COULD NOT BEAR HIS WEIGHT

The Strange Affliction of Little Wilbur Robinson.

He Stopped Growing—Limbs Became Useless and He was Unable to Walk—His Cure Brought About in a Singular Manner.

From the Observer, Charlotte, N. C.

Hearing that a child near Iron Station, Lincoln County, had been greatly benefited by the use of Dr. Williams' Pink Pills for Pale People, a representative of the *Observer* went thither to see and ascertain the extent of the benefit the child had received.

Riding out on December 5, 1895, to a little country cottage in the pine woods, a mile distant from Iron Station, the reporter saw a bright-faced, young woman, a pure anglo-saxon type with light hair and blue eyes, standing in the doorway with two plump, rosy-cheeked children half hiding behind her dress. Mentioning that he was looking for a family of Robinsons, the woman seemed at first a little suspicious.

"You're a stranger in my eye," she said.

"I am trying to find a child named Wilbur Robinson, who was greatly benefited by Dr. Williams' Pink Pills for Pale People."

The young mother smiled and a pleased look came into her eyes as she said "come in," and added, "I guess that's the one," pointing to the younger of the two little boys.

It was an humble home, the family being composed of that sturdy farming class that seem to make up one of the strongest and truest types of North Carolina's good people. The husband, Robert O. Robinson, runs the farm of 2.0 acres, but was off to the mill at the time.

The mother, Carrie L. Robinson, told a remarkable story of the cure of her little boy from the effects of la grippe. Her aged, white-haired mother, Mrs. Sarah A. Bandy, sat near and emphasized every word of the daughter. The little boy, Wilbur, who owed his recovery to Dr. Williams' effective remedy, played about the house and yard, and was into every conceivable kind of mischief. It really seemed that he must have taken too many of Dr. Williams' Pink Pills so great was the energy with which he prosecuted his pranks. Three times his mother had to stop her conversation and rush out to rescue the reporter's bicycle, which was leaning against the house outside, and with which Wilbur was becoming almost too familiar.

This is the story the mother told:

"Wilbur was born August 8, 1893. He was a stout, healthy boy till he was nearly five months old. Between Christmas and New Year's he took the grippe. A physician in Iron Station attended him, and he was supposed to have recovered. But the after effects of the malady lingered with disastrous results. In March, 1894, his parents noticed that he could not stand upon his feet, although before his taking the grippe he could do so easily. He could not bear the weight of his body on his feet; his legs were not growing any nor the muscle in them developing. He was not treated, however, till in the fall, about the last of October. When Mr. Robinson took his cotton to Lincolnton, the county seat, he also carried his baby along, and a Lincolnton physician prescribed for him, recommending a lotion for rubbing his limbs. This helped the child only temporarily. Twice afterward a physician was consulted. He told the parents that the child might some day be able to walk and again he might not. They could just have to let him "grow along," as the mother expressed it, and see what developed. At this period the child's legs appeared to be shrunken. As his mother says they were "as soft as cotton." Here was a boy fourteen months old, who not only could not walk, but could not bear his weight on his feet.

In some way—they do not know how—a pamphlet found its way to the Robinson family. Old Mrs. Bandy fished it out of a bureau drawer. It had the picture of two dogs peeping over a fence on one cover, and on the other a herd of cows drinking in a pool of stream near a bridge. Both on the fence and on the bridge, on the respective covers, was this line: "Dr. Williams' Pink Pills for Pale People."

"When I read that those pills would build up the bone, I felt that they were the things for Wilbur," said his mother.

"Old Mrs. Bandy sat up nearly all of one night reading this pamphlet, with all the testimonials it contained. A few days after they sent to one of the two village stores and got two boxes of the pills. This was about the last of November, 1894. Before he had finished taking the first box, the little fellow was able to bear his weight on his feet, and before the second box was all gone, he could hold a chair before him and push it across the floor.

"We began by giving him a third of a pill at a time, afterward increasing the dose to a half, so they held out a long time," said his mother. "We commenced the second box in January, this year. We had to send to Lincolnton, eight miles away, to get the next boxes. After taking the third box, in March, the child began to go a few steps at a time, but he didn't walk by himself till in September. The fourth box, or part of it, was administered in August."

The testimony of the mother was that the child's appetite and, indeed, his whole system was helped by the use of the pills.

Mrs. Bandy, who had been looking over a sort of diary she keeps, at this point in the conversation, read this entry: "Sept. the 26th. Wilbur begins to walk alone by himself."

"After he once learned to walk," said his mother, "we could hardly keep him in sight of the house, and he was cured by four boxes, lacking ten pills. Mother says, and always has said, the Lord directed somebody to send us that pamphlet of Dr. Williams."

"You really believe the child's cure is due to Dr. Williams' Pills?" was asked.

"I am really convinced the pills cured him," the mother answered. "I haven't the slightest doubt about it."

And the boy's grandmother chimed in: "I'm just as sure of it as I am of living. I'll take an oath on the Bible that that is what did it."

The neighbors in all the section around the little village of Iron Station know and talk about the remarkable cure of this baby, who might have been a cripple for life, had he not, even at the age of two years, one month and seventeen days, been enabled to walk for the first time by the use of Dr. Williams' Pink Pills for Pale People.

This story may seem to the reader like a fabrication, but is told as the child's mother told it to the reporter. In order to show their appreciation, Mrs. Robinson furnished the following testimonial and signed it. (She says she is willing at any time to make sworn affidavit to her statements):

IRON STATION, LINCOLN CO., N. C.,
December 5, 1895.

My infant son, Wilbur Lee, rendered unable to learn to walk, by the effects of the grippe, when he was about five months old, I hereby testify that he was entirely cured, and the muscles in his legs developed by the use of less than four boxes of Dr. Williams' Pink Pills for Pale People, so that he is now a hale and hearty child. I am entirely convinced that his cure is due to these pills. I also state that the above statements made to the reporter of the *Charlotte Observer* are true. C. L. ROBINSON.

SARAH A. BANDY,
R. O. ROBERTSON, } *Witnesses.*
H. A. BANKS,

Dr. Williams' Pink Pills for Pale People are now given to the public as an unfailing blood builder and nerve restorer, curing all forms of weakness arising from a watery condition of the blood or shattered nerves. The pills are sold by all dealers, or will be sent post paid on receipt of price 50 cents a box, or six boxes for $2.50 (they are never sold in bulk or by the 100) by addressing Dr. Williams' Med. Co., Schenectady, N. Y.

A Challenge.

Hon. W. S. U'Ren of Clackamas county has issued following challenge to Hon. Max Ramsby, chairman Republican county Central committee of Clackamas county, dated October 19:

THE CHALLENGE.

DEAR SIR:—I hereby challenge you to furnish a Republican speaker for a joint discussion of the political issues of the day with me, on Saturday, October 31st, 1896, at Canby, to begin at 11 o'clock a. m., and another joint discussion on the issues of the day at Oregon City on Monday evening, November 2nd, 1896. I should prefer Walter L. Tooze, at Canby, as he has expressed a desire to meet me, and failed to meet such an appointment with me last spring at Pleasant Hill, and sent no excuse. I should prefer A. S. Dresser, Esq., at Oregon City, as he challenged me last spring when my dates were full, and when I offered to meet him in this campaign refused because he said, "I am looking for bigger game," but I will gladly meet any representative man you send.

Yours truly,

W. S. U'Ren.

A MODEL PLATFORM.

Adopted by the Democrats in National Convention.

The following is the full and complete platform as adopted by the National Democratic convention:

We, the Democrats of the United States in national convention assembled, do reaffirm our allegiance to those great essential principles of justice and liberty upon which our institutions are founded, and which the Democratic party has advocated from Jefferson's time to our own—freedom of speech, freedom of the press, freedom of conscience, the preservation of personal rights, the equality of all citizens before the law, and the faithful observance of constitutional limitations.

During all these years the Democratic party has resisted the tendency of selfish interests to the centralization of governmental power, and steadfastly maintained the integrity of the dual scheme of government established by the founders of this republic of republics. Under its guidance and teachings the great principle of local self-government has found its best expression in the maintenance of the rights of the states and in its assertion of the necessity of confining the general government to the exercise of powers granted by the constitution of the United States.

RELIGIOUS FREEDOM.

The constitution of the United States guarantees to every citizen the rights of civil and religious liberty. The democratic party has always been the exponent of political liberty and religious freedom and it renews its obligations and reaffirms its devotion to these fundamental principles of the constitution.

FINANCE.

Recognizing that the money question is paramount to all others at this time, we invite attention to the fact that the constitution names silver and gold together as the money metals of the United States, and that the first coinage law passed by congress under the constitution made the silver dollar the money unit, and admitted gold to free coinage at a ratio based upon the silver dollar unit.

We declare that the act of 1873 demonetizing silver without the knowledge or approval of the American people has resulted in the appreciation of gold, and a corresponding fall in the price of commodities produced by the people; a heavy increase in the burden of taxation and of all debts, public and private; the enrichment of the money lending class at home and abroad, the prostration of industry, and impoverishment of the people.

We are unalterably opposed to monometallism, which has locked fast the prosperity of an industrial people in paralysis of hard times. Gold monometallism is a British policy, and its adoption has brought other nations into financial servitude to London. It is not only un-American, but anti-American, and it can be fastened on the United States only by the stifling of that spirit and love of liberty which proclaimed our political independence in 1776 and won in the war of the revolution.

FREE COINAGE.

We demand the free and unlimited coinage of both silver and gold at the present legal ratio of 16 to 1, without waiting for the aid or consent of any other nation. We demand that the standard silver dollar shall be a full legal tender, equally with gold, for all debts, public and private, and we favor such legislation as will prevent for the future the demonetization of any kind of legal tender money by private contract.

BONDS.

We are opposed to the policy and practice of surrendering to the holders of the obligations, of the United States, the option reserved by law to the government of redeeming such obligations in either silver coin or gold coin.

We are opposed to the issuing of interest-bearing bonds of the United States in time of peace, and condemn the trafficking with banking syndicates which, in exchange for bonds and at an enormous profit to themselves, supply the federal treasury with gold to maintain the policy of gold monometallism.

ISSUE OF MONEY.

Congress alone has the power to coin and issue money, and President Jackson declared that this power could not be delegated to corporations or individuals. We therefore denounce the issuance of notes intended to circulate as money by national banks as in derogation of the constitution, and we demand that all paper which is made a legal tender for public and private debts or which is receivable for duties to the United States shall be be issued by the government of the United States and shall be redeemable in coin.

TARIFF.

We hold that tariff duties should be levied for purpose of revenue, such duties to be so adjusted as to operate equally throughout the country and no discriminate between class or section, and that taxation should be limited by the needs of the government honestly and economically administrated.

We denounce as disturbing to business the Republican threat to restore the McKinley law, which has twice been condemned by the people in national elections, and which, enacted under the false plea of protection to home industry, proved a prolific breeder of trusts and monopolies, enriched the few by the expense of the many, restricted trade, and deprived the producers of the great American staples of access to their natural markets.

INCOME TAX.

Until the money question is settled we are opposed to any agitation for further changes in our tariff laws, except such as are necessary to meet the deficit in revenue caused by the adverse decision of the supreme court on the income tax. But for this decision by the supreme court there would be no deficit in the revenue under the law passed by a Democratic congress in strict pursuance of the uniform decisions of that court for 100 years, that court having in that decision sustained constitutional objections to its enactment which had preciously been overruled by the ablest judges who have ever sat on the bench. We declare that it is the duty of congress to use all the constitutional power which remains after that decision, or which may come from its reversal by the court as it may hereafter be constituted, so that the burdens of taxation may be equally and impartially laid, to the end that wealth may bear its due proportion of the expense of the government.

LABOR.

We hold that the most efficient way of protecting American labor is to prevent the importation of foreign pauper labor to comp te with it in the home market, and that the value of the home market to our American farmers and artisans is greatly reduced by a vicious monetary system which depresses the prices of their products below the cost of production, and thus deprives them of the means of purchasing the products of our home manufactories, and, as labor creates the wealth of the country, we demand the passage of such laws as may be necessary to protect it in all its rights.

We are in favor of the arbitration of differences between employers engaged in interstare commerce and their employes, and recommend such legislation as is necessary to carry out this principle.

The absorption of wealth by the few, the consolidation of our leading railroad systems, and the formation of trust and pools require a sticter control by the federal government of those arteries of commerce. We demand the enlargement of the powers of the interstate commerce commission and such and such restrictions and and guarantees in in the contro' of railroads as will protect the people from robbery and oppression,

TAXATION.

We denounce the profligate waste of the money wrung from the people by oppressive taxation and the lavish appropriations of recent Republican congresses, which have kept taxes high while the labor that pays them is unemployed, and the products of the people's toil are depressed in price till they no longer repay the cost of production.

We demand a return to that simplicity and economy which benefits a Democratic government and a reduction in the number of useless offices, the salaries of which drain the substance of the people.

FEDERAL INTERFERENCE.

We denounce arbitrary interferences by federal authorities in local affairs as a violation of the constitution of the United States and a crime against free institutions. and we especially object to government by injunction as a new and highly dangerous form of oppression, by which federal judges in contempt of the laws of the states and rights of citizens, become at once legislators, judges, and executioners, and we approve the bill passed at the last session of the United States senate, and now pending in the house of representatives, relative to contempts in federal courts and providing for trials by jury in certain cases of contempt.

ANTI-FUNDING.

No discrimination should be indulged by the government of the United States in favor of any of its debtors. We approve of the refusal of the Pacific railroad funding bill, and denounce the efforts of the present Republican congress to enact a similar measure.

PENSIONS.

Recognizing the just claims of deserving union soldiers we heartily endorse the rule of the present commissioner of pensions that no names shall be arbitrarily dropped from the pension roll; and the fact of enlistment and service shonld be deemed conclusive evidence against disease and disability before enlistment.

TERRITORIES.

We favor the admission of the territories of New Mexico, Arizona and Oklahoma into the United States, and we favor the early admission of all the territories having the necessary population and resources to entitle them to statehood, and while they remain territories, we hold that the officials appointed to administer the government of any territory together with the District of Columbia and Alaska, should be bona fide residents of the territory or district in which the duties are to be performed. The Democratic party believes in home rule and that all public lands of the United States should be appropriated to the establishment of free homes for American citizens. We recommend that the territory of Alaska be granted a delegate in congress, and that the general land and timber laws of the United States be extended to said territory.

MONROE DOCTRINE.

The Monroe doctrine is originally declared, and as interpreted by succeeding presidents, is a permanent part of the foreign policy of the United States, and must at all times be maintained.

CUBA.

We extend our sympathy to the people of Cuba in their heroic struggle for liberty and independence.

THIRD TERM.

We are opposed to life tenure in the public service. We favor appointments based upon merit, fixed term of office, and sach an administration of the civil service laws as will afford equal opportunities to all citizens of ascertained fitness. We declare it to be the unwritten law of this republic, established by custom and usage of one hundred years and sanctioned by the examples of the greatest and wisest of those who founded and have maintained our government, that no man should be eligible for a third term in the presidential office.

WATERWAYS.

The federal government should care for and improve the Mississippi river and other great waterways of the republic, so as to secure for the interior states easy and cheap transportation to tidewater. When any waterway of the republic is of sufficient importance to demand aid of the government such aid should be extended upon a definite plan of continuous work until permanent improvement is secured.

Confiding in the justice of our cause and the necessity of its success at the polls, we submit the foregoing declarations of principles and purposes to the considerable judgment of the American people. We invite the support of all citizens who approve them and who desire to have them made effective through legislation for the relief of the people and the restoration of the country's prosperity.

Consumption kills more people than rifle balls. It is more deadly than any of the much dreaded epidemics. Fully one-sixth of all the deaths in America are caused by consumption. It is a stealthy, gradual, slow disease. It penetrates the whole body. It is in every drop of blood. It seems to work only at the lungs, but the terrible drain and waste go on all over the body. The only way to get rid of consumption is to work on the blood, make it pure, rich and wholesome, build up the wasting tissues, put the body into condition for a fight with the dread disease. The cure of consumption is a fight—a fight between sound tissues and the encroaching germs of disease.

Dr. Pierce's Golden Medical Discovery fights on the right side. It drives the germs back, forces them out of the body. It will cure 98 per cent. of all cases of consumption if it is taken during the early stages of the disease. Its first action is to put the stomach, bowels, liver and kidneys into good working order. That makes digestion good and assimilation quick and thorough. It makes sound healthy flesh. That is half the battle.

When Dr. Pierce, of Buffalo, N. Y., published the first edition of his work, The People's Common Sense Medical Adviser, he announced that after 680,000 copies had been sold at the regular price, $1.50 per copy, the profit on which would repay him for the great labor expended in producing it, he would distribute the next half million *free*. As this number of copies has already been sold, he is now distributing, *absolutely free*, 500,000 copies of this great work, but twenty-one cents in one-cent stamps to pay for postage and packing only being required. It is a veritable medical library, complete in one volume. It contains over 1000 pages and more than 300 illustrations. The *Free Edition* is precisely same as those sold at $1.50 except only that the books are bound in strong paper covers instead of cloth. Send stamps now before all are given away. They are going off rapidly.
