Sample Ballot.

Following is the official ballot for Marion county, Oregon, November 3, 1896:

VOTE FOR FOUR.

Mark between the number and name of each candidate voted for.

For president of the United States..............W. J. Bryan, of Nebraska.
For vice-president of the United States........T. E. Watson, of Georgia.

FOR PRESIDENTIAL ELECTORS.

20	X	N. L. Butler, of Monmouth, Polk county........	Silver Rep. Democrat. Peoples.

In the Marion county ticket the Bryan electors will be the third group of names on the ticket, and should be marked as above.

THE OLD SILVER DOLLAR.

How dear to my heart are the coins of
my child hood,
When fond recollection presents
them to view;
The half and the quarter, and even
the dime would
Bring us more pleasure than older
folks knew:
But the big silver dollar, the American dollar,
With its proud bird of freedom we
all loved so well,
The Goddess of Liberty smiling upon
it—
This was a joy that words never can
tell.
The old silver dollar, the American
dollar,
George Washington's dollar, we all
loved so well.
That old silver dollar I hail as a
treasure,
For often at noon, when returned
from the field,
I found it the source of an exquisine
pleasure,
The purest and sweetest that nature
can yield;
How ardent I seized it, with hands
that were glowing,
For debts must be paid and each
dollar would tell;
Then soon with the emblems of joy
overflowing,
I paid off the mortgage that dried
up the well.
The old silver dollar, the American
dollar,
Great Jefferson's dollar, our fathers
loved well.
How gladly the hard hand of labor received it.
To rattle and jingle and make our
hearts swell;
No music so sweet as the sound of
that dollar,
The old silver dollar that served us
so well.
Then here's to the dollar, God bless
the old dollar,
In every trouble the poor man's best
friend;
If we stand by it now we shall soon
cease to borrow,
And Europe will find we have
money to lend.
The bright silver dollar, our own
good old dollar,
The American dollar we all love so
well.

A Railroad Official's Experience.

MR. EDWARD EDMONDS, long connected with railroad construction in Nebraska, writes: "My heart troubled and pained me for 19 years. Shortness of breath was the constant and most common symptom. Intense, excruciating pain, generally followed any severe exertion. Faintness, hunger without any appetite; fluttering that made me clutch my breast, and palpitation that often staggered me as if I would fall, were frequent attacks. Again, everything would turn black if I arose from a stooping posture quickly. Sleepless nights with their prostrating unrest were numerous and I could get no rest day or night. I consulted leading physicians and tried advertised remedies. They gave me no relief. One of Dr. Miles' circulars described my case so exactly that I took Dr. Miles' New Heart Cure and I am now a well man. I hope every one troubled with heart disease will try Dr. Miles' remedies. If they will write me personally, I will gladly give them full details of my experience." EDW. EDMONDS.

BULLETS FOR LABOR.

Remarkable Letter Received by a Prominent Lawyer of Pueblo, Colorado.

CHICAGO, Oct. 21.—An afternoon paper here publishes in full a letter received a week ago by Judge George F. Patrick at Pueblo, Col., a staunch silver man, signed by "Samuel C. Pressly, 9 Milk street, Boston, Mass.," offering him "a consideration" to help the cause of gold in Colorado and promising, among other things, that strikes shall, if McKinley is elected, be put an end to by force." One paragraph of the letter says:

In the event of Mr. McKinley's election, a bill will at once be introduced in Congress to increase the standing army to at least 250,000 men, which will be done in the event of the success of the gold forces; the criminal classes, the discontented classes and labor classes, with their unions and strikers, will succumb to the rule of force, and no longer play any part in American politics. Imagine a revolt with a good trained force of regular soldiers in every one of our money centers with ready rifle and gatling-gun to hold in check any demonstration to the contrary. If we only succeed, capital will once more be safe in its investments, and able to procure labor in the open market at the lowest price possible.

The offer for Judge Patrick's assistance was couched in the following terms:

Will you, for a consideration commensurate with your worth, join us and in your state do your share to quietly aid the honest gold party and aid in the election of McKinley? If you will, and also assist in placing the funds necessary for your state, you will, in the event of our success, receive recognition. Favor me with an early reply, if possible, in the affirmative.

Judge Patrick is vouched for by the Mayor of Pueblo and others as a prominent and worthy citizen and one of the leading lawyers in Southern Colorado. He was highly indignant at the insult offered him and sent a reply in which he says:

You and your methods and the ultimate resuls to be obtained as suggested by you would cause a Benedict Arnold to appear a saint when compared with you and your ilk as traitors, I am proud to say that from the Revolutionary War to the present time there has never been a traitor in my family, and I shall not be the first to mar that line of honorable men.

A MODEL PLATFORM.

Adopted by the Democrats In National Convention.

The following is the full and complete platform as adopted by the National Democratic convention:

We, the Democrats of the United States in national convention assembled, do reaffirm our allegiance to those great essential principles of justice and liberty upon which our institutions are founded, and which the Democratic party has advocated from Jefferson's time to our own—freedom of speech, freedom of the press, freedom of conscience, the preservation of personal rights, the equality of all citizens before the law, and the faithful observance of constitutional limitations.

During all these years the Democratic party has resisted the tendency of selfish interests to the centralization of governmental power, and steadfastly maintained the integrity of the dual scheme of government established by the founders of this republic of republics. Under its guidance and teachings the great principle of local self-government has found its best expression in the maintenance of the rights of the states and in its assertion of the necessity of confining the general government to the exercise of powers granted by the constitution of the United States.

RELIGIOUS FREEDOM.

The constitution of the United States guarantees to every citizen the rights of civil and religious liberty. The democratic party has always been the exponent of political liberty and religious freedom and it renews its obligations and reafirms its devotion to these fundamental principles of the constitution.

FINANCE.

Recognizing that the money question is paramount to all others at this time, we invite attention to the fact that the constitution names silver and gold together as the money metals of the United States, and that the first coinage law passed by congress under the constitution made the silver dollar the money unit, and admitted gold to free coinage at a ratio based upon the silver dollar unit.

We declare that the act of 1873 demonetizing silver without the knowledge or approval of the American people has resulted in the appreciation of gold, and a corresponding fall in the price of commodities produced by the peeple; a heavy increase in the burden of taxation and of all debts, public and private; the enrichment of the money lending class at home and abroad, the prostration of indnstry, and impoverishment of the people.

We are unalterably opposed to monometallism, which has locked fast the prosperity of an industrial people in paralysis of hard times. Gold monometallism is a British policy, and its adoption has brought other nations into financial servitude to London. It is not only un-American, but anti-American, and it can be fastened on the United States only by the stifling of that spirit and love of liberty which proclaimed our political independence in 1776 and won in the war of the revolution.

FREE COINAGE.

We demand the free and unlimited coinage of both silver and gold at the present legal ratio of 16 to 1, without waiting for the aid or consent of any other nation. We demand that the standard silver dollar shall be a full legal tender, equally with gold, for all debts, public and private, and we favor such legislation as will prevent for the future the demonetization of any kind of legal tender money by private contract.

BONDS.

We are opposed to the policy and practice of surrendering to the holders of the obligations, of the United States, the option reserved by law to the government of redeeming such obligations in either silver coin or gold coin.

We are opposed to the issuing of interest-bearing bonds of the United States in time of peace, and condemn the trafficking with banking syndicates which, in exchange for bonds and at an enormous profit to themselves, supply the federal treasury with gold to maintain the policy of gold monometallism.

ISSUE OF MONEY.

Congress alone has the power to coin and issue money, and President Jackson declared that this power could not be delegated to corporations or individuals. We therefore denounce the issuance of notes intended to circulate as money by national banks as in derogation of the constitution, and we demand that all paper which is made a legal tender for public and private debts or which is receivable for duties to the United States shall be issued by the government of the United States and shall be redeemable in coin.

TARIFF.

We hold that tariff duties should be levied for purpose of revenue, such duties to be so adjusted as to operate equally throughout the country and no discriminate between class or section, and that taxation should be limited by the needs of the government honestly and economically administrated.

We denounce as disturbing to business the Republican threat to restore the McKinley law, which has twice been condemned by the people in national elections, and which, enacted under the false plea of protection to home industry, proved a prolific breeder of trusts and monopolies, enriched the few by the expense of the many, restricted trade, and deprived the producers of the great American staples of access to their natural markets.

INCOME TAX.

Until the money question is settled we are opposed to any agitation for further changes in our tariff laws, except such as are necessary to meet the deficit in revenue caused by the adverse decision of the supreme court on the income tax. But for this decision by the supreme court there would be no deficit in the revenue under the law passed by a Democratic congress in strict pursuance of the uniform decisions of that court for 100 years, that court having in that decision sustained constitutional objections to its enactment which had preciously been overruled by the ablest judges who have ever sat on the bench. We declare that it is the duty of congress to useall the constitutional power which remains after that decision, or which may come from its reversal by the court as it may hereafter be constituted, so that the burdens of taxation may be equally and impartially laid, to the end that wealth may bear its due proportion of the expense of the government.

LABOR.

We hold that the most efficient way of protecting American labor is to prevent the importation of foreign pauper labor to compete with it in the home market, and that the value of the home market to our American farmers and artisans is greatly reduced by a vicious monetary system which depresses the prices of their products below the cost of production, and thus deprives them of the means of purchasing the products of our home manufactories, and, as labor creates the wealth of the country, we demand the passage of such laws as may be necessary to protect it in all its rights.

We are in favor of the arbitration of differences between employers engaged in interstare commerce and their employes, and recommend such legislation as is necessary to carry out this principle.

The absorption of wealth by the few, the consolidation of our leading railroad systems, and the formation of trust and pools require a sticter control by the federal government of those arteries of commerce. We demand the enlargement of the powers of the interstate commerce commission and such and such restrictions and guarantees in in the control of railroads as will protect the people from robbery and oppression,

TAXATION.

We denounce the profligate waste of the money wrung from the people by oppressive taxation and the lavish appropriations of recent Republican congresses, which have kept taxes high while the labor that pays them is unemployed, and the products of the people's toil are depressed in price till they no longer repay the cost of production.

We demand a return to that simplicity and economy which benefits a Democratic government and a reduction in the number of useless offices, the salaries of which drain the substance of the people.

FEDERAL INTERFERENCE.

We denounce arbitrary interferences by federal authorities in local affairs as a violation of the constitution of the United States and a crime against free institutions, and we especially object to government by injunction as a new and highly dangerous form of oppression, by which federal judges in contempt of the laws of the states and rights of citizens, become at once legislators, judges, and executioners, and we approve the bill passed at the last session of the United States senate, and now pending in the house of representatives, relative to contempts in federal courts and providing for trials by jury in certain cases of contempt.

ANTI-FUNDING.

No discrimination should be indulged by the government of the United States in favor of any of its debtors. We approve of the refusal of the Pacific railroad funding bill, and denounce the efforts of the present Republican congress to enact a similar measure.

PENSIONS.

Recognizing the just claims of deserving union soldiers we heartily endorse the rule of the present commissioner of pensions that no names shall be arbitrarily dropped from the pension roll; and the fact of enlistment and service should be deemed conclusive evidence against disease and disability before enlistment.

TERRITORIES.

We favor the admission of the territories of New Mexico, Arizona and Oklahoma into the United States, and we favor the early admission of all the territories haying the necessary population and resources to entitle them to statehood, and while they remain territories, we hold that the officials appointed to administer the government of any territory together with the District of Columbia and Alaska, should be bona fide residents of the territory or district in which the duties are to be performed. The Democratic party believes in home rule and that all public lands of the United States should be appropriated to the establishment of free homes for American citizens. We recommend that the territory of Alaska be granted a delegate in congress, and that the general land and timber laws of the United States be extended to said territory.

MONROE DOCTRINE.

The Monroe doctrine is originally declared, and as interpreted by suceeding presidents, is a permanent part of the foreign policy of the United States, and must at all times be maintained.

CUBA.

We extend our sympathy to the people of Cuba in their heroic struggle for liberty and independence.

THIRD TERM.

We are opposed to life tenure in the public service. We favor appointments based upon merit, fixed term of office, and such an administration of the civil service laws as will afford equal opportunities to all citizens of ascertained fitness. We declare it to be the unwritten law of this republic, established by custom and usage of one hundred years and sanctioned by the examples of the greatest and wisest of those who founded and have maintained our government, that no man should be eligible for a third term in the presidential office.

WATERWAYS.

The federal government should care for and improve the Mississippi river and other great waterways of the republic, so as to secure for the interior states easy and cheap transportation to tidewater. When any waterway of the republic is of sufficient importance to demand aid of the government such aid should be extended upon a definite plan of continuous work until permanent improvement is secured.

Confiding in the justice of our cause and the necessity of its success at the polls, we submit the foregoing declarations of principles and purposes to the considerable judgment of the American people. We invite the support of all citizens who approve them and who desire to have them made effective through legislation for the relief of the people and the restoration of the country's prosperity.

Motherhood is the acme of womanhood. It rounds out a woman's life and completes her most important mission in the world. The bearing and rearing of healthy, happy children is the chief achievement of any woman's life.

Health is an inheritance due to every child and within the reach of every parent to bestow. It is something that costs no money and is more precious than a mountain of diamonds.

The child's health depends almost wholly on the mother's, not only before its birth but afterwards. A sick mother can't properly care for her child's health. A sick mother sometimes bears a healthy child, but it isn't to be expected. Maybe the baby will possess the appearance of health, but will lack stamina. Maybe innate weakness will develop in after years.

Every woman should be particularly careful of her health during the period of gestation—when the child is really a part of herself.

During all this time, she should keep her body strong and pure and she should take proper precautions against her time of labor. For this purpose Dr. Pierce's Favorite Prescription is prescribed. It has been used in thousands of cases, with the most gratifying results. It is a tonic to the whole body, but particularly to the organs distinctly feminine. It cures all female troubles and promotes regularity.

A large book (1000 pages profusely illustrated), written by Dr. Pierce, entitled "The People's Common Sense Medical Adviser" will be sent to those who will send twenty-one cents, in stamps, to pay postage and wrapping *only*.
