BRYAN IS IN CHICAGO.

He Addresses Five Thousand People.

DELEGATION VISITS M'KINLEY.

Other Political News of General Interest.

Bryan in Chicago.
CHICAGO, Oct. 28.—Bryan began today's program of nearly a dozen additional Chicago speeches with a speech to the women's meeting at St. Stanislaus hall, on Noble street. There were five thousand persons present, the greater portion being ladies. The big noonday meeting of business men at Battery D, Armory, claimed Bryan's attention as soon as he could be hustled through several miles of streets from St. Stanislaus. The hall was crowded to its utmost limit. General C. H. Howard, a Republican, called the meeting to order. Bryan received an ovation lasting more than five minutes.

Bring Greetings.
CANTON, Oct. 28.—Nine carloads of Buffalo people reached Canton at 11:20 this morning. Seventy-five women from Wellsville, O., arrived this morning, with greetings for McKinley. From the village of Minerva and vicinity this county, there came this afternoon ten carloads of people, full of enthusiasm for McKinley and the Republican cause.

Called Into Requisition.
NEW YORK, Oct. 28.—Major McKinley sent a personal telegram to Chauncey M. Depew asking him to take part in the last meeting of the Ohio campaign, in Cincinnati, on Saturday night. Mr. Depew had declined to go west again for the national committee, but said he could not refuse the major's call, and will start on Friday.

Will Stay at His Post.
WASHINGTON, Oct. 28.—General Fitzhugh Lee, consul-general at Havana, has given up his proposed visit to his home in Virginia. The determination to remain at his post is understood to be due to reports current in the United States that he was dissatisfied with his instructions and desired to be relieved.

Chicago Wheat.
CHICAGO, Oct. 28.—Wheat showed some indications of strength this morning. The opening prices for December being half a cent in advance. The influential factor, as usual, was the Liverpool cables. Reports from that market conflicted somewhat, but generally showed a slight advance, on the other hand the northwest receipts were again very heavy. Trading was limited, traders showing an inclination to carry but few lines over election. December opened at 69½, and after selling momentarily for 69½, it declined to 69. Then a re-action took place, carrying the price up to 69½.

London Market.
LONDON, Oct. 28.—The wheat at Baltic opened dull at 3d to 6d decline. Mark Lane opening was also dull at 9d to 1s lower than yesterday. The price of bread has gone up half penny a loaf, and an increase is being actually felt in poorer districts.

RUBBER BOOTS.—And shoes, and oil, and duck and rubber coats at the New York Racket. Also mens mackintoshes, and ladies' and Misses' gossamers at the New York Racket. All at low prices. eod-2d-1w.

Protection for Seals.

WASHINGTON, Oct. 28.—It is stated by officials that the United States will have the co-operation and support of both Russia and Japan in the approaching issue over establishing adequate protection for the fur seals of the North Pacific ocean. The question is about to be brought forward as two commissions, one American and one British, have returned, after an investigation of the conditions in Behring sea. Aside from the information they have received. Assistant Secretary of the Treasury Hamlin has recently made a report after personal inspection of the seal islands, stating that if modifications of the Paris award negotiations were not agreed to the fur seal will in one or two seasons be commercially extinct.

The Japanese government stands ready to join the United States in any plan of seal protection, and is desirous also of including sea otters, which are also being exterminated. The co-operation of Japan is said to be of much importance to the United States as the seal poachers and pirates have fitted out mainly at Japanese ports. A large trade with them has been built up at Yokohama and Nagasaki. Notwithstanding this, Japan feels it to her interest to suppress the pirating. Many of the Canadian poachers go to Japanese ports, and either ship under the Japanese flag, or take out sealing permits from the British consuls there. The Japanese government wants the prohibition made far-reaching so that no doubt will exist as to the permanent preservation of the seals and otters.

The Russian government, it can be said authoritatively, will welcome an extension of the protection to the seals. It is pointed out that while Russia owned Alaska and the seal islands now attached to the United States there was complete protection to the seals, and the destruction began under American management. The policy of Russia continues to be to protect the seals on the Russian islands of the North Pacific, and there will be full co-operation with the United States toward any concerted action to that end.

Indian Troubles.

DENVER, Oct. 28.—Governor McIntyre and State Game Warden Gordon Lead were notified today that 600 Indians from Utah have invaded the White river country and the settlers are becoming restless, and unless the Indians are rounded up, there is likely to be trouble. Reports have been received at Meeker of a conflict between a roving band of Utes and some ranchmen having taken place in the Gray Hills country. No one was killed, but shots were exchanged. The Utes, it seemed, killed a steer belonging to a rancher, and the rancher gathered his neighbors together and ordered the Indians away. In a letter from ex-Mayor Crawford, of Steamboat Springs, received at the state house this morning, it is stated that Indians are slaughtering all kinds of game and that white pot-hunters are also engaged in slaughtering deer for their hides.

Game Warden Land states that he has not a cent of money to hire game wardens to look after violators, and he has called on Governor McIntyre to issue state certificates of indebtedness. The governor has about decided to do this, as he is convinced that an emergency exists. This is but a repetition of the disturbances of a year ago, when it became necessary to call out the regular troops from Fort Duncison to round up the marauders. Governor McIntyre has ordered 200 members of the Denver city troop, C. N. G., to prepare to start in a few days for that section to arrest violators of the game laws.

The Venezuelan Commission.

WASHINGTON, Oct. 28.—The Venezuelan commission resumed its session today and will probably meet frequently from now until it completes its work.

ONE HUNDRED DOLLARS REWARD

For Proof that the Marion County Ballot is Correct.

The Statesman's offer of \$50 for proof that its Bryan platform is not correct is easily made. The proof that it is a fraud is just as easy to get. But the \$50 could never be got. THE JOURNAL prints the Chicago platform, but the Statesman prints a fraud platform, and it knows it. Anyone can compare the two and judge for himself. We have made the charge for six weeks, but that sheet has never dared deny it until just now, the last few days before election, when it is too late to counteract its effect. But the people know that it has lived and deceived all this time, and their death bed bluff will not go down. We are waiting for that \$50. About the official ballot, THE JOURNAL's charge is correct. The Statesman transposed the group of electors, placing the Palmer electors ahead the Bryan electors, instead of last. Furthermore, it added the names of two Prohibition candidates that were not certified to by the secretary of state. Furthermore it changed the numbers before the names of all the electors except the McKinley electors. This is a flagrant fraud that cannot be denied, and anyone who will compare that ticket with the official one posted in the state house, will see that it is a fraud, and THE JOURNAL will give \$100 to anyone who will prove that the Statesman's ballot is the official ballot.

At Jefferson.—Hon. C. W. Fulton spoke at Jefferson last evening, to a good crowd, and about a hundred Samlites went up on a special Southern Pacific train to pay honor to their political friend. The morning paper tries to make out that a small riot occurred, and that Capt. Harvey Jordan quelled it. That riot was probably on par with the one reported by the Statesman at Portland Monday, which even the Oregonian never heard. It is to be regretted, but there are hoodlums in every community, who make fools of themselves, and they are confined to no one party.

Dropped Dead.

A telephone message from Harrisburg was received here this afternoon stating that J. E. Cartwright, editor of the Harrisburg Review, dropped dead in that city at 2:30 o'clock this afternoon. No further particulars were given.

Mrs. Cartwright was supposed to have been visiting in this city. She came here last Friday, but as near as can be learned she is now at Dexter. A messenger was dispatched from this city to that place this afternoon to notify her of her husband's death.—Eugene Guard, October 27.

Famine Outlook in India.

SIMLA, Oct. 28.—The famine outlook in India is increasing in gloominess. It is not probable now that rain will fall and prospects are serious in the northwest and central provinces in Punjab.

A SALEM BANKER'S THREAT.

All the Gold to Be Cornered and Coercion Practiced.

Banker Albert, of Salem, has an article in last Saturday's Oregonian in which he makes some threats that are worthy of a Napoleon or a Herr Moe. He says:
"Our stocks of gold have increased \$42,000,000 since August 1, and now aggregate over \$640,000,000, about one-half of which is held by the banks, say \$320,000,000, \$125,000,000 by the government in the reserve fund, leaving the remainder, say \$195,000,000 in private hands. The bank, however, can add to their holdings of gold the proceeds of the legal-tender notes held by them, say \$250,000,000 by presenting them for redemption, which they doubtless would do before a hostile administration could come into power, indeed, the election of Mr. Bryan should cause all of the legal-tender issues to be presented for redemption, about \$435,000,000, necessitating the sale of over \$300,000,000 bonds with which to replenish the reserve and preserve the parity. If these bonds should be marketed abroad, it would add so much to our stock of gold, bringing the aggregate up to \$940,000,000. All legal tender notes would then be in the treasury the national bank notes outstanding say \$200,000,000 would be redeemable in gold, and circulate with it, giving us practically a gold circulation of say, \$1,140,000,000.
In the meantime, all customs and other revenues, aggregating say \$150,000,000, to March 1, 1897, would be paid in silver certificates, leaving of silver certificates and standard dollars in circulation less than \$300,000,000, with which to transact the business of the country upon a silver basis. The silver dollars in which these certificates are payable, Secretary Carlisle says, the government is pledged by the acts of July 14, 1890, and November 1, 1893, to redeem in gold if at any time such redemption becomes necessary to maintain the parity."
This statement of the situation is followed by a threat that if carried out would tie all business and commerce hand and feet. Read it:
"The banks and other business interests of the country are masters of the situation and will not capitulate to Mr. Bryan, should he be elected president, but before his inauguration would fortify themselves as we have already done in Oregon by making all contracts specifically payable only in United States gold coin."
"J. A. ALBERT."
Yet the extremists on the gold standard side call Mr. Bryan an anarchist and a defiant enemy of the people's selah.

AT MARION'S CAPITAL.

Robert Wolz, aged about 55 years, was yesterday received at the Salem Hospital, on an order from Judge G. P. Terrell.
Deputy County Recorder, Wm. Bushey was in Mehama yesterday, where Hon. Tilton Ford of this city, delivered an address.
A marriage license has been issued to Homer Gonley and Fannie Northwood.
Marriage licenses were today issued Peter J. Owe and Nora Sweaney, and James A. Colgan and Mary Combs.
Gas jets were today placed in County Clerk L. V. Ehlen's office. They will be given trial and should they prove satisfactory, they will probably be retained for some time. The court house has heretofore for several years used the electric light but will give each a fair trial and choose the better.
County Sheriff F. T. Wrightman was in Woodburn today on official business.

HOME INDUSTRY.

It is to be hoped that after the election excitement is over Salem will be ready to give ear to the tax mill proposition, or any other practical scheme that will make more work or business for the community.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

ABSOLUTELY PURE

MULTNOMAH NEWS.

How Sound Money Wants to Carry That County.

TO COERCE THE LABOR VOTE.

Estimates on Oregon and Why Bryan Will Win.

PORTLAND, Oct. 27.—I spent Monday in Portland at the Bryan and McKinley headquarters. The latter are very quiet but confident of victory. But it is a kind of sickly confidence. HOW THEY FIGURE IT.
"If the election had taken place the middle of August or the first of September Bryan would have carried Multnomah by five or six thousand and would have carried Oregon, and been elected president. But now all has changed. We are going to carry Oregon and elect McKinley." The speaker was Judge J. C. Moreland, a Portland corporation attorney. I asked him what great change had come over the people since that time? What had Bryan done to get people to lose faith in him?
"Every speech he has made" said Judge Moreland, "has made votes for McKinley. I came across the river on the early car; a majority of the laboring men had on McKinley buttons. A street orator at Portland the other day asked a show of hands; only two went up for McKinley and about forty went up for Bryan. Don't that show who the laboring men are for in this election? Just then a newsboy yelled up, 'de laboring men are off at work an' dere goin' to vote fur McKinley.'"
The Judge relished his story very much, and from his standpoint it revealed the true line of battle on the McKinley side. Every employer in Portland who can be influenced for McKinley is asked to "influence" his employes, and next Saturday they are to be lined up in a monster procession for McKinley and "sound money." The Southern Pacific shops are to be emptied and a thousand or fifteen hundred railroad employes are to be lined up in working clothes under the gold standard.

THE LINE OF BATTLE

is to coerce the employed to vote down the unemployed. As many of the latter will be floated and colonized as possible, and as many more will be hired not to vote as can be possible. The number will be small but whatever money can do in this line will be done. A vote coerced or a vote kept away from the polls will count two for McKinley, and with these votes Portland will wipe out country majorities.

THE BRYAN FORCES

will hold two grand closing rallies this week, one Wednesday night at the Exposition building at which Silver Republicans will speak and preside and the stage will be seated with prominent Silver Republicans of this city and county. On Saturday night there will be another monster Bryan rally as a closing demonstration at which Hon. H. L. Barkley of Woodburn, will receive an ovation.

YOUNG AND BOURNE

have made a hard fight with the means at hand and are confident of victory. Mr. Bourne has given especial attention to the details of the organization in Portland. He

[Continued on third page.]
