## UNITING THE FORCES.

### Populist Committee in Session Today.

### PERFECT FUSION IS ARRANGED.

### Other Political Matters of General Interest.

CHICAGO, Oct. 14.—"There seems to be a wrong impression regarding the action taken by the Populist committee," said Senator Butler today. "The address issued by the committee does not reflect in any way on Mr. Watson, and it will undoubtedly be approved by him. In Kansas and Colorado, where there are Watson electors. The situation is especially unsatisfactory to the committee and Watson, but since the electors in those states cannot be re-divided and give Populists' representation, we are not going to turn them over to McKinley. Nothing can be done in those states now that would not endanger the result. If we could have our way, of course it would be different, but Watson would much rather put up with the existing conditions, than have those states go for McKinley."

The members of the Populist executive committee held a conference with Chairman Jones, of the Democratic national committee, today to arrange if possible, for the completion of fusion arrangements in the congressional districts where this has not been brought about. It was positively stated that no further attempt would be made to effect a fusion in the Kansas and Colorado electoral tickets.

### Fillbustering Trip.

BARACOA, Cuba, Oct. 14.—A new fillbustering expedition has landed in Marivi, Eastern Cuba. The party brought 1000 rifles and a proportionate quantity of munitions. The men disembarked from a Hytian schooner between two Spanish forts, neither of which were a mile and a half away. The material was transported into the interior before any alarm was raised.

The state of suffering among the poorer classes in Baracoa is such that the local Spanish commandant is now permitting women and children to go through the government lines to get food in rebel camps. More than 300 passes for this purpose are being issued daily. The women are subjected to rigid search as they go outside the walls of the towns, so as to prevent medicines being taken to the insurgents, and also upon their return for correspondence.

## U. P. TRAIN ROBBERY.

### Masked Men Hold Up a Passenger Train.

### THE MAIL BAGS ARE RIFLED.

### Engineer Escapes to Uintah and Gives the Alarm.

SALT LAKE, Oct. 14.—The Union Pacific train, due here at 3:15 this morning, was held up a short distance east of Uintah, near the mouth of Weber canyon, and about eight miles from Ogden. It is supposed that two men did the work, but just how much booty they got, is not known yet. The engineer who was left in charge of the train, ran ahead to Uintah and telegraphed the bare facts.

Later particulars are to the effect that no passengers were molested, the robbers confining their operations to the mail and express cars. The robbers surprised the engineer by suddenly appearing from behind the tank and covering him with a gun. They ordered the fireman to cover his head with a common sack which they handed him. The engineer was ordered to stop the train and told to indicate the express which he did. While the attention of the robbers was distracted, the engineer ran away to Uintah, where Superintendent O'Neill was notified.

Meanwhile the baggage and express cars were uncoupled by the robbers and run ahead of the train a few hundred yards and the cars were broken open. The robbers failed to open the safe in the express car.

All the registered mail was thoroughly rifled. As a great proportion of such mail is correspondence between banks, exchanges and remittance and always a good proportion cash, the loss is supposed to be of no consequence.

It is believed the capture of the robbers is assured.

They stopped at the Alaska hotel, this city, over night, and when McClane awoke next morning his partner and his three years' earnings were gone.

[Following THE JOURNAL prints verbatim an autograph letter, with the heading as printed below, that has been sent to every Catholic clergyman in the United States whose address could be found. The original can be seen at THE JOURNAL office, and its purpose is plainly to favorably prejudice "the religious instructors of the people," for Mr. McKinley and Hobart ticket. It is so transparent that it has aroused only the contempt of the clergy to whom it was sent, and one of them has mailed THE JOURNAL the following original.]

## McKinley and Hobart.

### Business Men's National Campaign Committee.

Sept. 19, 1896.

"REVEREND AND DEAR SIR:—We are well aware that the dignity of your sacred office forbids the exercise of your influence in any political matter involving mere questions of executive or legislative policy.

"Nevertheless we are fully persuaded that the questions before the country in the pending presidential campaign are of an especially serious character, because they involve fundamental moral issues. A decision in the selection of a president, that will commit the executive to a policy that in its application will forcibly compromise private financial obligations and will repudiate a portion of national debts will be a violation of the basic Christian principle that commands honesty between man and man. Such a decision we believe would be thoroughly IMMORAL and would precipitate an ethical and material calamity of incalculable magnitude.

"Recalling with gratitude the patriotism and eminent public services of the late Most Reverend Archbishop Hughes and many others of THE ROMAN CATHOLIC CLERGY, when the integrity of our government was threatened on a former occasion, we take the liberty to suggest that the present is a period of equal danger. The government is not threatened by physical force, but insidious and false ideas that INSPIRE INCipient ANARCHY AND CONTEMPT FOR PROPER AUTHORITY are industriously propagated throughout our country.

"It is not our purpose to argue the foregoing suggestions. We merely desire to respectfully express the opinion that present political issues involve VITAL MORAL questions that powerfully appeal to the religious instructors of the people.

Our committee is not partisan, it includes neither office holders nor office seekers. We have no personal political interests to serve, being simply private citizens associated for patriotic purposes."

Very respectfully, ROBERT C. OGDEN, Chairman Publication Committee.

## OHIO FOR BRYAN.

### Bishop Wm. Dillon Writes That His Election is Sure.

Bishop Wm. Dillon of the United Brethren church writes THE JOURNAL from Dayton, Ohio, that McKinley will not carry Ohio. He says in a letter received today: "The situation and outlook here is even more hopeful than I have put it in this article. The turning of the Republicans to free silver is considerable, and don't be alarmed if Ohio is reported for Bryan on the morning of November 4th."
