private advices are to the effect that Ohio is showing remarkable silver strength. Bryan's meetings were remakable for such outpourings of people as were never before seen in that state. "Bryan's gab" that Oregon papers speak of so disparagingly is appreclated .wherever it is heard. An Iowa correspondent says the managers are all at sea, and that Iowa may be classed as a doubtful state, with chances as in Ohio, in favor of the Republicans.

Kansas presents a situation similar to that in Oregon-a complete coalition against the Republicans with chances of carrying the state for McKinley altogether out of the question.

The most common trouble resulting from over-exertion, either mentally or physically, is constipation of the bowels, with all its at-tendant horrors. There is no human ailment that so saps the satergies, so deadens the ambitions, as that coming from the bowels forgetting their vocation, or the liver only work-ing about eight hours out of the twenty-four.

Dr. Pierce's Pleasant Pellets are the most effectual remedy in the market. They work upon the system easily, naturally. There is no unpleasant nauses after taking them. No griping—no pain—no discomfort. They are composed of materials that go through the system gradually, collecting all impuri-ties and like the good little servants that they are, disposing of them effectually.

MRS. ROBANNA M. BLISS. of Colume. Os-merge County, New York, says: — "I had suffered much with disziness, some-times faintness from too much mental work. Over exertion physically caused countipation of the howeis. I tried liver pills. They gave tem-porary relief. Two years ago I began using Dr. Pierce's Pieasant Pellets. I have at interval, used three bottles, and I am now enjoying unin-terrupted good hold." Nonres trabs
